The End of Intelligent Writing Richard Kostelanetz,1974 **Learning on the Left** Stephen J. Whitfield,2020-09-15
Brandeis University is the United States only Jewish sponsored nonsectarian university and while only being established after World War II it has risen to become one of the most respected universities in the nation The faculty and alumni of the university have made exceptional contributions to myriad disciplines but they have played a surprising formidable role in American politics Stephen J Whitfield makes the case for the pertinence of Brandeis University in understanding the vicissitudes of American liberalism since the mid twentieth century Founded to serve as a refuge for qualified professors and students haunted by academic antisemitism Brandeis University attracted those who generally envisioned the republic as worthy of betterment Whether as liberals or as radicals figures associated with the university typically adopted a critical stance toward American society and sometimes acted upon their reformist or militant beliefs This volume is not an institutional history but instead shows how one university over the course of seven decades employed and taught remarkable men and women who belong in our accounts of the evolution of American politics especially on the left In vivid prose Whitfield invites readers to appreciate a singular case of the linkage of political influence with the fate of a particular university in modern America Contemporary Authors James G. Lesniak,1992-10 This volume of Contemporary Authors R New Revision Series brings you up to date information on approximately 250 writers Editors have scoured dozens of leading journals magazines newspapers and online sources in search of the latest news and criticism Writers appearing in this volume include Natilie Babbett Frederick Forsythe Maxine Hong Kingston Chris Van Allsburg Reference Guide to American Literature Jim Kamp,1994 Now in its 3rd edition the Reference Guide to American Literature focuses on the rich diversity of individuals that comprise an important group of American novelists poets dramatists and essayists Entries include expanded multi ethnic representation and profile more African Americans and for the first time Asian Hispanic and Native American writers and works as well as writers who concentrate on women s and gay and lesbian issues Chicorel Index to Literary Criticism in Books--U.S.A., Canada Marietta Chicorel,1980 Alternative Library Literature ,1982
