## **Ends Of History Victorians And The Woman Question:**

**The Ends of History** Christina Crosby, 2012-12-12 Why were the Victorians so passionate about History How did this passion relate to another Victorian obsession the woman question In a brilliant and provocative study Christina Crosby investigates the links between the Victorians fascination with history and with the nature of women Discussing both key novels and non literary texts Daniel Deronda and Hegel s Philosophy of History Henry Esmond and Macaulay s History of England Little Dorrit Wilkie Collins The Frozen Deep and Mayhew s survey of labour and the poor Villette Patrick Fairburn s The Typology of Scripture and Ruskin s Modern Painters she argues that the construction of middle class Victorian man as the universal subject of history entailed the identification of women as those who are before beyond above or below history Crosby s analysis raises a crucial question for today s feminists how can one read historically without replicating the problem of nineteenth century history The book was first published in 1991

**The Ends of History** ,2013 Why were the Victorians so passionate about History How did this passion relate to another Victorian obsession the woman question In a brilliant and provocative study Christina Crosby investigates the links between the Victorians fascination with history and with the nature of women Discussing both key novels and non literary texts Daniel Deronda and Hegel s Philosophy of History Henry Esmond and Macaulay s History of England Little Dorrit Wilkie Collins The Frozen Deep and Mayhew s survey of labour and the poor

**Female Gothic Histories** Diana Wallace, 2013-03-30 Female Gothic Histories traces the development of women s Gothic historical fiction from Sophia Lee s The Recess in the late eighteenth century through the work of Elizabeth Gaskell Vernon Lee Daphne du Maurier and Victoria Holt to the bestselling novels of Sarah Waters in the twenty first century Often left out of traditional historical narratives women writers have turned to Gothic historical fiction as a mode of writing which can both reinsert them into history and symbolise their exclusion This study breaks new ground in bringing together thinking about the Gothic and the historical novel and in combining psychoanalytic theory with historical contextualisation The Great Tradition

Anthony Brundage, Richard A. Cosgrove, 2007 This book examines the prominent role played by constitutional history from 1870 to 1960 in the creation of a positive sense of identity for Britain and the United States *Mary Queen of Scots* Jayne Lewis, 2005-08-04 As an historical figure Mary Queen of Scots has been perpetually represented on canvas page and stage and has captured the British imagination since the time of her death in 1587 The real Mary Stuart however has remained an enigma *Mary Queen of Scots Romance and Nation* sheds light on Mary s life by exploring four main themes the history of Mary s representation in Britain from the late Tudor period focusing on key periods in the formation of the British identity and closely analysing several texts against a background of the visual musical and literary works of each period the reasons why those representing Mary have been so conscious that her image was largely a debatable fiction the identification of symbolic styles using Mary to reveal the habits of representation in each historical period The link between the image of Mary Stuart and Britain s long struggle to define itself as a single nation focusing on the roles of gender and religion in this

development     *Eyes Across the Channel* Clare A. Simmons, 2022-02-06 This book first published in 2000 uses interpretations of the French Revolution as a model to ask what history meant to Victorian Britain how events became enshrined with the authority of history and how such cultural assumptions might help us to read nineteenth century British literature By examining reactions to French revolution in a broad selection of texts this book explores how the Victorians responded to developments in France in historical terms repeatedly comparing new events to the touchstone of the first French Revolution yet always with the goal of finding ways to understand Britain's own past present and future     **Plotting the News in the Victorian Novel** Valdez Jessica R. Valdez, 2020-05-01 Explores how nineteenth century novels analysed the formal and social workings of news Argues that the concept of fake news was central to the development of the novel form Demonstrates that novelistic realism develops in tension with emerging claims to reality in the newspaper press Contributes to a new wave of scholarship on formal devices in the history of the novel made most visible by the V21 Collective Appeals to scholars in media literary and novel studies as well as a broader public because it traces early theorisations of news discourse Draws upon a real Victorian news story in each of the first three chapters This book shows that novelists often responded to newspapers by reworking well known events covered by Victorian newspapers in their fictions Each chapter addresses a different narrative modality and its relationship to the news Charles Dickens interrogates the distinctions between fictional and journalistic storytelling while Anthony Trollope explores novelistic bildung in serial form the sensation novels of Wilkie Collins and Mary Elizabeth Braddon locate melodrama in realist discourses whereas Anglo Jewish writer Israel Zangwill represents a hybrid minority experience At the core of these metaphors and narrative forms is a theorisation of the newspaper's influence on society     Writing Women's History Since the Renaissance Mary Spongberg, 2017-03-08 The complaint of Catherine Morland in Jane Austen's *Northanger Abbey* that history has hardly any women at all is not an uncommon one Yet there is evidence to suggest that women have engaged in historical writing since ancient times This study traces the history of women's historical writing reclaiming the lives of individual women historians recovering women's historical writings from the past and focusing on how gender has shaped the genre of history Mary Spongberg brings together for the first time an extensive survey of the progress of women's historical writing from the Renaissance to the present demonstrating the continuities between women's historical writings in the past and the development of a distinctly woman centred historiography *Writing Women's History since the Renaissance* also examines the relationship between women's history and the development of feminist consciousness suggesting that the study of history has alerted women to their unequal status and enabled them to use history to achieve women's rights Whether feminist or anti feminist women who have had their historical writings published have served as role models for women seeking a voice in the public sphere and have been instrumental in encouraging the growth of a feminist discourse     **A New Type of Womanhood** Natasha Kirsten Kraus, 2008-08-18 Sociological analysis of the ideology and the reality of True Womanhood as

