End Of Time Faith And Fear In The Shadow Of The Millennium:

The End of Time Damian Thompson, 1997 The complete history of millennialism from Zoroaster to David Koresh Heaven's Gate
The End of Time Damian Thompson, 1999 Damian Thompson highly evocative brilliant and comprehensive account of apocalyptic belief was a phenomenal critical success upon hardback publication It brings together the massacre at Waco the Solar Temple suicides the Japanese subway gas attack UFOs angelic visitors and other apparently unrelated phenomena and places them in the context of the dawning of a new world at the time of the millennium This is the revised updated edition in which Damian Thompson tackles subjects such as the millennium dome and the millennium bug rejacketed by Vintage for the lead up to the year 2 000
The Paranoid Apocalypse Steven T. Katz, 2011-12-12 An in depth analysis of an anti semitic conspiracy theory from its origins in the 20th century to its resurgence today The Protocols of the Elders of Zion first published in Russia around 1905 claimed to be the captured secret protocols from the first Zionist Congress in Basel in 1897 describing a plan by the Jewish people to achieve global domination While the document has been proven to be fake much of it plagiarized from satirical anti Semitic texts it had a major impact throughout Europe during the first half of the 20th century particularly in Germany After World War II the text was further denounced Anyone who referred to it as a genuine document was seen as an ignorant hate monger Yet there is abundant evidence that The Protocols is resurfacing in many places The Paranoid Apocalypse re examines the text's popularity investigating why it has persisted as well as larger questions about the success of conspiracy theories even in the face of claims that they are blatantly counterfactual and irrational It considers the medieval pre history of The Protocols the conditions of its success in the era of early twentieth century secular modernity and its post Holocaust avatars from the Muslim world to Walmart and Left wing anti American radicalism Contributors argue that the key to The Protocols longevity is an apocalyptic paranoia that lays the groundwork not only for the myth's popularity but for its implementation as a vehicle for genocide and other brutal acts
The Scarlet Woman and the Red Hand Joshua T Searle, 2014-11-27 This book provides a comprehensive description of how evangelicals in Northern Ireland interpreted the Troubles 1966-2007 in the light of how they read the Bible The rich and diverse landscape of Northern Irish evangelicalism during the Troubles is ideally suited to this study of both the light and dark sides of apocalyptic eschatology Searle demonstrates how the notion of apocalypse shaped evangelical and fundamentalist interpretations of the turbulent events that characterized this dark yet fascinating period in the history of Northern Ireland The Scarlet Woman and the Red Hand uses this case study to offer a timely reflection on some of the most pressing issues in contemporary negotiations between culture and religion Given the current resurgence of religious fundamentalism in the wake of 9 11 together with popular conceptions of a clash of civilizations and the so called War on Terror this book is not only an engaging academic study it also resonates with some of the defining cultural issues of our time
Christian Fundamentalism in America David S. New, 2014-01-10 Today the United States is plagued with cultural and

political polarization the Reds and the Blues Because religion has been of great significance in America right from the first colonists who believed themselves to be God's chosen nation it is not surprising that religion constitutes the basis of today's dichotomy The recent resurgence of Christian fundamentalism is significant for the future of America as a nation under God This book examines the history of conservative American Christianity as it interacts with liberal beliefs With the Enlightenment the Puritan sense of mission faded but was rekindled with the Great Awakening This religious movement unified the colonies and provided an animating ideal which led to revolution against Britain But soon after the forces of liberalism made inroads and the seeds of division were planted This balanced account favors neither conservative nor liberal It is history with a human touch emphasizing personalities from Jonathan Edwards and William Jennings Bryan to David Koresh and Jim Jones

Writing the Rapture Crawford Gribben, 2009-02-02 In this book Crawford Gribben offers the only full length history description and analysis of the rapture novel genre The late 1980s which saw a renaissance of the evangelical imagination culminated in the creation of the Left Behind series co authored by Tim La Haye and Jerry B Jenkins The novels in this series Gribben shows are astonishingly derivative borrowing entire characters and significant incidents from earlier books Analyzing the unexpected publishing success of the Left Behind novels he characterizes the series as a barometer of evangelical popular opinion

