and **MICHAEL BETZOLD**

End Of The Line Autoworkers And The American Dream

Miriam Frank

End Of The Line Autoworkers And The American Dream:

End of the Line Richard Feldman, Michael Betzold, 1988 This marvelous book captures in a most poignant and accurate way what life is like for the millions who still make up the blue collar backbone of American industry Barry Bluestone author of *The Deindustrialization of America* A richly detailed well crafted portrait of a cross section of autoworkers in the midst of an identity crisis and a crisis gripping the U S auto industry Frank Hammer President United Auto Workers Local 909

End of the Line Richard Feldman, 1992-01-01 Offers firsthand accounts from men and women in the automotive industry who discuss the ways in which their lives are deeply touched by trends and changes in the industry and their fears and hopes for the future *The End of the Line* Kathryn Marie Dudley, 1997-06-23 This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha Wisconsin meant to the people who lived in that town Through interviews with displaced autoworkers and other members of the community it dramatizes the lessons Kenoshans drew from the plant shutdown This volume tells the story of what the 1988 closing of the Chrysler assembly plant in Kenosha Wisconsin meant to the people who lived in that company town Since the early days of the 20th century Kenosha had forged its identity and politics around the interests of the auto industry When nearly 6000 workers lost their jobs in the shutdown the community faced not only a serious economic crisis but also a profound moral one In this study Dudley describes the painful often confusing process of change that residents of Kenosha like the increasing number of Americans who are caught in the crossfire of de industrialization were forced to undergo Through interviews with displaced autoworkers and Kenosha s community leaders high school counsellors and a rising class of upwardly mobile professionals Dudley dramatizes the lessons Kenoshans drew from the plant shutdown **The Automobile in American History and Culture** Michael L.

Berger, 2001-07-30 This comprehensive reference guide reviews the literature concerning the impact of the automobile on American social economic and political history Covering the complete history of the automobile to date twelve chapters of bibliographic essays describe the important works in a series of related topics and provide broad thematic contexts This work includes general histories of the automobile the industry it spawned and labor management relations as well as biographies of famous automotive personalities Focusing on books concerned with various social aspects chapters discuss such issues as the car s influence on family life youth women the elderly minorities literature and leisure and recreation Berger has also included works that investigate the government s role in aiding and regulating the automobile with sections on roads and highways safety and pollution The guide concludes with an overview of reference works and periodicals in the field and a description of selected research collections *The Automobile in American History and Culture* provides a resource with which to examine the entire field and its structure Popular culture scholars and enthusiasts involved in automotive research will appreciate the extensive scope of this reference Cross referenced throughout it will serve as a valuable research tool

Reclaiming Modernity Larry Bennett, 2025-02-25 Why do we seek to return to the past or rescue pieces of the past that

may have value in the present Why does nostalgia attach to an approach to the world social rules and material products that willfully rejected the past Larry Bennett explores the complexities of nostalgia with considerations of the historic preservation of brutalist architecture specifically Bertrand Goldberg s Prentice Women s Hospital in Chicago the memoirs and recollections of early and mid twentieth century Brooklyn and Detroit and the turntable s rebirth as a musical instrument alongside the vinyl LP s resurgence as a prized way of consuming music Bennett tracks modernity as expressed through ideas artistic products and widespread social practices His consideration of nostalgia focuses on our inclination to rediscover value in people places and social habits diminished by the passage of time Provocative and multidisciplinary Reclaiming Modernity delves into the paradox of how we feel nostalgia for ideas and times that emerged from an impulse to shun nostalgia

Popular Culture and Political Change in Modern America Ronald Edsforth,Larry Bennett,1991-01-01 This book is a collection of essays dealing with the ways in which specific popular entertainment media mass consumer products and popular movements affect politics and political culture in the United States It seeks to present a range of possibilities that reflect the dimensions of the current debate and practice in the field Some of the contributions to this volume place popular culture media such as films music and books in a broad social context and several articles deal with the historical roots of twentieth century American popular culture Popular culture is treated as categorically neither good nor bad in either political or aesthetic terms Instead the essays reflect the editors convictions that popular culture is simply too important to be ignored by those academics who treat politics and its history seriously The collection also shows that studying popular or mass culture in a historical way illuminates a variety of possible relationships between popular culture and politics

