End Of Sorrow:

The Flame of Attention Jiddu Krishnamurti, 1983 Selected talks given by the author during 31st October 1981 to 4th September 1982 in India U S A Switzerland and England **The Observer Observed** J Krishnamurti, 2012-08-08 In this incredibly penetrating talk Krishnamurti describes the psychological pressures of life and how these pressures affect right living We were saying that any form of pressure on the brain affects our whole way of life We were also saying that this pressure affects our activities our attitudes our character and our way of living The pressure economic social ethical and religious invariably distorts not only our actions but the quality of the brain ideals affect oppress and act as pressure upon our daily life Is it possible not to have any ideals but only deal with actually what is then there is no pressure whatsoever Krishnamurti goes on to say that unless the mind is free of pressure there is no new way of living He states that this insight on freedom requires a great deal of investigation into the whole nature and movement of pressure *City of Gustave* William Rubel, 2007-06-01 In the tradition of Dostoevsky Kafka Beckett Woolf and Barnes CITY OF GUSTAVE was written in 1991 by a twenty one year old English Major at Columbia University Journey to Infinite Mindfulness Satya Narayana Sarma Rupenaguntla, 2020-03-01 The world has witnessed many seers and saints till now Among them all Lord Buddha stands tall with his unique meditation method He found it out with his search He stated it to be the right method to overcome sorrow and taught it to his disciples in very clear terms Since then thousands of seekers walked in this path and reached enlightenment Buddha s method is intended to overcome sorrow here and now Tripitakas abound in Buddha s teachings on this meditation technique and method Maha Smruti Prasthanas Sutra is best among them all because in this Sutra Lord Buddha explained the practical method of his meditation step by step We can find these teachings in the Mahavarga section of Dirgha Nikaya book of the Tripitakas **The Dignity of Living** J Krishnamurti, 2022-09-09 Is it possible to live without conflict Perhaps this is a theoretical question but it challenges the mind that is trained to accept conflict as a natural part of living Ultimately as Krishnamurti explains the critical importance of that challenge is not to answer yes or no to the possibility of a life without conflict When you approach a problem you start with the fact that there is conflict and you begin to inquire whether it is possible to end it neither accepting that it can be ended nor asserting that it cannot be ended Your mind is then in a position to look at the fact and that is what we must establish between us An extensive compendium of Krishnamurti s talks and discussions in the USA Europe India New Zealand and South Africa from 1933 to 1967 the Collected Works have been carefully authenticated against existing transcripts and tapes Each volume includes a frontispiece photograph of Krishnamurti with question and subject indexes at the end The content of each volume is not limited to the subject of the title but rather offers a unique view of Krishnamurti s extraordinary teachings in selected years The Collected Works offers the reader the opportunity to explore the early writings and dialogues in their most complete and authentic form A Prose English Translation of the Mahabharata Manmatha Nath Dutt, 1905 **Littell's Living Age** , 1880

Treatise on Wisdom - 14 Tomás Morales y Durán,2023-04-02 If you are reading these lines it is because the same people you just read in the prologue have convinced me Although I have been thinking about writing this book for seven years the experience in its application made me back out Although the method is simple and elegant and extremely easy for a normal person what is not normal is to find normal people I found that a paradox in the form of a curse inevitably appeared while those who took it as a simple playful activity succeeded without further ado those who really cared had all kinds of difficulties So once the method was protocolized I focused on finding out what was happening on the people s side and I found among others after effects derived from incorrect concentration exercises to which they were subjected for years and which are not at all harmless they are severe and difficult to treat I also found pharmacological treatments as well as various addictions dietary deficiencies and traumas of all kinds that interfered with the process The problem was that these obstacles instead of becoming more limited became more varied as I studied more people but each person is a world and became unapproachable In these years I limited myself to apply it individually monitoring each person until they do them fix them learn to do them and can repeat them without further problem which takes little time but the inconvenience is having to come all the way here So when they asked me to write this book they convinced me by saying that there would be people with little dust in their eyes a quote that resonated with me and that they would support with their testimony For my part I have described with the utmost precision the method so that by following it literally there are no inconveniences in achieving it In addition I relate the most frequent obstacles I have encountered so that the reader can keep them in mind and identify them if that is the case The jh nas are the gates of enlightenment and it is not a matter of keeping the door hidden any longer because there are people incapable of using a simple key that opens them The method is so powerful and elegant I can t resist considering that it is intrinsically linked to human nature itself and that in other times remote times perhaps the social networks of that time connected devas and humans If you are one of those with little dust in your eyes and you care take it easy read it slowly several times and do it Stepping out of the world and contemplating it will change your life as it did for Buddha himself

The Beauty of Death J Krishnamurti,2022-09-09 Only in peace can a human being flower in goodness not in war not in violence not in disorder but only when there is a deep abiding peace And to understand this whole phenomenon of hate destruction and disorder one has to enquire not merely intellectually because such an enquiry is futile worthless and has no meaning whatsoever but actually what order means what violence means and the significance of peace one has to enquire non verbally non intellectually intellectual inquiry really has very little meaning because most of us have read or indulged in theory what peace should be how to get rid of violence and how to establish order Krishnamurti gave these talks in India and Europe The talks span the whole of human existence exploring what it means to live rightly in a world full of confusion and misery **A Flight of Delight** Jyotikar K PATTNI,2006-05-01 A Flight of Delight is a work of experiential philosophical text that contemplates the nature of such subtle topics as Karmic evolution Divine Cosmic Truth and the relationship between

