The Shaman in the Disco and Other Dreams of Masculinity James Thomas, 2006-06-21 E X C E R P T S from The Shaman in the Disco it often happens for men that sensual deprivation leads to sexual obsession Not knowing how to be with his inner alienation he brings it to his girlfriend and experiences it inaccurately as estrangement between them This perilous move to seek one's psychological moorings in someone else is to a great extent the fulfillment of our cultural fantasy of love I see in the image of Dracula bent over the entranced woman and sucking her blood the inevitable outcome of a man's desire who has been socialized into a hostile relationship towards all things in himself we in our culture call feminine He Darth Vader has literally and figuratively opened up become unmasked and he and Luke share a moment of unguarded closeness It will be their first and last because along the lines of many father son scenes like this in American film and literature the defenses and guardedness fall away only when the father or son is dying As if in male culture one could only die for not live with this sort of closeness Love requires of us the ability to surrender our ego needs to the greater ideal of union with another this first necessitates that we can surrender our ego defenses to a greater awareness of and intimacy with ourselves      *By the Time We Got to Woodstock* Bruce Pollock, 2009 Discusses the climate of rock music in 1969 from the Beatles to the Grateful Dead and its relationship with politics current events and race relations      *Exploring the Collective Unconscious in the Age of Digital Media* Schafer, Stephen Brock, 2016-01-28 For decades we have witnessed the emergence of a media age of illusion that is based on the principles of physics the multidimensionality immateriality and non locality of the unified field of energy and information as a virtual reality As a result a new paradigm shift has reframed the cognitive unconscious of individuals and collectives and generated a worldview in which mediated illusion prevails Exploring the Collective Unconscious in a Digital Age investigates the cognitive significance of an altered mediated reality that appears to have all the dimensions of a dreamscape This book presents the idea that if the digital media sphere proves to be structurally and functionally analogous to a dreamscape the Collective Unconscious researched by Carl Jung and the Cognitive Unconscious researched by George Lakoff are susceptible to research according to the parameters of hard science This pivotal research based publication is ideally designed for use by psychologists theorists researchers and graduate level students studying human cognition and the influence of the digital media revolution      *The political aesthetics of the Armenian avant-garde* Angela Harutyunyan, 2017-03-17 This book addresses late Soviet and post Soviet art in Armenia in the context of turbulent transformations from the late 1980s to 2004 It explores the emergence of contemporary art in Armenia from within and in opposition to the practices aesthetics and institutions of Socialist Realism and National Modernism This historical study outlines the politics liberal democracy aesthetics autonomous art secured by the gesture of the individual artist and ethics ideals of absolute freedom and radical individualism of contemporary art in Armenia and points towards its limitations Through the historical investigation a theory of post Soviet art historiography is developed one that is based on a dialectic of
