End Of An Age:

At the End of an Age John Lukacs, 2003-09-10 At the End of an Age is a deeply informed and rewarding reflection on the nature of historical and scientific knowledge. Of extraordinary philosophical, religious, and historical scope, it is the product of a great historian's lifetime of thought on the subject of his discipline and the human condition. While running counter to most of the accepted ideas and doctrines of our time, it offers a compelling framework for understanding history, science, and man's capacity for self-knowledge. In this work, John Lukacs describes how we in the Western world have now been living through the ending of an entire historical age that began in Western Europe about five hundred years ago. Unlike people during the ending of the Middle Ages or the Roman empire, we can know where we are. But how and what is it that we know? In John Lukacs's view, there is no science apart from scientists, and all of science, including our view of the universe, is a human creation imagined and defined by fallible human beings in a historical continuum. This radical and reactionary assertion, in its way a summa of the author's thinking expressed here and there in many of his previous twenty odd books, leads to his fundamental assertion that, contrary to all existing cosmological doctrines and theories, it is this earth which is the very center of the universe, the only universe we know and can know.

The End of the Age Has Come C. Marvin Pate, 1995 The Christian, according to the apostle Paul, lives between two times. The end is already present with Christ's death and resurrection, but the end is yet to come with his second appearing. Following the seminal work of Oscar Cullmann, Marvin Pate argues that this already-not-yet eschatological tension lies at the heart of all writings of the apostle Paul and is in fact the key to understanding them. Pate traces the concept of already-not-yet back to its Jewish roots and shows with exceptional clarity how Paul's teachings on God, Christ, human beings, salvation, the Holy Spirit, the church, society, and the last things can be successfully placed within this already-not-yet framework. In his analysis, Pate exegetes numerous key passages in the Pauline letters.

The End of the Age Frederick Guttman, In the first part of Apocalypse Remote Vision, we have observed the points that deal with what is related to the Great Tribulation that our world will live and even the elect and faithful so that with this many may be perfected and likewise many other lukewarm awaken. I have told you that the basis of these two end world books is intuition, premonition, visions, revelations, dreams, extrasensory perception, and remote viewing regarding things to come, and I have chosen many topics that I have been able to compare and link with each other. There are other popular people who have seen remarkable things, but some of them are not the subject that I am dealing with here at the moment, or they are not entirely clear. There are others from which data can be taken with tweezers, as is the case of Mrs. Baba Vanga, a Bulgarian citizen who predicted many things in her time. She is said to have given specific dates for future events, but the times and sequences attributed to the events predicted by her are exaggerated and mixed up in their temporal location. Baba Vanga would have died on August 11, 1996, at the age of 85, and the only allusion that seems coherent that he gave for just after his death is the one that defines that by 2018 the nation of China would become the new power world. Even

so we will see that this will not be exactly the case despite the fact that it is now the global economic power and perhaps the second or third military power on our planet If we remove the dates that he is supposed to have mentioned and simply refer to his warnings then we do have logical citations and which coincide with a host of other prophecies Vanga is said to have prophesied that after China became the world power the subsequent thing would be that the Earth's orbit would change slightly I would also have argued that then Europe would have serious demographic problems that hunger would slowly become a problem for humanity that there would be polar melting and strong sea level rise and the like It is also said that he warned that later the world economy would improve remarkably while in Europe the Muslims dominate We already know that this has to do with the new currency and the Islamic invasion but Vanga adds something strange *The Apocalypse! Kingdom Theology G. Carlton Moore, 2024-06-18 What this book argues for in today's twenty first century church was a hallmark doctrine of old school Presbyterianism of the nineteenth century the doctrine of the spirituality of the church Which eschatological approach one uses will affect one's understanding of the nature and practice of missions Mission creep the expansion of the church's original objective's is a real concern for the contemporary church and how one understands eschatology affects one's focus on missions The mission of the church is narrow Matt 28 18 20 and the calling of individual believers is broad Rom 12 1 2 If we fail to make this crucial distinction the church's mission will lose its biblical emphasis And if the church's mission is lost then the authority structure instantiated in the offices and officers of the church devolves into illegitimacy because the church is no longer advancing the kingdom ends she was mandated to do by King Jesus If the institutional church fails to do this we will be relinquishing and abdicating and abandoning our most singular and particular and peculiar kingdom of God vocation the harvesting gathering and perfecting of the saints

