Gospel Of The Redman:

The Gospel of the Redman ,2006 Considered one of the best books on Native Americans ever written The author and compiler reveals how Indians once lived and what they believed in relation to spiritual principles As we move further away from the time when Native Americans were living completely free and unencumbered in what was to become the United States before the arrival of the white man it becomes increasingly difficult to preserve or remember the way of life that they had Seton preserves all of the most important information in this book gathered from the best sources at a time when it could still be accurately found Like other Bibles it includes creation stories and mythology as well as the trials and tribulations of the people Chapters include The Soul of the Red Man covering spiritual beliefs The Ancient Way is about family life laws and medicine men The Wisdom of the Old Men covers the ancient teachings and myths and Prophets of the Red Race shares stories on 13 different prophets including Hiawatha Tecumseh Crazy Horse Sitting Bull Wabasha Geronimo and Wovoka The Epilogue originally written shortly after the Great Depression repeatedly emphasizes the failures of the white race due to money madness and how important it is to bring back an awareness that is not based so heavily on materialism *Revival:*

The Gospel of the Redman (1937) Ernest Thompson Seton,Julia Moss Seton,2018-03-29 There is no Native American Bible just as there was no Pentateuch written by Moses no Tripitika by Buddha no Dialogues by Socrates no Gospels written by Christ The Native American teachings in the fields of art handicraft woodcraft agriculture social life health and joy need no argument beyond presentation they speak for themselves This book originally published in 1937 offers these teachings under the author s belief that the example and precept are what the world needs above any other ethical teaching and in particular the spiritual message which is more important but supposedly less understood **The Gospel of the Redman** Ernest Thompson Seton,2005-02-02 This commemorative edition contains for the first time Seton s drawings of American Indian motifs a selection of photographs illustrating his life information about his role as founder of the Boys Scouts of America

An Indian Bible. Compiled by E. T. Seton, Assisted by Julia M. Seton** Ernest Thompson Seton, Julia Moss SETON, 1937 *The Struggle for the Land* Paul A. Olson, 1990-01-01 At an 1887 council when his people were told to learn farming in the semidesert region east of the Wind River Mountains the Shosone chief Washakie exploded with God damn a potato His instincts were all against the cultivation of semiarid land The relationship between the buffalo hunter and the potato eater between indigenous peoples and industrial empire is the basic theme of the studies in *The Struggle for the Land* As the editor Paul A Olson points out in his introduction the theme is as old as the biblical battle between the descendents of Nimrod the city dweller and of Abraham the pastoralist But the environmental cost of developing the world s semiarid regions is a new and urgent concern Soil erosion the loss of lands to dams the pollution of once productive regions through mining and the destruction of native food plants have everywhere decreased the quality of life for indigenous peoples who have been forced to adopt the Western agricultural practices property concepts and economic institutions that created the environmental crisis The eleven chapters in this collection look at the industrial and indigenous relationships in the lands of the North American Plains Indians the Australian Aborigines the Kazakhs in the USSR the Maasai in Kenya and several groups in southern Africa and Alaskan and Lapp Saami native peoples Representing a broad range of disciplines including anthropology history ecology and agricultural science the contributors are John W Bennett Anatoly Khazanov Russel L Barsh Gary C Anders Robson Silitshena Peter Iverson Patrick

Bird, 2014-08-22 Balanced comprehensive survey of the critical questions involved in studying the four Gospels In this book through a distinctive evangelical and critical approach Michael Bird explores the historical development of the four canonical Gospels He shows how the memories and faith of the earliest believers formed the Gospel accounts of Jesus that got written and in
