End Of Liberal Theology Contemporary Challenges To Evangelical Orthodoxy:

The End of Liberal Theology Peter Toon, 2010-10-01 Modern theology is a maze of conflicting beliefs In fact the shape of contemporary theology has changed so much in this century and especially since the 1960s that it s hard to make sense of it all Of not only what the various belief systems mean but how we came to be where we are within those systems In *The End of Liberal Theology* respected theological lecturer and author Peter Toon introduces evangelicals to modern forms of doctrine and theology both Protestant and Roman Catholic He does so by discussing the basics of orthodoxy by speaking to the various points of accommodation that have resulted in new forms of theology and by dissecting liberalism and its effect on evangelicalism This book is thus a family tree of modern theology showing how the various contemporary forms and those that preceded them are related to each other With its comprehensive analysis *The End of Liberal Theology* is destined to be a yardstick by which critical evaluations of current doctrines both old and new liberal and conservative will be made *The*

Christology of John Macquarrie Vernon L. Purdy, 2009 *The Christology of John Macquarrie* comprehensively scrutinizes the life and writings of Scottish born systematic theologian and philosopher John Macquarrie 1919 2007 in an attempt to comprehend and evaluate his *Christology* The author examines the people e g Heidegger Schleiermacher the philosophical and theological positions and the writings that formed Macquarrie s thinking One major influence was his commitment to modern critical theology including the premise that in the modern world the only acceptable Christological tenets are those that can stand up to the scrutiny of modern critical reasoning The work concludes that this commitment profoundly shaped Macquarrie s theology especially his *Christology* The book also discusses Macquarrie s evaluation and criticisms of the *Christology* of other theologians e g Kierkegaard Moltmann Pannenberg and others concluding that Macquarrie s understanding of the Christian faith and the person of Jesus Christ is consonant with modern liberal Anglo Catholicism This idea furthers the argument that Macquarrie s reluctance to accept traditional incarnational categories suggests that his *Christology* is a modern form of Adoptionism *The Last Things* Donald G. Bloesch, 2010-03-23 In *The Last Things* Donald G

Bloesch takes up difficult and sometimes controversial themes such as the coming of the kingdom of God the return of Jesus Christ the life hereafter the millennial hope the final judgment hell heaven purgatory and paradise Wrestling with biblical texts that often take metaphorical form Bloesch avoids rationalistic reductionism as well as timid agnosticism While he acknowledges mystery and even paradox Bloesch finds biblical revelation much more than sufficient to illuminate the central truths of a Christian hope articulated throughout the history of the church *The Last Things* is not just a review of past Christian eschatology but a fresh articulation of the grace and glory of God yet to be consummated The triumph of the grace of Jesus Christ and the dawning of hope beckon us to reach out in the power of the Spirit to receive that blessed future and the promise to renew the life of the church universal today **Reformed and Catholic** Roberta Bayer, 2012-08-22 A

Centennial Ruminations on Max Weber's the Protestant Ethic and the Spirit of Capitalism Isaacs Mark, 2006-03-13 In 1904 1905 Max Weber published the sociological classic The Protestant Ethic and the Spirit of Capitalism In this book Weber argues that religion specifically ascetic Protestantism provided the essential social and cultural infrastructure that led to modern capitalism Weber suggests that Protestantism has an affinity for capitalism Indeed something within Protestantism by accident or design creates the necessary preconditions that lead to the flowering of a just free and prosperous society At the same time Weber wonders if the economic backwardness of certain societies and regions of the world are somehow related to their religious affiliation Weber's century old thesis challenges the erroneous core assumptions of many secular humanists postmoderns Roman Catholic traditionalists and Islamists In view of the threat of the War on Terror and in the face of the inadequate response of secularist and post modern intellectuals it is vital that we understand and appreciate the profound paradigm shift that occurred during the sixteenth and seventeenth century that led to the unfolding of modern capitalism Despite a plethora of critics Max Weber's one hundred year old thesis still stands
