Nathalie Campeau, Your heart is a source of energy Did you know that your heart not your brain is the organ of your body that produces most energy As measured by an EKG the electrical current which it produces is 50 times stronger than that of the brain This electromagnetic field can be detected up to 15 feet away from the body Consequently our inner cardiac energy can influence others parents holding a baby in their arms will surround this baby with their loving energy So will embraced lovers Moreover people at small distance will affect each other's field and influence the conversation's tone Beyond its fundamental importance in culture as well as literature your heart is much more than a pump that produces blood circulation It has many complex functions as it acts as an endocrine gland that produces hormones a sophisticated nervous system an electricity generator Indeed we can talk about a little brain in your chest that gathers information communicates and has its own intelligence That from your brain is different from that of your heart and plays a different role Recent research in the field of neuro cardiology has improved our understanding of the respective roles of both organs Specialists have long recognized that one has the power to influence the other Researchers have now proved that the heart has the power to modulate brain activity and to optimize its function Scientists describe a state of well being called cardiac coherence obtained by synchronizing both which yields remarkable benefits in the areas of health personal energy and relationships How can you tap into the powerful energy of your own heart An easy way to access your energy is to trigger a state of cardiac coherence I have developed a simple technique called Heart Smiling that allows you to better use the energy of your heart and can restore your personal energy at will Heart Smiling is a groundbreaking easy to learn technique that allows you to tap into the dynamism of your cardiac organ's superior and positive emotions like appreciation gratitude compassion generosity understanding and love These feelings when felt and experienced release hormones into your blood stream that make you feel good and energized Heart Smiling is a practical tool that has the power to change your inner state and improve your relationship to yourself and to your world According to Pierre Teilhard de Chardin love is the most astounding cosmic energy We have access to this amazing force and can use it in our daily lives It resides in our chest and we can tap into it at will to recharge our batteries and transmit it to those we love So Let us replenish ourselves with this vitality and love force and share a Better Heart Energy to those we cherish and love What are the benefits to using your heart energy on

a daily basis Research in the area of heart energy and cardiac coherence indicate definite benefits in stress management physical and emotional health improved mental capacities and smoother interpersonal relationships at home and at work Smiling practitioners report feeling at once calmer and energized Smilers feel it easier to stop wasting their precious energy and time on energy sappers They feel unconstrained and free to spend their energy on what matters to them Learn to use the Energy of your Heart to transform your life for the better at home and at work We hope that this practical book will help you throughout the way a better life and well being Sincerely Nathalie Campeau

Being A Psychic Vampire Kate Silveness Gallwey ,2024-08-02 I am a psychic vampire There are a few out there not as many as you may think but all of us is an energy leach sometime in their life Now according to traditional books on these subjects I have to define to you what I mean by the term psychic vampire and energy leach All living creatures emit energy A human emits a very complex range of energies A psychic uses energy of the mind body and emotion to read people and situations A psychic vampire feeds off this energy so does an energy leech But the latter is a temporary situation the other is born with the need for energy or they get sick Simple enough Probably too simple I am going to complicate things a little now Everyone of us has needed attention and energy at sometime in our lives It is not a bad thing unless it become an addiction or there is an inbuilt trait of lack and need This is where the lines get blurry My question was what is the difference between an energy leach and an unawakened psychic vampire and the answer is not much A desperate energy leach can get enough and move on a psychic vampire has a larger problem was the initial answer A Journey into the very strange waters of vampires that do not sparkle
