frontloading Particularly seven formula quotations constellate to establish a redemptive historical setting inside of which the rest of the narrative operates This setting is defined by Old Testament expectations for David s great son to end Israel s exile and rule the nations Piotrowski contends that the rhetorical effect of this intertextual storytelling was to provide the Matthean community with an identity in a contentious atmosphere in terms of God s historical design for the ages now fulfilled in Jesus and his followers

Copp'd Hills Towards Heaven Shakespeare and the Classical Polity Howard B. White,2012-12-06 The departmentalism of American universities has doubtless much to recommend it It indicates that exuberance is not a sufficient substitute for scholarship that for better or for worse every scholar today must be something of a specialist But when any great writer and great thinker reaches out and grasps the whole of human life the study of his work transcends specialization And while exuberance may not replace scholarship it may accompany it Most of my work has been done in the history of political philosophy I have dared to overstep departmental boundaries because I believe that Shakespeare has something to say to political philosophy I am not the first to express this view Whether I express it well or badly I shall not be the last I want to thank Leo Strauss my teacher He has read the manuscript and given me the benefit of his insight and judgment I want to thank Richard Kennington who has taken so much time from his own work to comment meticulously and constructively on this work as on other things I have written His help has been generous and my appreciation is deep I must in particular thank my colleague Adolph Lowe He has perused this study much of it in several versions Through long walks in Manchester Vermont we have discussed my work and his comments Usually his comments have been compelling I can regret only that I am completely unqualified to reciprocate