Alternatives to Lean Production Christian Berggren,2019-01-24 The Swedish auto industry has developed a distinct production design and work organization exploring alternatives to the assembly line and to the traditional shop floor hierarchy with a model of teamwork that increases independent decision making and elicits strong union commitment Berggren evaluates in detail the reorganization of work within the Swedish auto industry from 1970 to 1990 In his introduction to the new edition he explores the significance of Volvo s decision to close its two most innovative plants

Social Polarization in Post-Industrial Metropolises John O'Loughlin,Jürgen Friedrichs,2015-08-17 No detailed description available for Social Polarization in Post Industrial Metropolises

Populations At Risk In America George J Demko,Michael C. Jackson,2019-06-04 As this century draws to a close and the new one approaches the United States is still struggling with serious and persistent social problems These troubling dilemmas including poverty homelessness discrimination and severe inequity afflict some subgroups of the population more than others and it is the plight of these at risk groups childr

Out in the Union Miriam Frank,2014-06-13 Out in the Union tells the continuous story of queer American workers from the mid 1960s through 2013 Miriam Frank shrewdly chronicles the evolution of labor politics with queer activism and identity formation showing how unions began affirming the rights of lesbian gay bisexual and transgender workers in the 1970s and

1980s She documents coming out on the job and in the union as well as issues of discrimination and harassment and the creation of alliances between unions and LGBT communities Featuring in depth interviews with LGBT and labor activists Frank provides an inclusive history of the convergence of labor and LGBT interests She carefully details how queer caucuses in local unions introduced domestic partner benefits and union based AIDS education for health care workers innovations that have been influential across the U S workforce Out in the Union also examines organizing drives at queer workplaces campaigns for marriage equality and other gay civil rights issues to show the enduring power of LGBT workers

Industrialization in the Modern World John Hinshaw, Peter N. Stearns, 2013-11-12 This unique two volume work analyzes the Industrial Revolution from a global perspective and traces its influences up to the present day encouraging students to rethink the significance of events past and present By taking a fresh approach to its topic Industrialization in the Modern World From the Industrial Revolution to the Internet enables students to see this ongoing phenomenon not as a standalone event but as a catalyst for the formation of today s globalized industrializing world Spanning the period from 1750 to the present the work offers some 450 entries that cover developments in Africa and Asia as well as in Europe and the United States Numerous essays are organized around specific questions or problems others examine significant events countries or industries The work deals with all the major aspects of traditional industrialization textiles coal steel as well as modern variations China computers the Internet With a targeted approach the authors will help students see how industrialization in one society influenced another how industrialization spread throughout the world and the causes and effects of each country s individual revolution America's Other Automakers Timothy J. Minchin, 2021-04 In 2018 almost half of all vehicles made in North America were produced at foreign owned plants and the sector was on track to monopolize the market Despite this the industry has been overlooked compared with its domestic counterpart both in scholarship and popular memory Redressing this neglect America s Other Automakers provides a new history of the foreignowned auto sector the first to extensively draw on archival sources and to articulate the human agency of participants including workers managers and industry recruiters Timothy J Minchin challenges the view that the industry s growth primarily reflected incentives stressing human agency and the complexity of individual stories instead Deeply human in its approach the book also explores the industry s impact on grassroots communities showing that it had more costs than supporters acknowledged Drawing on a wide range of primary and secondary sources America s Other Automakers uncovers significant tensions over unionization reports of discriminatory hiring and unease about the industry s rapid growth critically exploring seven large assembly facilities and their impact on the communities in which they were built American Revolution James Boggs, 1963 Originally published New York Modern Reader 1963 **Dallas** Patricia Evridge Hill, 2010-01-01 From the ruthless deals of the Ewing clan on TV s Dallas to the impeccable customer service of Neiman Marcus doing business has long been the hallmark of Dallas Beginning in the 1920s and 1930s Dallas business leaders amassed unprecedented political power and

civic influence which remained largely unchallenged until the 1970s In this innovative history Patricia Evridge Hill explores the building of Dallas in the years before business interests rose to such prominence 1880 to 1940 and discovers that many groups contributed to the development of the modern city In particular she looks at the activities of organized labor women s groups racial minorities Populist and socialist radicals and progressive reformers all of whom competed and compromised with local business leaders in the decades before the Great Depression This research challenges the popular view that business interests have always run Dallas and offers a historically accurate picture of the city s development The legacy of pluralism that Hill uncovers shows that Dallas can accommodate dissent and conflict as it moves toward a more inclusive public life Dallas will be fascinating and important reading for all Texans as well as for all students of urban development