Divinity and Humankind Utilising an expressive narrative approach that places emphasis on description and aesthetics finely the author has endeavoured to render a thought provoking analysis in a prose poetic style The fine text touches the core concepts of theology that look at life as a freely flowing channel of energies in profound human experiences One of the central ideas of the work is the difference between institutional religion and experiential philosophy with the conceptual emphasis leaning toward the latter Fear destroys true faith Institutional religion is constrictive that remains fixated on rules systems and political bureaucracies A profound human spiritualism on the other hand suggests a cyclical direction of energy that flows without fear suppression oppression exploitation manipulation and falsity Realising and understanding compassion and love is much more important and significant than following set of doctrines in conflict This is attainable in spiritual evolution a self discovery in profound experiences without the confines of specific creed cast or race The discourse includes detailed explorations of different types of Vedic yoga s mantras and consciousness The emphasis placed on the pursuit of divine wisdom and divinity incorporates all of these elements to form a comprehensive insight of profound experience for the inner well ness and peace The reader of A Flight of Delight may also benefit from the organised structure afforded to the text The detailed explanation of the experiential theories familiarises the reader with carefully distilled notions of spiritualism and divinity Here is an extra ordinary work of self healing texts from a very special person who has journeyed through adversities himself The lyrics of this book are particularly special because the author writes from the depth of his heart to express in the profoundest sense the relevance of the ancient Vedic Wisdom to the hectic modern world The mind enriching lyrics bring to us a re awakening of beautiful divinity filled with solace hope and compassionate love Life oh life Let it be a flight of delight

The Tao of Raven Ernestine Hayes,2016-10-03 In her first book Blonde Indian Ernestine Hayes powerfully recounted the story of returning to Juneau and to her Tlingit home after many years of wandering The Tao of Raven takes up the next and in some ways less explored question once the exile returns then what Using the story of Raven and the Box of Daylight and relating it to Sun Tzu s equally timeless Art of War to deepen her narration and reflection Hayes expresses an ongoing frustration and anger at the obstacles and prejudices still facing Alaska Natives in their own land but also recounts her own story of attending and completing college in her fifties and becoming a professor and a writer Hayes lyrically weaves together strands of memoir contemplation and fiction to articulate an Indigenous worldview in which all things are connected in which intergenerational trauma creates many hardships but transformation is still possible Now a grandmother and thinking very much of the generations who will come after her Hayes speaks for herself but also has powerful things to say about the resilience and complications of her Native community [A Psychological Revolution](#) J Krishnamurti,2022-09-09 The psychological revolution that Krishnamurti refers to is not only in the conscious mind but also in the unconscious He states This is one of our difficulties perhaps our major difficulty to be free of the whole content of the unconscious This hidden part of our consciousness is the result of many thousands of years of man s endeavor we are the sum total of his

struggles his hopes his despairs his everlasting search for something beyond and this piling up of experience is still going on within us To be aware of that conditioning and to be free of it demands a great deal of attention ObThe psychological revolution that Krishnamurti refers to is not only in the conscious mind but also in the unconscious He states This is one of our difficulties perhaps our major difficulty to be free of the whole content of the unconscious This hidden part of our consciousness is the result of many thousands of years of man s endeavor we are the sum total of his struggles his hopes his despairs his everlasting search for something beyond and this piling up of experience is still going on within us To be aware of that conditioning and to be free of it demands a great deal of attention

Lexical Concordance to the Poetical Works of Percy Bysshe Shelley Frederick Startridge Ellis,1892 *Original Goodness* Eknath Easwaran,1996 Patience mercy peacemaking simplicity humility When we cultivate these qualities our life will become immensely rich Beneath all our layers of ignorance we can uncover our essential nature our Original Goodness According to the Perennial Philosophy found in all religions this divine essence can be realized and is the supreme goal in life This unbroken awareness of the presence of God in all creatures is the mark of the mystic For one who grasps these principles with an open heart life takes fire with purpose

The New Mind J Krishnamurti,2022-09-09 In these Talks given in India and Saanen Krishnamurti speaks to the necessity for a new way of looking thinking and being in the world What is the effect or value of an individual changing How will that transform the whole current of human existence What can an individual do there is no such thing as an individual consciousness there is only consciousness of which we are a part You might segregate yourself and build a wall of a particular space called the me But that me is related to the whole that me is not separate And in transforming that particular section that particular part we will affect the whole of consciousness And I think this is very important to realize that we are not talking about individual salvation or individual reformation but about being aware of the particular in relation to the total Then out of that realization comes action which will affect the whole

An Introduction to the Psychology of Religion Robert H. Thouless,1972-01-06 The third edition of this successful book which applies the science of psychology to problems of religion Dr Thouless explores such questions as why do people believe Why are their beliefs

often held with irrational strength How are changes in belief systems related to mental health What are reasonable attitudes towards alternative belief systems This edition includes samples of the experimental and statistical studies of religious problems including the author's own study of the strength of religious beliefs This edition also pays more attention to the problems of non Christian religious systems with special consideration given to the problems of mutual toleration Finally Dr Thouless considers whether it is reasonable for modern man to adhere to any religious belief system This is an excellent textbook for students of the social sciences particularly psychology and theology and will also interest the general reader who has an intellectual curiosity about religion

Country Sermons. New Series Frederick Kuegele, 1908 **The Nineteenth Century**, 1880 What Are You Doing With Your Life? J. Krishnamurti, 2018-04-05 One of the greatest thinkers of the age The Dalai Lama One of the five saints of the 20th century TIME magazine Krishnamurti influenced me profoundly Deepak Chopra Who are you What are you What do you want from life One of the world's great philosophical teachers Krishnamurti offers his inspiring wisdom on many of life's hurdles from relationships and love to anxiety and loneliness He answers such questions as What is the significance of life and How do I live life to the full to reveal the best way of being true to yourself Read by millions from all walks of life Krishnamurti shows us there is no path no higher authority no guru to follow and that ultimately it is our own responsibility as to how we live our lives
