[Change and the Possibility of Closure](#) Mark Levene, Robert Johnson, Penny Roberts, 2010-01-01 This collection of essays proposes that climate change means serious peril Our argument however is not about the science per se It is about us our deep and more recent history and how we arrived at this calamitous impasse With contributions from academic activists and independent researchers *History at the End of the World* challenges advocates of business as usual to think again But in its wide ranging assessment of how we transcend the current crisis it also proposes that the human past could be our most powerful resource in the struggle for survival Our approaches begin from archaeology literature religion psychology sociology philosophy of science engineering and sustainable development as well as straight history **The End of the**

**World** Marcia Sa Cavalcante Schuback, Susanna Lindberg, 2017-03-29 The end of the world opens up philosophical questions concerning the very notion of the world which is a fundamental element of all existential phenomenological and hermeneutical philosophy Is the end of the world for us somebody's death the end of being in the world or the extinction of many or of all the end of the world itself Is the erosion of the world a phenomenon that does not in fact affect the notion of the world as a fundamental feature of all existential ontological inquiry This volume examines the present state of these concerns in philosophy film and literature It presents a philosophical hermeneutics of the present state of the world and explores the principal questions of the philosophical accounts of the end of the world such as finality and finitude It also shows how literature and cinema have ventured to express the end of the world while asking if a consequent expression of the end of the world is also an end of its expression **The End of the World** Otto Friedrich, 1982 **The Routledge**

**Companion to Historical Theory** Chiel van den Akker, 2021-11-15 This Companion provides a wide ranging and up to date overview of the conceptual issues that history as a discipline and mode of thought gives rise to The book offers both historical and systematic treatments of these issues as well as addressing their contemporary relevance Structured in three parts Modes and Schools of Historical Thought Epistemology and Metaphysics of History and Issues and Challenges in Historical

Theory it offers the reader a wide scope and expert treatment of each topic in this vibrant field that can be read in any order. An international team of experts both discuss the basis of their topic and present their own view offering the reader a cutting edge contribution while ensuring their chapters are of interest to both students and specialists in the field of historical theory and engaging with the very nature of historical thought the metaphysics of historical existence the politics of history writing and the intelligibility of the historical process. The volume is an indispensable companion to the study of history and essential reading for anyone interested in the reflection on the nature of history and our historical existence. **A History of the End of the World** Tim Rayborn, 2022-01-18 We may never know when the actual end of the world is upon us but that doesn't mean we can't freak out about the end times. Spanning centuries, cultures and continents, the more than 80 doomsday scenarios featured in *A History of the End of the World* examine humanity's tendency to envision the end of itself and everything else in the universe. With offerings pulled from religion and mythology, science, literature and conspiracy theories, the range of stories is fascinating, illuminating and frequently strange. But whether they issue from an ancient text or a pulp sci-fi novel, each of these apocalyptic visions will resonate and remain at the backs of our minds, making us a little bit excited and a little bit anxious, keeping us awake as we lay in bed wondering what we're moving toward. Book jacket **The Story History of France from the Reign of Clovis** John Bonner, 1919 **The Coming of God** Jürgen Moltmann, Margaret Kohl, 2004-07-27 Winner of Grawemeyer Award. In this remarkable and timely work, in many ways the culmination of his systematic theology, world renowned theologian Jürgen Moltmann stands Christian eschatology on its head. Moltmann rejects the traditional approach which focuses on the End, an apocalyptic finale, as a kind of Christian search for the final solution. He centers instead on hope and God's promise of new creation for all things. Christian eschatology, he says, is the remembered hope of the raising of the crucified Christ, so it talks about beginning afresh in the deadly end. Yet Moltmann's novel framework, deeply informed by Jewish and messianic thought, also fosters rich and creative insights into the perennially nettling questions of eschatology: Are there eternal life and personal identity after death? How is one to think of heaven, hell and purgatory? What are the historical and cosmological dimensions of Christian hope? What are its social and political implications? In a heartbreakingly fragile and fragment world, Moltmann's comprehensive eschatology surveys the Christian vista bravely, envisioning our horizons of expectation for personal, social, even cosmic transformation in God. **The Real History of the End of the World** Sharan Newman, 2010 Ever since people realized that things have a beginning and an end, they have wondered if the world was fated to end. Explore the various theories of world destruction from ancient times to present day theories that reveal as much about human nature as they do about the predominant historical, scientific and religious beliefs of the times. **Abraham Lincoln, a History** Nicolay, 1890 **Reframing Biblical Theology** Daniel C. Fredericks, 2025-08-26 Biblical theology is adequate only if wholly contextualized within the eternal natures of God, creation and history. A more thorough awareness of God's eternal design within creation and its history and a fuller perspective on the

Messiah's commission avoids significant discontinuities such as universal and redemptive histories the gospels of Jesus and his apostles cross and kingdom of God centers heaven and a new earth and the role of sanctification in the Old and New Testaments This study suggests that God's eternal design for creation and its history subsumes a limited biblical theology that focuses on the solution to the sin problem at the expense of what has always been the eternal practical and productive objective of that solution and its current implications The church can focus on an urgent need for the rescue at the expense of the equally urgent and eternal purpose for that rescue A more comprehensive practical and productive theology of endless creation and its history contextualizes salvation and its eschatological focus by enveloping them as temporary components within God's eternal design

*Israel's Past in Present Research* V. Philips Long,1999-06-30 The debate over history history writing and the scientific study of history is reaching an apex in the late twentieth century and shows no signs of abating in the near future The literature on the topic is prodigious The time is thus ripe for an anthology of essays of the sort that Professor Long has collected essays that trace the history of the issues that have fed into the debate The classic and contemporary essays presented here provide an overview and introduction to the topic bringing together the most essential of these in a handy compilation The book is organized in six sections 1 The State of Old Testament Historiography 2 Ancient Near Eastern Historiography 3 Ancient Israelite Historiography 4 Method in the Study of Ancient Israelite Historiography 5 The Historical Impulse in the Old Testament 6 The Future of Israel s Past Long s goal is to provide a context for Israelite history writing within the milieu of the ancient Near East expose the methodologies and assumptions of various approaches and perspectives on historiography and provide access to essays that examine the contribution of the Hebrew Scriptures themselves to the origins of history writing The final essay by Long points the way to future research and topics that will move the discussion forward into the next millennium Professor V Philips Long teaches Old Testament at Covenant Theological Seminary St Louis

*History and System* Robert L. Perkins,1984-06-30 History and System represents the first contemporary volume on Hegel s philosophy of history to be published in English The editor notes that with the possible exceptions of Augustine and Vico no philosopher before Hegel had such a deep sense of the mutual penetration of history and philosophy as did Hegel Historical

reflection influenced his reading of other philosophers and philosophical reason penetrated his views of past events and eras. Reflecting the best of Hegelian scholarship, the papers here focus on the sources of Hegel's philosophy of history, its internal structure and relation to other parts of his system, analyses of specific aspects of his philosophy of history and its influence on subsequent thinkers. In its breadth and depth, the volume attests to the continued and growing importance of Hegel's thought for contemporary philosophy.