Fascism, Totalitarianism and Political Religion Roger Griffin, 2013-09-13 9 11 and its aftermath demonstrate the urgent need for political scientists and historians to unravel the tangled relationship of secular ideologies and organized religions to political fanaticism This major new volume uses a series of case studies by world experts to further our understanding of these complex issues They examine the connections between fascism political religion and totalitarianism by exploring two inter war fascist regimes two abortive European movements and two post war American extreme right wing movements with contrasting religious components A highlight of this collection is a fresh article from Emilio Gentile recently awarded an international prize for his contributions to our appreciation of the central role played by political religion in the modern age This is preceded by an editorial essay by Roger Griffin one of fascism studies most original thinkers Alongside these contributions the reader is presented with a wealth of work that redefines the complex concept of totalitarian movement and our understanding of generic Fascism Taken as a whole it comprehensively analyses the links between particular totalitarian movements and regimes and the concrete historical phenomena produced in the light of current radical theories of fascism totalitarianism and political religion This book will be of great interest to all students and scholars of international relations politics and contemporary history This volume was previously published as a special issue of the journal *Totalitarian Movements and Political Religions*

The Strategic Smorgasbord of Postmodernity Deborah Bowen, 2011-05-25 Contemporary Christian critique often talks about postmodernism apocalyptically in terms of cultural crisis and decline instead the contributors to this volume believe that there is a new place for Christian entries on the academic Smorgasbord of postmodernity and they see the postmodern turn as an opportunity for

fresh perspectives on the spiritual dimensions of reading literature These twenty scholars are an eclectic group differing in theological and theoretical commitments but all identifying as Christian In this collection they enter into dialogue with a wide range of contemporary literary theorists and theoretical perspectives and offer new readings of primary texts informed by both these theoretical constructs and their Christian faith The manuscript strikes out in important new directions in its sympathetic reading of postmodern theory from a Christian perspective and even more significantly in its careful and measured dialogic approach to the relationship of Christian thought and contemporary literary theory Daniel Coleman Canada Research Chair in Critical Ethnicity and Race Studies Department of English and Cultural Studies McMaster University Too often Christian literary critics and theologians have preemptively dismissed postmodern theory even as secular critics have been equally dismissive about the contributions that the Christian faith tradition makes to the study of literature This volume successfully brings these two worlds together in innovative at times challenging and always rich ways I do not know of a similar volume in existence a work that gathers in one convenient publication a wide ranging set of discussions of contemporary literary theory by Christian scholars The editor has gathered an impressive and important set of papers here and I believe the volume will raise much interest and provoke a good deal of constructive debate Susan VanZanten Gallagher Professor of English Director Center for Scholarship and Faculty Development Seattle Pacific University

Unveiling Empire Wes Howard-Brook, Anthony Gwyther, 1999 Confused by end of the world readings or put off by the dense and mysterious imagery many readers hesitate to explore the Book of Revelation Unveiling Empire offers a new entree into this troubling and controversial book of the Bible by examining the roots and social purposes of apocalyptic literature and Revelations own use of traditional imagery In this way the authors provide readers with the tools for deciphering the texts message and its urgent applications for Christians today living amidst a new kind of empire

Holy Waters Ryan Lemasters, Stephen Covell, 2024-07-10 This edited volume brings together scholars from across disciplines to examine the relationship between religion and alcohol It examines the historical social ritual economic political and cultural relationship between religion and alcohol across time periods and around the world Twelve chapters are tied together by two major themes first gender identity and its intersection with religion and alcohol second identity construction in religious communities demonstrating how alcohol can be used as a distinguishing factor for religious ethnic and national identity A key focus of the volume is how alcohol can bridge and divide the point at which the sacred and secular meet With its interdisciplinary approach and engaging style this book is an essential resource for undergraduate and graduate students in religion departments and appeals to scholars of material culture food and alcohol Additionally the book is of interest to professionals in the alcohol industry particularly those involved in microbrewing and winemaking who are interested in understanding the historical and cultural contexts of their craft

