End Of Capitalism As We Know It A Feminist Critique Of Political Economy:

"The" End of Capitalism (as We Knew It) J. K. Gibson-Graham, 2006-03-24 In the mid 1990s at the height of academic discussion about the inevitability of capitalist globalization J K Gibson Graham presented a groundbreaking and controversial argument for envisioning alternative economies This new edition includes an introduction in which the authors address critical responses to *The End of Capitalism* and outline the economic research and activism they have been engaged in since the book was first published Paralyzing problems are banished by this dazzlingly lucid creative and practical rethinking of class and economic transformation Meaghan Morris Lingnan University Hong Kong Profoundly imaginative Eve Kosofsky Sedgwick City University of New York Filled with insights it is clearly written and well supported with good examples of actual deconstructive practices International Journal of Urban and Regional Research J K Gibson Graham is the pen name of Katherine Gibson and Julie Graham feminist economic geographers who work respectively at the Australian National University in Canberra and the University of Massachusetts Amherst

End of Capitalism (As We Knew it) JK Gibson-Graham, 1996-09-04 Why does the future not to mention the present seem to offer no hope of escape from capitalism Ironically the author argues it is not the economic discourse of the right but primarily the socialist and Marxist traditions that have constituted capitalism as large powerful active expansive penetrating systematic self reproducing dynamic protean victorious and capable of conferring identity and meaning In this book J K Gibson Graham explores the possibility of more enlivening modes of economic thought and action outside and beyond the theory and practice of capitalist reproduction She draws critically on feminist and post structuralist theorizings of subjectivity and the body and on anti essentialist aspects of Marxism She seeks and finds protean forms of capitalist representation not only in economic policy and contemporary urban space but in the discursive practices of feminism cultural studies and the politics of the left Challenging the usual vision of capitalism as necessarily and naturally hegemonic J K Gibson Graham liberates a space of economic difference one in which a noncapitalist politics of economic invasion might take root and flourish

Feminist Political Ecology and the Economics of Care Christine Bauhardt, Wendy Harcourt, 2018-12-07 This book envisages a different form of our economies where care work and care full relationships are central to social and cultural life It sets out a feminist vision of a caring economy and asks what needs to change economically and ecologically in our conceptual approaches and our daily lives as we learn to care for each other and non human others Bringing together authors from 11 countries also representing institutions from 8 countries this edited collection sets out the challenges for gender aware economies based on an ethics of care for people and the environment in an original and engaging way The book aims to break down the assumed inseparability of economic growth and social prosperity and natural resource exploitation while not romanticising social material relations to nature The authors explore diverse understandings of care through a range of analytical approaches contexts and case studies and pays particular attention to the complicated nexus between re productivity nature womanhood and care It includes strong

contributions on community economies everyday practices of care the politics of place and care of non human others as well as an engagement on concepts such as wealth sustainability food sovereignty body politics naturecultures and technoscience Feminist Political Ecology and the Economics of Care is aimed at all those interested in what feminist theory and practice brings to today s major political economic and environmental debates around sustainability alternatives to economic development and gender power relations

Stretching Beyond the Horizon Jean Hillier, 2017-03-02 In this innovative work Jean Hillier develops a new theory for students and researchers of spatial planning and governance which is grounded primarily in the work of Gilles Deleuze The theory recognizes the complex interrelation between place qualities and the multiple space time relational dynamics of spatial governance Using empirical examples from England and Australia Hillier identifies the power of networks and trajectories through which various actors territorialize space and explores the social and political responsibilities of spatial managers and decision makers She considers what spatial planning and urban management practices could look like if they were to be developed along Deleuzian lines and suggests alternative framings for spatial practice broad trajectories or visions of the longer term future and shorter term location specific detailed plans and projects with collaboratively determined tangible goals

Voice and Participation in Global Food Politics Alana Mann, 2019-04-05 As awareness of the commodification of food for profit at the expense of our health and the planet grows this book foregrounds the communicative dimensions of resistance by food movements Voice and participation are argued by the author to be the means through which rural and urban communities can and in many cases do resist the capture of value by corporate actors and work to democratise their foodscapes Her critical analysis of meaning making under neo liberalism suggests that agroecology as a socially activating form of agriculture within a food sovereignty framework provides an example of social learning relevant across rural urban and North South divides Embracing indigenous knowledge gender equity and postcolonial theory this approach mobilises growers and eaters to contest the power structures that shape their food environments and also to focus on social and economic justice within their communities particularly in the context of climate change Participatory ecologies that incorporate these forms of social learning encourage the co creation of inclusive foodscapes and politicise food justice Such a positive framing of resistance through horizontal pedagogy participation communication and social learning processes contrasts with the vertical dissemination structure of the corporatised food regime and takes vital steps towards a more democratic food system *Voice and Participation in Global Food Politics* will be of interest to scholars of agri food transdisciplinary food studies and political economy of food systems It will also be of

