End Of Affirmative Action Where Do We Go From Here:

EEO--where Do We Go from Here? United States. Equal Employment Opportunity Commission,1976 Where Do We Go from Here? United States. President's Committee on Employment of the Handicapped,1976 **Where Do We Go from Here?** Mark Major,2010-01-01 Progressive politics has long been in crisis in the United States As the radical Left realizes the dire consequences of defining themselves solely by what they are against this collection challenges leading engaged academics and activists to show how radical politics can lead to a more fruitful democracy Dealing with pressing issues of the day such as health care race immigration religion foreign policy unions feminism liberalism education and the media this edited volume looks at the prospects for a progressive turn in U S politics In doing so it hopes to inspire the radical imagination by showing where we can go from here As technology continues to enable greater access to ideas around the world the power of intellectuals is greater than ever And given that the world is full of crushing poverty sexism uneven development environmental degeneration religious fanaticism racism and imperialism the need for intellectuals to inspire the radical imagination by championing principles of economic and social justice democracy and universality is also greater than ever However political visions are required to guide that struggle This is the aim of this book Reverse Discrimination Fred L. Pincus,2003 Pincus assesses the nature and scope of reverse discrimination in the United States today exploring what effect affirmative action actually has on white men *Black Conservative Intellectuals in Modern America* Michael L. Ondaatje,2011-11-29 In the last three decades a brand of black conservatism espoused by a controversial group of African American intellectuals has become a fixture in the nation s political landscape its proponents having shaped policy debates over some of the most pressing matters that confront contemporary American society Their ideas though have been neglected by scholars of the African American experience and much of the responsibility for explaining black conservatism s historical and contemporary significance has fallen to highly partisan journalists Typically those pundits have addressed black conservatives as an undifferentiated mass proclaiming them good or bad right or wrong color blind visionaries or Uncle Toms In *Black Conservative Intellectuals in Modern America* Michael L Ondaatje delves deeply into the historical archive to chronicle the origins of black conservatism in the United States from the early 1980s to the present Focusing on three significant policy issues affirmative action welfare and education Ondaatje critically engages with the ideas of nine of the most influential black conservatives He further documents how their ideas were received both by white conservatives eager to capitalize on black support for their ideas and by activists on the left who too often sought to impugn the motives of black conservatives instead of challenging the merits of their claims While Ondaatje s investigation uncovers the themes and issues that link these voices together he debunks the myth of a monolithic black conservatism Figures such as Supreme Court Justice Clarence Thomas the Hoover Institution s Thomas Sowell and Shelby Steele and cultural theorist John McWhorter emerge as individuals with their own distinct understandings of and relationships to the conservative political tradition

Social Issues in America James Ciment, 2015-03-04 More than 150 key social issues confronting the United States today are covered in this eight volume set from abortion and adoption to capital punishment and corporate crime from obesity and organized crime to sweatshops and xenophobia

The End of Affirmative Action Darien Auburn McWhirter, 1996 Explains the impact of the June 1995 decision to end affirmative action and reviews two decades of social science research on the issue most of which has not been discussed before in the national media Traces the evolution of affirmative action law describes studies that show the negative impact of affirmative action on blacks and women and explores what America must do next to ensure equality For general readers Annotation copyright by Book News Inc Portland OR

Roads to Dystopia, Sociological Essay on the Post Modern Condition (c) Stanford M. Lyman, 2001 Should Race Matter? David Boonin, 2011-11-14 In this book philosopher David Boonin attempts to answer the moral questions raised by five important and widely contested racial practices slave reparations affirmative action hate speech restrictions hate crime laws and racial profiling Arguing from premises that virtually everyone on both sides of the debates over these issues already accepts Boonin arrives at an unusual and unorthodox set of conclusions one that is neither liberal nor conservative color conscious nor color blind Defended with the rigor that has characterized his previous work but written in a more widely accessible style this provocative and important new book is sure to spark controversy and should be of interest to philosophers legal theorists and anyone interested in trying to resolve the debate over these important and divisive issues Yo' Mama's Disfunktional!
