Civil War raged It is generally taught as though it were a well scripted movie with a definitive beginning and end Images and stories from the horribly littered Gettysburg battlefield to the Appomattox surrender from General Lee to General Grant have all the trappings of a powerfully executed drama and with the coda of Lincolns assassination the story could not be more complete But while the massive engagements on the innumerable fields of battle were relegated to the history books and museums the hearts and minds that fed the fire that nearly consumed the country have never truly surrendered In 2008 with the election of a descendant of the slavery system to the highest office in the land it seemed the perfect moment to finally declare once and for all that America had healed itself from that wretched war and was ready to fold the flags for goodat least in a poetic sense Sadly it turned instead to be the beginning of a shabby sequel to one of the greatest films ever made In 2015 weve come to view divided as the new norm in American society red state and blue state And while it might make for good television it has left us with a lousy dysfunctional society This novel is drawn from both Civil Wars If you enjoy a good yarn filled with the incredulous that simultaneously addresses the politics of the present you hold in your hands a rare treat So get your flags out get loud and get proud and rock this bad boy for all its worth The Postapocalyptic Black Female

Norman L. Geisler,Daniel J. McCoy,2014-06-10 Most critiques of atheism focus on refuting head on the claims of atheists Instead this unique book faithfully represents what atheists say they believe and stands back to watch as the natural inconsistencies in that worldview inevitably rise to the surface Norman L Geisler the apologetic giant of our time is joined by Daniel J McCoy highlighting two inconsistencies in particular First they examine the atheist's assertion that God cannot exist because there is evil in the world and that if God truly existed he would intervene These same people then turn around and say any intervention on God's part would impose upon human autonomy and thus would be unjust Second these very interventions that would be considered immoral if imposed upon the earth by God are lauded when they stem instead from some human institution or authority Geisler and McCoy highlight this kind of doublethink step by step showing readers how to identify such inconsistencies in atheistic arguments and refute them or rather show atheists how they refute themselves

Shooting Blanks at the Anzac Legend Dr Donna Coates,2023-11-01 War is traditionally considered a male experience By extension the genre of war literature is a male dominated field and the tale of the battlefield remains the privileged and only canonised war story In Australia although women have written extensively about their wartime experiences their voices have been distinctively silenced Shooting Blanks at the Anzac Legend calls for a re definition of war literature to include the numerous voices of women writers and further recommends a re reading of Australian national literatures with women s war writing foregrounded to break the hold of a male dominated literary tradition and pass on a vital but unexplored women s tradition Shooting Blanks at the Anzac Legend examines the rich body of World Wars I and II and Vietnam War literature by Australian women providing the critical attention and treatment that they deserve Donna Coates records the reaction of Australian women writers to these conflicts illuminating the complex role of gender in the interpretation of war and in the cultural history of twentieth century Australia By visiting an astonishing number of unfamiliar non canonical texts Shooting Blanks at the Anzac Legend profoundly alters our understanding of how Australian women writers have interpreted war especially in a nation where the experience of colonising a frontier has spawned enduring myths of identity and statehood
