Critical Modesty in Contemporary Fiction Thom Dancer, 2021 From climate catastrophe to pandemics and economic crises the problems facing humanity are dizzyingly complex and increasingly planetary in scale Critical Modesty in Contemporary Fiction argues for contemporary fiction s capacity to help those who may feel despair at the enormity of such problems not as one might think through the ambitious search for grand solutions but rather by inculcating a temperament of modesty This new temperament of critical modesty locates the fight for freedom and human dignity within the limited and compromised conditions in which we find ourselves Through readings of Ian McEwan Zadie Smith J M Coetzee and David Mitchell this volume shows how contemporary works of literature model modesty as a critical temperament Exploring modest forms of entangled human agency that represent an alternative to the novel of the large scale that have been most closely associated with the Anthropocene it makes the surprising yet compelling case that precisely by adopting a modest stance the novel actually has the potential to play a more important socio cultural role In doing so the book offers an engaging response to the debate over critical and surface readings bringing novels into the conversation and arguing for a fictional mode that is both critical and modest reminding us how much we are already engaged with the world implicated and compromised before we start developing theories writing stories or acting within it

Strategies of Ambiguity Matthias Bauer, Angelika Zirker, 2023-09-13 There has been a growing awareness that ambiguity is not just a necessary evil of the language system resulting for instance from its need for economy or by contrast a blessing that allows writers to involve readers in endless games of assigning meaning to a literary text The present volume contributes to overcoming this alternative by focusing on

strategies of ambiguity and the strategic avoidance of ambiguity both at the production and the reception end of communication. The authors examine ways in which speakers and hearers may use ambiguous words, structures, references and situations to pursue communicative ends. For example, the question is asked what it actually means when a listener strategically perceives ambiguity, which may happen both synchronically e.g. in conversations as well as diachronically e.g. when strategically ambiguating biblical texts in order to make them applicable to moral lessons. Another example is the question of whether ambiguity awareness increases the strategic use of ambiguity in prosody. Moreover, the authors enquire not only into the effects of ambiguous meanings but also into the strategic use of ambiguity as such, for example as a response to censorship or as a means of provoking irritation. This volume brings together several contributions from linguistics, literary studies, rhetoric, psychology and theology and it aims to provide a systematic approach to the strategic production and perception of ambiguity in a variety of texts and contexts. A Novel Love Story Ashley Poston, 2024-06-25 NEW YORK TIMES BESTSELLER. A professor of literature finds herself caught up in a work of fiction, literally, from the New York Times bestselling author of *The Seven Year Slip* and *The Dead Romantics*. Eileen Merriweather loves to get lost in a good happily ever after. The fictional kind, anyway. Because at least imaginary men don't leave you at the altar. She feels safe in a book. At home. Which might be why she's so set on going her annual book club retreat this year: she needs good friends, cheap wine, and grand romantic gestures, no matter what. But when her car unexpectedly breaks down on the way, she finds herself stranded in a quaint town that feels like it's right out of a novel. Because it is. This place can't be real, and yet she's here in Eloraton, the town of her favorite romance series, where the candy store's honey taffy is always sweet, the local bar's burgers are always a little burnt, and rain always comes in the afternoon. It feels like home. It's perfect, and perfectly frozen, trapped in the late author's last unfinished story. Elsy is sure that's why she must be here to help bring the town to its storybook ending. Except there is a character in Eloraton that she can't place: a grumpy bookstore owner with mint green eyes, an irritatingly sexy mouth, and impeccable taste in novels. And he does not want her finishing this book. Which is a problem, because Elsy is beginning to think the town's happily ever after might just be intertwined with her own.

The Face of the Other in Anglo-American Literature Marija Knežević, 2011-09-22. If we have established that our approach to the phenomena that are other to us is always a matter of semiosis and that even in an attempt to naturalize phenomenology like the one made by Maurice Merleau-Ponty, who points to the corporeity of consciousness as much as an intentionality of the body, it appears that our most negligible movements present our cultural being or habituality. Cf. Iris Young, *Throwing Like a Girl* (1990/2005). However, many thinkers have claimed, for example the novelist D.H. Lawrence or philosopher Luce Irigaray, that we know by touch and intuition. The papers collected in this book examine our approach to these issues in an essentially post-theory world, particularly enquiring if twentieth-century theory

has left us clear directions of where we are supposed to be looking for new ways of understanding and representing the phenomenological The way the Other exists in the consciousness that as Hegel said always pursues its death becomes especially interesting in the context of the development of Anglo American studies in the post postmodern world which sees the West as a changeable cultural and geographical concept that incorporates a multiplicity of others Yet at the same time a number of contemporary Anglo American writers insists on the prolonged effects of colonialism in the modern world in which outbursts of violence and hatred aimed at the Other prove that the modern world still cannot approach the Other without bigotry