Titanic Kevin S. Sandler, Gaylyn Studlar, 1999 In 1997 James Cameron s Titanic became the first motion picture to earn a billion dollars worldwide These essays ask the question

What made Titanic such a popular movie Why has this film become a cultural and film phenomenon What makes it so fascinating to the film going public

Apocalyptic Representations of Jerusalem Maria Leppäkari, 2018-08-14 Jerusalem as a symbolic expression of hope attracts attention and religious adherence in relation to its physical presence The study identifies traces and examines apocalyptic representations of Jerusalem and illustrates what happens when these become experienced reality The empirical part of the book shows how these representations become living images in two contemporary groups activity in Jerusalem Private and public endtime representations of Jerusalem provide meaningful models for interpreting the religious past present and future The interplay of these representations also shapes our present images of Jerusalem

How We Believe Michael Shermer, 2003-10-01 A new edition covering the latest scientific research on how the brain makes us believers or skeptics Recent polls report that 96 percent of Americans believe in God and 73 percent believe that angels regularly visit Earth Why is this Why despite the rise of science technology and secular education are people turning to religion in greater numbers than ever before Why do people believe in God at all These provocative questions lie at the heart of How We Believe an illuminating study of God faith and religion Bestselling author Michael Shermer offers fresh and often startling insights into age old questions including how and why humans put their faith in a higher power even in the face of scientific skepticism Shermer has updated the book to explore the latest research and theories of psychiatrists neuroscientists epidemiologists and philosophers as well as the role of faith in our increasingly diverse modern world Whether believers or nonbelievers we are all driven by the need to understand the universe and our place in it How We Believe is a brilliant scientific tour of this ancient and mysterious desire

Trajectory of the 21st Century Lawrence J. Terlizese, 2009-01-10 Trajectory of the Twenty first Century explores what many prophets of the twentieth century such as Oswald Spengler Paul Tillich Aldous Huxley Jacques Ellul and others have predicted would transpire in the current century Their vision included an out of control technological system and a return to religious sentiment that will ultimately undermine the system to which it is reacting This book aims to accurately present their positions and draw certain logical conclusions from them that pertain to the course of history in our time The book's theme argues that modernity is a secularized version of millennial Christianity which reaches its fullest development in the twenty first century and will regress into what Russian philosopher Nicholas Berdyaev called the new Middle Ages or a new religious period This will mean the twilight of modern technological society as its values of rationalism give way to a post-rationalist society Ironically decline will come through further technological advance Omnicide threatens through religious world war driven by transcendent values and modern weaponry Jihadist thinking and posthumanist technology both establish the omnicidal mentality New technologies such as genetic engineering and artificial intelligence created under millennial inspiration to reach for immortality could potentially bring an end to the human species either through a slow steady obsolescence or through environmental catastrophe The titanic forces of technological progress and regress are on a direct

collision course in the twenty first century **Apostolic Networks in Britain** William K. Kay,2007-06-01 Apostolic networks link congregations together through personal relationships They center around apostolic figures who have the ability to mobilize resources make rapid decisions and utilize charismatic gifts Networks of churches organized in this way can respond to postmodernity and cultural innovation This book takes the story of the emergence of apostolic networks in Britain from the visionary work of Arthur Wallis through the charismatic renewal into the full fledged Restoration Movement of the 1980s It covers the events of the 1990s including the Toronto Blessing and contains fresh information based upon interviews with leading players and new survey data as well as reanalysis of historical documents **James Merrill's Apocalypse** Timothy Materer,2000 Materer interprets Merrill s body of work from the perspective of his epic The Changing Light at Sandover and shows that in his earliest poems and in the volumes preceding The Changing Light Merrill repeatedly expressed his fear of nuclear holocaust and his sense that some momentous revelation was near at hand Materer demonstrates how apocalyptic motifs also inspire Late Settings The Inner Room and A Scattering of Salts BOOK JACKET
