Endings A About Death:

The Temporal Mechanics of the Fourth Gospel Douglas Estes, 2008-01-01 By redefining narrative temporality in light of modern physics this book advances a unique and innovative approach to the deep seated temporalities within the Gospel of John and challenges the implicit assumptions of textual brokenness that run throughout Johannine scholarship Harley manuscript geographies Daniel Birkholz, 2020-06-30 This study brings new methodologies of literary geography to bear upon the unique contents of a codex known as British Library MS Harley 2253 The Harley manuscript was produced upon England's Welsh March by a scribe whose generation died in the Black Death It contains a diverse set of writings love lyrics and devotional literature political songs and fabliaux saints lives courtesy texts bible stories and travelogues These works alternate between languages Middle English Anglo Norman and Latin but operate in conversation with one another The introduction explores how this fragmentary miscellany keeps being sutured into wholeness by commentary upon it Individual chapters examine different genres and social groupings and demonstrate that there are many Harley landscapes still waiting to be discovered It will be of great value to those studying literary history medieval studies cultural geography gender studies Jewish studies and book history **Introducing Narrative Psychology** Crossley, Michele, 2000-02-01 This introductory textbook presents a coherent overview of the theory methodology and potential application of narrative psychological approaches It compares narrative psychology with other social constructionist approaches and argues that the experience of self only takes on meaning through specific linguistic historical and social structures **The Sanitarian** Agrippa Nelson Bell, 1886 *Annual Report of the Commissioner of Insurance for the Year Ending December 31st ...* New Jersey. Hogan Jr., 2009-09-29 Too often business owners experience much difficulty in transitioning from founding entrepreneurs to working business managers They may possess extensive knowledge and skills in their industry and field yet have little awareness of the business of the business The everyday mundane operational monitoring and human relations skills are not what inspired and motivated them to launch their dream enterprise But the devil is in the details and these management necessities are what will keep the venture afloat and prospering Many businesses born of a feasible idea and a good market opportunity do not survive the start up launch and the subsequent entrepreneurial obstacles which never seem to go away They often remain in such a survival mode until failure No matter if they endure three five or ten years without a successful transition from entrepreneur to manager the ten years or so of experience is really only one year experience ten times over The Entrepreneur Manager The Business Mans Business Plan will assist with this transition and the management functions of planning organizing leading and controlling all essential to manage a growing profitable business It is the entrepreneur managers business plan and

How to Begin When Your World Is Ending Molly Phinney Baskette,2022-11-15 Moving witty and probing Molly Baskette s practical and spiritual perspective will appeal to readers of Lori Gottlieb s *Maybe You Should Talk to Someone* and Kate Bowler s *Everything Happens for a Reason* As a progressive parish minister Molly Baskette has been a companion during the most vulnerable traumatized and unsettled periods of many people s lives She has also had a front row seat to remarkable human transformation as many of the ruptures her people lived through turned out to be the way that God got in But when she was diagnosed with an aggressive cancer at age thirty nine with two small children her theology of and relationship to God was tested more profoundly than ever Instead of becoming despondent though she engaged with her faith more deeply seizing the opportunity to test the seaworthiness of the faith she had been practicing and preaching In *How to Begin When Your World is Ending* Baskette shares the questions that confronted her along the way like Is it true that prayer changes things Does God care whether we live or die and is there a damn thing God can do about it anyway How can vulnerability counterintuitively be a strength And the million dollar question is there life after death and just what might it be like Weaving together her own story and the stories of those she encountered in her life of faith Baskette mines joy from all the hardest parts of being human In doing so she reminds us that whatever you are going through someone has been there before you and found meaning in the madness *Speculative Television and the Doing and Undoing of Religion* Gregory Erickson,2022-09-16 This book explores the concept that as participation in traditional religion declines the complex and fantastical worlds of speculative television have become the place where theological questions and issues are negotiated understood and formed From bodies robots and souls to purgatories and post apocalyptic scenarios and new forms of digital scripture the shows examined from *Buffy the Vampire Slayer* to *Westworld* invite their viewers and fans to engage with and imagine concepts traditionally reserved for religious spaces Informed by recent trends in both fan studies and religious studies and with an emphasis on practice as well as belief the thematically focused narrative posits that it is through the intersections of these shows that we find the reframing and rethinking of religious ideas This truly interdisciplinary work will resonate with scholars and upper level students in the areas of religion television studies popular culture fan studies media studies and philosophy The Open Access version of this book available at <http://www.taylorfrancis.com> has been made

Moore,2018-04-05 This book draws on the life of Presbyterian minister and diarist Archibald Simpson 1734 1795 to examine the history of evangelical Protestantism in South Carolina and the British Atlantic during the last half of the eighteenth century Although he grew up in the evangelical heartland of Scotland in the wake of the great mid century revivals Simpson spurned revivalism and devoted himself instead to the grinding work of the parish ministry At age nineteen he immigrated to South Carolina where he spent the next eighteen years serving slaveholding Reformed congregations in the lowcountry plantation district Here powerful planters held sway over slaves families churches and communities and Simpson was constantly embattled as he sought to impose an evangelical order on his parishes In refusing to put the gospel in the pockets of planters who scorned it and who were accustomed to controlling their parish churches he earned their enmity As a result every relationship was freighted with deceit and danger and every practice sermons funerals baptisms pastoral visits death narratives sickness courtship friendship domestic concerns was contested and politicized In this context the cause of the gospel made little headway in Simpson s corner of the world Despite the great midcentury revivals the steady stream of religious dissenters who poured into the province and all the noise they made about slave conversions Simpson s story suggests that there was no evangelical movement in colonial South Carolina just a tired and frustrating evangelical slog