manifest in 19th century NY state culture and politics as well as those feminist protests and legislative market developments which revised this contradiction

**Feminism and Deconstruction** Diane Elam, 2006-10-19 At last an intelligent and accessible introduction to the relationship between feminism and deconstruction In this incisive and illuminating book Diane Elam unravels the contemporary relevance of feminism and deconstruction how we can still understand and talk about the materiality of women's bodies whether gender can be distinguished from sex the place of ethics and political action in the light of postmodernist theory Clearly and brilliantly written *Feminism and Deconstruction* is essential reading for anyone who needs a no nonsense but stimulating guide through one of the mazes of contemporary theory

*British Women Writers and the Writing of History, 1670-1820* Devoney Looser, 2003-05-01 Chosen by Choice Magazine as an Outstanding Academic Title Until recently history writing has been understood as a male enclave from which women were restricted particularly prior to the nineteenth century The first book to look at British women writers and their contributions to historiography during the long eighteenth century *British Women Writers and the Writing of History 1670 1820* asks why rather than writing history that included their own sex some women of this period chose to write the same kind of history as men one that marginalized or excluded women altogether But as Devoney Looser demonstrates although British women's historically informed writings were not necessarily feminist or even female focused they were intimately involved in debates over and conversations about the genre of history Looser investigates the careers of Lucy Hutchinson Lady Mary Wortley Montagu Charlotte Lennox Catharine Macaulay Hester Lynch Piozzi and Jane Austen and shows how each of their contributions to historical discourse differed greatly as a result of political historical religious class and generic affiliations Adding their contributions to accounts of early modern writing refutes the assumption that historiography was an exclusive men's club and that fiction was the only prose genre open to women

*Olive Schreiner and the Progress of Feminism* C. Burdett, 2001-01-12 *Olive Schreiner and the Progress of Feminism* explores two key areas first the debates taking place in England during the last two decades of the nineteenth century about the position of women and second the volatile events of the 1890s in South Africa which culminated in war between the British Empire and the Boer republics in 1899 Through a detailed reading of the fictional and non-fictional writing of one extraordinary woman Olive Schreiner it traces the complex relations between gender and empire in a modernizing world

**George Eliot's Feminism** June Szirony, 2015-04-14 The question of whether or not George Eliot was what would now be called a feminist is a contentious one This book argues through a close study of her fiction informed by examination of her life's story and by a comparison of her views to those of contemporary feminists that George Eliot was more radical and more feminist than commonly thought

*The Social Life of Fluids* Jules David Law, 2018-07-05 British Victorians were obsessed with fluids with their scarcity and with their omnipresence By the mid nineteenth century hundreds of thousands of citizens regularly petitioned the government to provide running water and adequate sewerage while scientists and journalists fretted over the circulation of bodily fluids In *The Social Life of Fluids* Jules Law traces the fantasies

of power and anxieties of identity precipitated by these developments as they found their way into the plotting and rhetoric of the Victorian novel Analyzing the expression of scientific understanding and the technological manipulation of fluids blood breast milk and water in six Victorian novels by Charles Dickens George Eliot George Moore and Bram Stoker Law traces the growing anxiety about fluids in Victorian culture from the beginning of the sanitarian movement in the 1830s through the 1890s Fluids he finds came to be regarded as the most alienable aspect of an otherwise inalienable human body and paradoxically as the least rational element of an increasingly rationalized environment Drawing on literary and feminist theory social history and the history of science and medicine Law shows how fluids came to be represented as prosthetic extensions of identity exposing them to contested claims of kinship and community and linking them inextricably to public spaces and public debates