Dream Car Dimitry Anastakis,2024-03-26 Dream Car tells the story of entrepreneur Malcolm Bricklin s fantastical 1970s era Safety Vehicle 1 SV1 audaciously launched during a tumultuous breakpoint in postwar history The tale of the sexy yet safe SV1 reveals the influence of automobiles on ideas about the future technology entrepreneurship risk safety showmanship politics sex gender business and the state as well as the history of the auto industry s birth decline and rebirth Written as an open road the book invites readers to travel a narrative arc that unfolds chronologically and thematically Dream Car s seven chapters have been structured so that they can be read in any order determined by whichever theme each reader finds most interesting The book also includes a musical playlist of car songs from the era and songs about the SV1 itself

Labor and Workplace Issues in Literature Claudia Durst Johnson,2006-01-30 The daily newspaper headlines revealing deaths illnesses and injuries in the workplace along with the ongoing decline of workers rights make this book an especially timely volume Included are chapters devoted to such widely read texts as Hard Times Life in the Iron Mills Bartleby the Scrivener The Grapes of Wrath and several others Each chapter examines the historical background and plot of the work the labor and workplace issues raised by the author and the history of those issues since the text was published Just a few of the issues raised are low wages long hours workplace dangers unemployment sexual harassment and the struggle of immigrants Each chapter provides topics for research and discussion and cites works for further reading The volume closes with a selected general bibliography The volume discusses such issues as low wages long hours workplace dangers unemployment sexual harassment lack of job security or medical care and the struggle of immigrants Each chapter closes with topics for research and discussion along with a list of works for further reading An introductory essay examines the consequences of the industrial revolution and the economic philosophies central to society The volume closes with a selected general bibliography Students in literature and social studies classes will value this helpful guide

Grabbing Back

Alexander Reid Ross,2014-06-09 Land grabs are a global phenomenon of our times driven by the ever increasing demands of both global corporations and the governments with which they are allied But as this powerful and timely book demonstrates ordinary citizens small farmers and ordinary citizens around the world are standing up to defend their own with passion and

ingenuity and they are recording successes that are both extraordinary and inspiring Oliver Tickell Editor The Ecologist Climate change ravages the earth while wealthy elites try to grab as much of the world's diminishing resources as possible As Vandana Shiva writes land is life But land and the struggle to possess it is also power colonial and corporate power to be sure but also the power of the dispossessed to rise up and call for an end to the global land grab Grabbing Back maps this struggle bringing together analyses that uncover the politics of cultivation and control In this unprecedented collection on the ground activists join forces with critically acclaimed scholars to document the commodification and consumption of space from foreclosed homes to annihilated rainforests from ecotourism in Sri Lanka to the tar sands of Montana and to outline the strategies and tactics that might the destruction With contributions by Vandana Shiva Noam Chomsky Max Rameau Grace Lee Boggs Michael Hardt Ahjamu Umi Ben Dangl and many others More Praise for Grabbing Back Part of the reason that knowledge about the current global land grab is so uncertain is the paucity of perspectives and analysis in defining the problem This book fills the gap admirably Raj Patel author of Stuffed and Starved The acquisition control and exploitation of land as well as the simultaneous dispossession of land based and peasant communities is central to the processes of both colonialism and capitalism As Fanon reminds us egalitarian governance and stewardship of land is fundamental to the struggle for liberation and self determination for all oppressed peoples This makes Grabbing Back a necessary study for anticapitalist and anticolonial movements Harsha Walia author of Undoing Border Imperialism Grab back this sparkling mosaic of essays as a treasure of our new old knowledge commons Together these pieces replace dichotomies with dialectics making explicit the inseparability of land and collective life Together they restore the vital concept of social ecology in resistance to relentless and increasingly apocalyptic capitalism with emphasis on its second contradiction its impossibility on a finite resource base Maia Ramnath author of Decolonizing Anarchism As the forces of thanatos leave no stone unturned in their quest to dominate the entire planet this anthology provides a much needed antidote Weaving together accounts from around the world the authors advocate building grassroots movements aimed at subverting capital's incessant assault on our lives and land George Katsiaficas author of Asia's Unknown Uprisings Never perhaps has the land question been so crucial for anti capitalist movements as we are witnessing a global process of enclosure that privatizes lands waters forests displacing millions from their homes and placing monetary gates to what we rightly considered our commonwealth It is essential then that we understand what motivates this drive and its effects in all their social and spatial dimensions Grabbing Back takes us through this process identifying the reasons and actors behind this global land grab and most important introducing us to the struggles that people are making across the world to resist being evicted from their lands and to reclaim the earth George Caffentzis Committee for Academic Freedom in Africa **Demolition Means Progress** Andrew R. Highsmith, 2015-07-06 Tracks the fall of Flint Michigan once one of the nation's greatest industrial towns now one of its poorest cities compelling and powerful Kevin Boyle National Book Award winning author of Arc of Justice In 1997 after