relevance to NGOs and policymakers **Latin American Perspectives on Globalization** Mario Sáenz, 2002-10-23 From the most prominent thinkers in Latin American philosophy literature politics and social science comes a challenge to conventional theories of globalization The contributors to this volume imagine a discourse in which revolution is defined not as a temporalized march of progress or takeover of state power but as a movement for local control that upholds standards of material conditions for human dignity Essays on identity equality and ethics propose models of transcultural and intercultural relations that replace center periphery or world systems approaches they impel us to focus on building dialogic relationships rather than on accommodating universalized paradigms Ultimately suggesting a reconstruction of the world in terms of the interests of one of the peripheral regions of the world Latin American Perspectives on Globalization argues with cogency and urgency that no one within contemporary globalization debates can afford to ignore the Latin American philosophical tradition **Community Economies in the Global South** Caroline Shenaz Hossein, P. J. Christabell, 2022 This book examines rotating savings and credit associations especially those organized by women of colour The chapters provide studies on the organization and use of these associations in Latin America the Caribbean Africa and Asia **The German-American Encounter** Frank Trommler, Elliott Shore, 2001-01-01 While Germans the largest immigration group in the United States contributed to the shaping of American society and left their mark on many areas from religion and education to food farming political and intellectual life Americans have been instrumental in shaping German democracy after World War II Both sides can claim to be part of each other's history and yet the question arises whether this claim indicates more than a historical interlude in the forming of the Atlantic civilization In this volume some of the leading historians social scientists and literary scholars from both sides of the Atlantic have come together to investigate for the first time in a broad interdisciplinary collaboration the nexus of these interactions in view of current and future challenges to German American relations **Globalization and Education** Nelly P. Stromquist, Karen Monkman, 2014-03-04 We offer in this book a collection of chapters that reflect a broad range of issues linking globalization to education in an accessible yet theoretically grounded and detailed form The authors analyze phenomena on the global plane in local spaces and in the connections between the global and the local New developments such as the growing impact of technology on education the emergence of new policy actors the growing expansion and segmentation of higher education the salience of human rights among others are emerging as powerful agendas shaping all levels of education In fundamental ways the forces of globalization challenge the previous approaches and theories of national development Recognizing the areas of convergence dissonance and conflict should help us grasp with greater clarity the implications of globalization for education and knowledge in the XXI century The contributors to this book include both well known scholars in the field of comparative education as well as young scholars The chapters present a balanced geographical coverage in terms of authors and the countries regions examined The second edition has been thoroughly updated throughout and contains seven new chapters

The expanding interest in the intersection of education and globalization has brought up several new topics including the salience of global education policies notably EFA the expansion and differentiation of higher education the emphasis on work related training the increasing role of non state actors such as the transnational corporations and greater attention to human rights Also in this new edition is a chapter on qualitative methodologies especially suitable to the understanding of the intersection of globalization and education

A History of Spaces John Pickles, 2012-11-12 This book provides an essential insight into the practices and ideas of maps and map making It draws on a wide range of social theorists and theorists of maps and cartography to show how maps and map making have shaped the spaces in which we live Going beyond the focus of traditional cartography the book draws on examples of the use of maps from the sixteenth century to the present including their role in projects of the national and colonial state emergent capitalism and the planetary consciousness of the natural sciences It also considers the use of maps for military purposes maps that have coded modern conceptions of health disease and social character and maps of the transparent human body and the transparent earth

Obesity in Canada Jenny Ellison, Deborah McPhail, Wendy Mitchinson, 2016-05-12 Medical professionals social policy makers and the media have all declared that Canada is in the grip of an obesity epidemic Conceptualizing obesity as a biological condition these experts insist that it needs to be prevented and managed Obesity in Canada takes a broader critical perspective of our supposed epidemic Examining obesity in its cultural and historical context the book's contributors ask how we measure health and wellness where our attitudes to obesity develop from and what the consequences are of naming and targeting as obese those whose body weights do not match our expectations A broad survey of the issues surrounding the obesity panic in Canada it is the first collection of fat studies and critical obesity studies from a distinctly Canadian perspective

