Такі уроки мають особливу структуру, але теорія УКП, на жаль, ще не розроблена. УКП мають особливі цілі, форми і особливу методику визначення результативності. Реальна перспектива – використання домашнього комп'ютера в якості навчального засобу, самостійна навчальна діяльність, активне втручання вчителя в домашню освіту через персональний комп'ютер при дистанційному навчанні.