General Motors shuttered a massive complex of factories in the gritty industrial city of Flint Michigan signs were placed around the empty facility reading Demolition Means Progress suggesting that the struggling metropolis could not move forward to greatness until the old plants met the wrecking ball Much more than a trite corporate slogan the phrase encapsulates the operating ethos of the nation s metropolitan leadership from at least the 1930s to the present Again and again the leaders of Flint and other municipalities tried to revitalize their communities by demolishing outdated and inefficient structures and institutions and overseeing numerous urban renewal campaigns many of which yielded only more impoverished and more divided metropolises After decades of these efforts the dawn of the twenty first century found Flint one of the most racially segregated and economically polarized metropolitan areas in the nation In one of the most comprehensive works yet written on the history of inequality and metropolitan development in modern America Andrew R Highsmith uses the case of Flint to explain how the perennial quest for urban renewal even more than white flight corporate abandonment and other forces contributed to mass suburbanization racial and economic division deindustrialization and political fragmentation Challenging much of the conventional wisdom about structural inequality and the roots of the nation s urban crisis Demolition Means Progress shows in vivid detail how public policies and programs designed to revitalize the Flint area ultimately led to the hardening of social divisions Brilliantly narrates the entire arc of 20th century American industrialization at the scale of a single city Flint Michigan and its suburbs a remarkable book Robert Self author of American Babylon Race and the Struggle for Postwar Oakland American Vanguard John Barnard,2004 The struggles and victories of the UAW form an important chapter in the story of American democracy American Vanguard is the first and only history of the union available for both general and academic audiences In this thorough and engaging narrative John Barnard not only records the controversial issues tackled by the UAW but also lends them immediacy through details about the workers and their environments the leaders and the challenges that they faced outside and inside the organization and the vision that guided many of these activists Throughout Barnard traces the UAW s two fold goal to create an industrial democracy in the workplace and to pursue a social democratic agenda in the interest of the public at large Part one explores the obstacles to the UAW s organization including tensions between militant reformers and workers who feared for their jobs ideological differences racial and ethnic issues and public attitudes toward unions By the outbreak of World War II however the union had succeeded in redistributing power on the shop floor in its members favor Part two follows the union during Walter P Reuther s presidency 1946 1970 During this time pioneering contracts brought a new standard of living and income security to the workers while an effort was made to move America toward a social democracy which met with mixed results during the civil rights decade Throughout Barnard presents balanced interpretations grounded in evidence while setting the UAW within the context of the history of the U S auto industry and national politics Work, Self and Society Catherine Casey,2013-01-11 Despite recent interest in the effects of restructuring and redesigning the work place the link between

individual identity and structural change has usually been asserted rather than demonstrated Through an extensive review of data from field work in a multi national corporation Catherine Casey changes this She knows that changes currently occurring in the world of work are part of the vast social and cultural changes that are challenging the assumptions of modern industrialism These events affect what people do everyday and they are altering relations among ourselves and with the physical world This valuable book is not only a critical analysis of the transformations occurring in the world of work but an exploration of the effects of contemporary practices of work on the self

Recognizing the mannerism ways to get this book **End Of The Line Autoworkers And The American Dream** is additionally useful. You have remained in right site to start getting this info. get the End Of The Line Autoworkers And The American Dream member that we have enough money here and check out the link.

You could purchase guide End Of The Line Autoworkers And The American Dream or get it as soon as feasible.