In-Visible Simplicity James Scott Rollo, 2012-06 There is knowledge understanding and spiritual illumination in this book never seen or written ever in the recorded commentary of biblical history This is a phenomenon of the moment arising out of Words in Daniel's book that have been closed up and sealed till the time of the end The challenge confronting every Christian regardless of his spiritual age or position is in recognizing that there is much more to know about God than we know but to know more we must be willing to continually repent and change our minds when the Lord allows us to see a clearer vision of the Truth Those who set aside every influence outside of the simple literal Words of inspired scripture receive knowledge and understanding unavailable from any other source Theologians of every degree have never seen the thoughts and observations illuminated in the precept upon precept chapters of this book If we allow the theologian

tradition or the worldly church to control our mind we will miss the blessing of simply believing the purity of the Word God gave us a good mind and He expects us to use it to His glory by understanding the Words He wants us to hear The In Visible Truth is an immeasurable blessing hidden in simplicity Identifying doctrinal errors in the church along with seeing biblical specifics of RAPTURE carries the believer far beyond the significance of knowing when Jesus will come again The Lord is right on time every time and it is now time that we understand many things that the He did not allow us to understand in the past Be blessed James Scott Rollo The Genesis of the Bible Shaka Saye Bambata Dolo,2012-03-06 This book is about Christianity Islam Judaism and how the Arabs and Europeans took these Afrikan Religious Belief Systems from ancient Egypt North Afrika and used them during The Trans Sahara Afrikan Slave Trade by the Arabs in the name of Allah and followed by The Transatlantic Afrikan Slave Trade by the Europeans in the name of Jesus to enslave the bodies minds and souls of the Afrikan Race This book is about the Jesus Deception that has been passed on down through history by European historians that is still being taught around the world today This book takes a provocative intellectual scholastic historical cultural and sociological look at the Bible This book identifies the names of the translators of the King James Bible of 1611 A D and when the chapters and verses in the Bible were created and who created them The purpose of this book is to expose the historical cultural sociological religious and theological lies of the Europeans and the Arabs This book reveals the truth of the origination of The Bible as There Is No Religion Higher Than The Truth Join me in an intellectual odyssey through time Here I feel like a Lone Warrior standing before a mighty army Come with me on this perilous pilgrimage as we travel through a parallel universe I dedicate this book to my mother and father who gave me life To the rest of my Native Afrikan family for supporting me and encouraging me on this publishing venture To the Heavenly Father without whom none of this would be possible There are others I would also like to thank for being a part of helping me through this journey called Life such as my professors at the Alabama State University where many a great scholars paths I have crossed To my American family and friends in Mobile Alabama who nurtured and taught me from childhood to adulthood The many friends and colleagues I met in my travels all across America in my intellectual journey and last but certainly not least to my publisher for granting me the opportunity to speak to many all around the world in this forum I am eternally indebted to you all Thank you **The End of the Scroll** Herold Weiss,2020-06-24 Preachers teachers and self proclaimed prophets frequently claim that the end of the world is near often based on their interpretation of Bible books such as Daniel and Revelation Are these claims justified Is there a valuable message in these books In this masterful book Dr Herold Weiss applies a lifetime of study teaching and writing on the Bible to helping readers understand apocalyptic literature and symbolism Avoiding the common error of simply finding something in recent history that can be tied to the text in some way he seeks the purpose of each of the writers Why when expected events failed to take place as predicted did the readers of these books still hold onto them as valuable What is it that they communicated to those readers and can we make use of it now Dr Weiss examines a number of

apocalyptic sources some of which you might not have regarded as apocalyptic He finds however that these writers are thinking and writing in a world of apocalyptic imagery From Ezekiel Zechariah and Daniel in the Old Testament to the synoptic gospels Paul's letters and the general epistles in the new Weiss outlines how understanding the apocalyptic view of the universe can be critical in understanding the message presented As with previous books by Dr Weiss such as *Meditations on According to John* and *Meditations on the Letters of Paul* this book provides a practical view of biblical theology in action He looks at both the broad overview of the message giving a framework and then fills in the details on a verse by verse passage by passage basis so the reader can see how individual statements and themes fit into a larger framework He concludes by pointing out how by understanding the work of the apocalypticists and following the examples of their readers we can find spiritual value and encouragement in these books This book is suitable as an introduction to apocalyptic literature or as a way of organizing one's thinking after reading a number of these books It would also be suitable for reading in an experienced small study group