Preventing Sexual Violence on Campus Sara Carrigan Wooten, Roland W. Mitchell, 2016-12-01 Amid the ongoing national conversation regarding campus sexual assault this book thoughtfully explores existing programmatic interventions while wrestling with fundamental questions regarding the cultural shifts in our nation's higher education institutions Stressing the critical importance of student inclusion in policy decisions and procedures scholars and experts provide complex and nuanced analyses of institutional practices while exploring themes of race sexuality and sexual freedom This volume addresses many of the unanswered questions in the present dialogue on campus sexual violence including What's working and not working How can outcomes be assessed or measured What resources are needed to ensure success This volume provides a truly fresh contribution for higher education and student affairs practitioners seeking to alter design or implement effective sexual assault prevention resources at their universities and colleges

Friendship Fictions Michael A. Kaplan, 2010-03-23 Friendship serves as a metaphor for citizenship and mirrors the individual's participation in civic life Friendship Fictions unravels key implications of this metaphor and demonstrates how it can transform liberal culture into a more just and democratic way of life A criticism often leveled at liberal democratic culture is its emphasis on the individual over community

and private life over civic participation. However, liberal democratic culture has a more complicated relationship to notions of citizenship. As Michael Kaplan shows, citizenship comprises a major theme of popular entertainment, especially Hollywood film, and often takes the form of friendship narratives, and this is no accident. Examining the representations of citizenship as friendship in four Hollywood films: *The Big Chill*, *Thelma & Louise*, *Lost in Translation*, and *Smoke*, Kaplan argues that critics have misunderstood some of liberal democracy's most significant features: its resilience, its capacity for self-revision, and the cultural resonance of its model of citizenship. For Kaplan, friendship, with its dynamic pacts, fluid alliances, and contingent communities, is one arena in which preconceptions about individual participation in civic life are contested and complicated. Friendship serves as a metaphor for citizenship and mirrors the individual's participation in civic life. *Friendship Fictions* unravels key implications of this metaphor and demonstrates how it can transform liberal culture into a more just and democratic way of life.

Renewing International Labour Studies Marcus Taylor, 2013-09-13 This volume seeks to re-energise the paradigm of the New International Labour Studies by detailing how struggles over the construction, reproduction, utilisation, and restructuring of labour forces are the contested social foundations upon which the global economy stands. Through a combination of theoretical works and a series of case studies, the volume highlights the cutting edge of international labour studies. It expands on three pivotal areas of study within the discipline: 1) the social construction of new labour forces across an expanding international division of labour; 2) the self-organising potential of workers, particularly within non-traditional sectors; and 3) the possibilities for transborder labour movements to help address the asymmetrical power relationships between globalised capital and localised labour. In addressing these themes, the volume helps explain not only how the contemporary international division of labour is produced and reproduced, but also the strengths and limits to current attempts to overcome its unequal and divisive nature. This book was published as a special issue of *Third World Quarterly*.

Keeping Good Time Avery Gordon, Angela Davis, 2015-12-03 Avery Gordon's first book, *Ghostly Matters*, was widely acclaimed as a work of striking sociological imagination and social theory. *Keeping Good Time*, her much-anticipated second book, brings together essays by Gordon that were written to be read aloud. Her eloquent voice in this book further establishes her place among literary sociological writers of a new generation. *Keeping Good Time* will be of great interest to activists, feminists, sociologists, students, and everyone concerned about how to beat the odds in influencing the shape of social and cultural change. Readers will find their thinking changed by the author's perennial quest to develop insights gained in confrontation with injustice.

Management and Organization Paradoxes Stewart R. Clegg, 2002-06-07 Paradox, the simultaneous existence of two inconsistent states, has become orthodox. The orthodox is now the paradox. The orthodox world of ordering, controlling, and organizing is increasingly opposed to a normalizing world of disordering, disrupting, and disorganizing. And organization studies cannot avoid changing its conceptions of reality as that reality changes. In the future, organization studies will be the study of paradox: how to understand it, how to use it. In this book of original

contributions addressed to management and organization paradoxes the authors address the new state of the field in terms of representations representing paradoxes and materialisations materialising paradoxes The themes although varied ranging from dialectics to internal tensions from collaborations to ethics and value conflicts from resistant labourers and wharfies to cartoon characters such as The Simpsons from the irrationalities of finance to the psychoanalytic rationalities of auditing and from issues of governance in Asian and international business to the composition of the new knowledge work force in the business professions cohere around core aspects of paradoxicality Overall the contributions to Management and Organization Paradoxes are diverse and challenging Each contribution takes a different angle on the central theme All of the chapters illuminate diverse aspects of contemporary paradoxes in management and organization theory The book provides in each of its chapters a challenge to the still overwhelmingly rationalist views of theory and practice that dominate the field and provides new directions for understanding organizations and management The contributors are drawn from leading European Australian and Latin American contributors
