Engendering The Word Feminist Essays In Psychosexual Poetics:

Engendering the Word Temma F. Berg, 1989 **Gender and the Journal** Associate Professor of English and Director of Core Writing Cinthia Gannett, Cinthia Gannett, 1992-01-01 This book explores the gendered historical and social contexts and discursive traditions that have characterized journals and diaries in academic discourse The tension between the term journal which has a variety of positive public and scholarly connotations and the term diary which is currently understood as a feminized trivial and confessional kind of writing inappropriate for school is a critical part of the problem This book uses the developing and shifting notions of diary and journal to explore several critical questions about the larger relations between gender language canonicity and academic discourse **Gender, Desire, and Sexuality in T. S. Eliot** Cassandra Laity, Nancy K. Gish, 2004-10-28 This collection of essays brings together scholars from a wide range of critical approaches to study T S Eliot's engagement with desire homoeroticism and early twentieth century feminism in his poetry prose and drama Ranging from historical and formalist literary criticism to psychological and psychoanalytic theory and cultural studies **Gender Desire and Sexuality in T S Eliot** illuminates such topics as the influence of Eliot's mother a poet and social reformer on his art the aesthetic function of physical desire the dynamic of homosexuality in his poetry and prose and his identification with passive or feminine desire in his poetry and drama The book also charts his reception by female critics from the early twentieth century to the present This book should be essential reading for students of Eliot and Modernism as well as queer theory and gender studies **Fay Weldon's Fiction** Finuala Dowling, 1998 This study raises several issues of general relevance to contemporary writing and criticism The role of the media in presenting both author and oeuvre the position of the woman writer vis a vis feminism the confrontation of feminism and postmodernism the question of popular versus high art forms and the emergence of the author as public oracle are considered in relation to Weldon's considerable literary output **Memory and Memorials, 1789-1914** Matthew Campbell, Jaqueline M. Labbe, Sally Shuttleworth, 2002-11-01 Ranging historically from the French Revolution to the beginnings of Modernism this book examines the significance of memory in an era of furious social change Through an examination of literature history and science the authors explore the theme of memory as a tool of social progression This book offers a fresh theoretical understanding of the period and a wealth of empirical material of use to the historian literature student or social psychologist **Contemporary American Women Writers** Lois Parkinson Zamora, 2017-09-29 This collection brings together critical essays that examine questions of identity and community in the fiction of contemporary American women writers among them Alice Walker Toni Morrison and Sandra Cisneros The essays consider how identities and societies are dramatized in particular works of fiction and how these works reflect cultural communities outside the fictional frame often the communities in which their authors live and work The essays included here concern fictional representations of African American Latino Asian American Native American Anglo and Euro American communities and their working interactions in the multicultural United States Each critic asks in his or

her own way how a particular writer transforms her social grounding into language and literature The introduction includes an overview of the range of literary criticism devoted to contemporary American women writers and an extensive bibliography of complementary critical readings is provided to encourage further study Undergraduate and postgraduate students of contemporary literature will find the text an invaluable guide to contemporary women's writing in America and the range of criticism that this has given rise to *The Posthumous Voice in Women's Writing from Mary Shelley to Sylvia Plath* Claire Raymond, 2016-12-05 This provocative book posits a new theory of women's writing characterized by what Claire Raymond calls the posthumous voice This suggestive term evokes the way that women's writing both forefronts and hides the author's implied body within and behind the written work Tracing the use of the disembodied posthumous voice in fiction and poetry by Mary Shelley Emily Bront Emily Dickinson and Sylvia Plath Raymond's study sounds out the ways that the trope of the posthumous voice succeeds in negotiating the difficult cultural space between the concept of woman's body and the production of canonical literature Arguing that the nineteenth century cult of mourning opens to women's writing the possibility of a post Romantic self elegy Raymond explores how the woman writer's appropriation and alteration of elegiac conventions signifies and revises her disrupted relationship to audience Theorizing the posthumous voice as a gesture by which the woman writer claims and in some cases gains canonicity Raymond contends that the elegy posed as if written by a dead woman for herself both describes and subverts the woman writer's secondary status in the English canon For the woman writer the self elegy permits access to a topos central to canonical literature with the implementation of the trope of the posthumous voice marking a crucial site of woman's interaction with the English canon **Delmira Agustini, Sexual Seduction, and Vampiric Conquest** Cathy L. Jade, 2012-07-10 Delmira Agustini 1886 1914 has been acclaimed as one of the foremost modernistas and the first major woman poet of twentieth century Spanish America Critics and the reading public alike were immediately taken by the originality and power of her verse especially her daring eroticism her inventive appropriation of vampirism and her morbid embrace of death and pain No work until now however has shown how her poetry reflects a search for an alternative feminized discourse a discourse that engages in an imaginative dialogue with Rub n Dar o's recourse to literary paternity and undertakes an audacious rewriting of social sexual and poetic conventions In the first major exploration of Agustini's life and work Cathy L Jade examines her energizing appropriation and reinvention of modernista verse and the dynamics of her breakthrough poetics a poetics that became a model for later women writers

Rich and Strange Marianne DeKoven, 2021-07-13 Like the products of the sea change described in Ariel s song in *The Tempest* modernist writing is rich and strange Its greatness lies in its density and its dislocations which have until now been viewed as a repudiation of and an alternative to the cultural implications of turn of the century political radicalism Marianne DeKoven argues powerfully to the contrary maintaining that modernist form evolved precisely as a means of representing the terrifying appeal of movements such as socialism and feminism Organized around pairs and groups of female and male signed texts the book reveals the gender inflected ambivalence of modernist writers Male modernists desiring utter change nevertheless feared the loss of hegemony it might entail while female modernists feared punishment for desiring such change With water imagery as a focus throughout DeKoven provides extensive new readings of canonical modernist texts and of works in the feminist and African American canons not previously considered modernist Building on insights of Luce Irigaray Klaus Theweleit and Jacques Derrida she finds in modernism a paradigm of unresolved contradiction that enacts in the realm of form an alternative to patriarchal gender relations

The Disobedient Writer Nancy A. Walker, 1995 For centuries women who aspired to write had to enter a largely male literary tradition that offered few if any literary forms in which to express their perspectives on lived experience Since the nineteenth century however women writers and readers have been producing disobedient counter narratives that while clearly making reference to the original texts overturn their basic assumptions This book looks at both canonical and non canonical works over a variety of fiction and nonfiction genres that offer counter readings of familiar Western narratives Nancy Walker begins by probing women s revisions of two narrative traditions pervasive in Western culture the biblical story of Adam and Eve and the traditional fairy tales that have served as paradigms of women s behavior and expectations She goes on to examine the works of a wide range of writers from contemporaries Marilynne Robinson Ursula Le Guin Anne Sexton Fay Weldon Angela Carter and Margaret Atwood to precursors Caroline Kirkland Fanny Fern Mary De Morgan Mary Louisa Molesworth Edith Nesbit and Evelyn Sharp

The Poetics of Enclosure Lesley Wheeler, 2002 *The Poetics of Enclosure* provocatively explores interconnections between Dickinson Moore H D Brooks Bishop and Dove in the dual context of their manipulations of the traditional lyric and use of shared images of enclosure With frequent reference to male as well as female influences and to poets marginalized by sexuality or race Wheeler usefully refines what she argues is particular to these poets shared lyric practices and concerns and links those concerns to other poetic traditions