FRAGMENTS OF AN UNFINISHED LOVE STORY BENOBITHA M Sangma,2025-09-05 This novel is a deeply personal and poetic tribute born out of love loss and memory At its heart lies a story of two souls connected across continents by the fragile wires of digital conversation Through late night exchanges shared dreams and a passion for folklore poetry and storytelling they nurtured an intellectual and emotional intimacy that transcended geography When fate severs this bond silence becomes the narrator s companion Yet out of grief grows creation the unfinished manuscript of the beloved becomes the seed for a narrative that seeks to immortalize their connection The novel blends memory with imagination weaving ancient tales personal reflections and lyrical prose into a meditation on love that defies boundaries of space time and even death It is both a lament for what was lost and a celebration of what endures the brilliance of a mind the cadence of verse the

spark of a muse and the power of storytelling to carry love beyond mortality Ian McEwan Jonathan Noakes, Margaret Reynolds, 2012-03-31 In *Vintage Living Texts* teachers and students will find the essential guide to the works of Ian McEwan. This guide will deal with his themes, genre and narrative technique and a close reading of the texts will be accompanied with likely exam questions and contexts and comparisons as well as providing a rich source of ideas for intelligent and inventive ways of approaching the novels **Ian McEwan** Dominic Head, 2013-07-19 In this survey Ian McEwan emerges as one of those rare writers whose works have received both popular and critical acclaim. His novels grace the bestseller lists and he is well regarded by critics both as a stylist and as a serious thinker about the function and capacities of narrative fiction. McEwan's novels treat issues that are central to our times: politics and the promotion of vested interests, male violence and the problem of gender relations, science and the limits of rationality, nature and ecology, love and innocence and the quest for an ethical worldview. Yet he is also an economical stylist. McEwan's readers are called upon to attend not just to the grand themes but also to the precision of his spare writing. Although McEwan's later works are more overtly political, more humane and more ostentatiously literary than the early work, Dominic Head uncovers the continuity as well as the sense of evolution through the oeuvre. Head makes the case for McEwan's prominence, pre-eminence even in the canon of contemporary British novelists **Oversight Hearings on Library Services and Construction Act** United States. Congress. House. Committee on Education and Labor. Subcommittee on Postsecondary Education, 1984 **Books and Notes of the Los Angeles County Free Library** Los Angeles County Public Library, 1929 **(Im)politeness in McEwan's Fiction** Urszula Kizelbach, 2023-02-22 This book is a pragma-stylistic study of Ian McEwan's fiction providing a qualitative analysis of his selected novels using im-politeness theory. Im-politeness is investigated on two levels of analysis: the level of the plot and the story world (intradiegetic level) and the level of the communication between the implied author and implied reader (extradiegetic level). The pragmatic theory of im-politeness serves the aim of internal characterisation and helps readers to better understand and explain the characters' motivations and actions based on the stylistic analysis of their speech and thoughts and point of view. More importantly, the book introduces the notion of the impoliteness of the literary fiction: a state of affairs where the implied author or narrator expresses their impolite beliefs to the reader through the text, which has face-threatening consequences for the audience, e.g. moral shock or disgust, dissociation from the protagonist, feeling hurt or put out. Extradiegetic impoliteness, one of the key characteristics of McEwan's fiction, offers an alternative to the literary concept of a secret communion of the author and reader. Booth (1961) describing an ideal connection or good rapport between these two participants of fictional communication. This book aims to unite literary scholars and linguists in the debate on the benefits of combining pragmatics and stylistics in literary analysis and it will be of interest to a wide audience in both fields **Posting the Male** Daniel Lea, Berthold Schoene-Harwood, 2003 The essays collected in *Posting the Male* examine representations of masculinity in post-war and contemporary British literature focussing on the works of writers as diverse as

John Osborne Joe Orton James Kelman Ian Rankin Carol Ann Duffy Alan Hollinghurst Ian McEwan Graham Swift and Jackie Kay The collection seeks to capture the current historical moment of crisis at which masculinity loses its universal transparency and becomes visible as a performative gender construct Rather than denoting just one fixed polarised point on a hierarchised axis of strictly segregated gender binaries masculinity is revealed to oscillate within a virtually limitless spectrum of gender identities characterised not by purity and self containment but by difference and alterity As the contributors demonstrate rather than a gender in crisis millennial manhood is a gender in transition Patriarchal strategies of man making are gradually being replaced by less exclusionary patterns of self identification inspired by feminism Men have begun to recognise themselves as gendered beings and as a result masculinity has been set in motion **Indian Review of Books** ,1998