Manliness & Civilization Gail Bederman, 2024-05-31 When former heavyweight champion Jim Jeffries came out of retirement on the fourth of July 1910 to fight current black heavyweight champion Jack Johnson in Reno Nevada he boasted that he was doing it for the sole purpose of proving that a white man is better than a negro Jeffries though was trounced Whites everywhere rioted The furor Gail Bederman demonstrates was part of two fundamental and volatile national obsessions manhood and racial dominance In turn of the century America cultural ideals of manhood changed profoundly as Victorian notions of self restrained moral manliness were challenged by ideals of an aggressive overtly sexualized masculinity Bederman traces this shift in values and shows how it brought together two seemingly contradictory ideals the unfettered virility of racially primitive men and the refined superiority of civilized white men Focusing on the lives and works of four very different Americans Theodore Roosevelt educator G Stanley Hall Ida B Wells and Charlotte Perkins Gilman she illuminates the ideological cultural and social interests these ideals came to serve

Figures of Finance Capitalism Borislav Knezevic, 2004-03 Figures of Finance Capitalism brings into focus Victorian narratives by major middle class writers in which the workings of finance capitalism are prominently featured and reads this interest in finance capitalism in the context of middle class misgivings about a class system still dominated by a patrician elite This book illustrates the centrality of finance capitalism to the mid Victorian middle class social imagination by discussing a selection of major Victorian texts by Dickens Gaskell Thackeray and Macaulay In so doing it draws on several new perspectives on British history as offered in the work of historians such as Tom Nairn David Cannadine and P J Cain and A G Hopkins Articulating the basic coordinates for a new sociology of mid Victorian literature Borislav Knezevic views texts through the prism of the mid Victorian literary field and its negotiations of the contemporary field of power

**Fixing Patriarchy** D. Hall, 1996-09-25 Fixing Patriarchy Feminism and Mid Victorian Male Novelists explores representations of monstrous women in mid Victorian literature tracing anxious male responses to the feminist movement of the era It argues that Victorian patriarchy was a fluid theory and set of practices through which Victorian men attempted unsuccessfully to fix gender definitions and their own positions of power In Victorian novels written by men the thorough instability of contemporary conceptions of both

masculinity and femininity is revealed as an entire society struggled with new forms of self awareness and new threats to traditional social structures and systems of belief

**She-Devil in the City of Angels** Cara Anzilotti, 2016-06-20 This compelling study of the American public's response to the fate of accused murderer Hattie Woolsteen uses this legal case to examine the complexities of gender history and societal fears about the changing roles of women during the Victorian era In October of 1887 a young woman named Hattie Woolsteen was accused of murdering her married lover Los Angeles dentist Charles Harlan The subsequent trial captivated the public as few incidents had done before The idea of a female murderer was particularly disturbing in 19th century America and the public quickly labeled her a fiend and a she devil But despite the overwhelming evidence against the accused Hattie Woolsteen was not only acquitted of the charge but emerged as the victim in this sordid drama As the public grappled with the details of Hattie's alleged crime she became a symbol of female victimization and gender inequality as well as an unlikely champion of women's rights This book provides the fascinating and lurid details of the Hattie Woolsteen murder case within the context of 19th century American social history allowing readers to view this event in historical perspective Its chapters examine the various factors that influenced public opinion about the case and its outcome including Victorian attitudes about gender roles and women's place in American society as well as sexuality and crime common concerns about the societal consequences of rapid urbanization the power of the Victorian era press in shaping public opinion and the subjective nature of the criminal justice system in that time period

**An Everyday Life of the English Working Class** Carolyn Steedman, 2013-12-05 Unique and fascinating account of English working class life at the turn of the nineteenth century by celebrated historian Carolyn Steedman

**The Birth of the Museum** Tony Bennett, 2013-10-18 In a series of richly detailed case studies from Britain Australia and North America Tony Bennett investigates how nineteenth and twentieth century museums fairs and exhibitions have organized their collections and their visitors Discussing the historical development of museums alongside that of the fair and the international exhibition Bennett sheds new light upon the relationship between modern forms of official and popular culture Using Foucaultian perspectives The Birth of the Museum explores how the public museum should be understood not just as a place of instruction but as a reformatory of manners in which a wide range of regulated social routines and performances take place This invigorating study enriches and challenges the understanding of the museum and places it at the centre of modern relations between culture and government For students of museum cultural and sociology studies this will be an asset to their reading list
