Endless Seeker The Religious Quest Of Ralph Waldo Emerson:

Endless Seeker Donald L. Gelpi, 1991 Offers the first systematic study of Emerson as a religious thinker and analyzes him as a case study in expressive religious individualism By filling an important gap in Emersonian criticism it not only throws new light on Emerson's thought but also offers a critique of the individualistic ideology he first formulated Contents Spiritual Discernment The Saturnalia of Faith The Philosophy of Bias The Higher Civility The Natural History of Intellect The Endless Seeker A Case in Expressive Religious Individualism and The World of the Transparent Eyeball diagram The Cambridge Companion to Ralph Waldo Emerson Joel Porte (ed), Sandra Morris, 1999-04-28 A collection of newly commissioned essays

Joel Myerson, 2000 Emerson has maintained his place as one of the seminal figures in American history and literature He was the acknowledged leader of the Transcendentalist movement These essays discuss Emerson's life as well as women's rights slavery and religion Endless Seeker Donald L. Gelpi, 1991 Offers the first systematic study of Emerson as a religious

thinker and analyzes him as a case study in expressive religious individualism By filling an important gap in Emersonian criticism it not only throws new light on Emerson's thought but also offers a critique of the individualistic ideology he first formulated Contents Spiritual Discernment The Saturnalia of Faith The Philosophy of Bias The Higher Civility The Natural History of Intellect The Endless Seeker A Case in Expressive Religious Individualism and The World of the Transparent Eyeball diagram **Varieties of Transcendental Experience** Donald L. Gelpi SJ, 2007-08-15 This study traces the critique

of Enlightenment modernism that began with Ralph Waldo Emerson and culminated in the thought of Charles Sanders Peirce and the mature Josiah Royce Varieties of Transcendental Experience argues that these thinkers provide a constructive alternative to deconstructionist postmodernism that is compatible with the Christian faith **Writers of the American**

Renaissance Denise Knight, 2003-12-30 The American literary canon has undergone revision and expansion in recent years and our notions of the 19th century renaissance have been reevaluated Mainstream anthologies have been revised to reflect the expanding literary canon yet resources for readers have remained widely scattered This book expands earlier definitions of the 19th century American Renaissance as represented by canonical writers such as Emerson and Poe covering writers who published popular fiction and dominated the literary marketplace of the day Included is generous coverage of women writers and writers of color The volume provides alphabetically arranged entries for more than 70 writers of the period including Louisa May Alcott Emily Dickinson Frederick Douglass Margaret Fuller Nathaniel Hawthorne Herman Melville Harriet Beecher Stowe Henry David Thoreau Walt Whitman and many more Each entry was written by an expert contributor and includes a brief biography a discussion of major works and themes a survey of the writer's critical reception and primary and secondary bibliographies The Crisis of Conversion J. August Higgins, 2024-06-25 This book attempts to identify a

central problem within the North American evangelical imagination around the issue of religious experience and its

relationship to the basic hermeneutical stance of biblical and theological interpretation The relatively recent emergence of the academic discipline of Christian spirituality offers a new set of methodological insights that may help to mediate the theological impasse between more conservative and progressive perspectives concerning the appropriate role of human experience for evangelical thought and practice Specifically we will explore the experience of religious conversion that lies at the center of evangelical spirituality in critical dialogue with the challenges and opportunities brought about by recent philosophical discourse and the postmodern turn variously understood

Emerson's Essays Harold Bloom, 2006 Ralph Waldo Emerson 1803-1882 was the most influential American writer of the nineteenth century Poets such as Walt Whitman Emily Dickinson Robert Frost and Wallace Stevens descend from Emerson as do thinkers such as John Dewey and William James This volume of critical interpretations focuses on Emerson's *Essays First Series* 1841 and *Essays Second Series* 1844 which encompass some of his most important works *History Self Reliance Circles The Poet and Experience* among others These essays exemplify Emerson's distinctively rich prose and his radical affirmation of the strength of the individual The analyses and appreciations collected here place Emerson's essays in the context of literary and intellectual history grapple with the implications of his epigrams and tropes and link his shifts of perspective and tone to the changes in Emerson's life Together they illuminate the complexity and scope of the seminal works of America's most influential writer and thinker Book jacket

The Delight Makers Catherine L. Albanese, 2023-01-17 Can you draw a clear line through American history from the Puritans to the Nones of today On the surface there is not much connective tissue between the former who often serve as shorthand for a persistent religious fanaticism in the United States and the almost one quarter of the population who now regularly check the None or None of the above box when responding to surveys of religious preference But instead of seeing a disconnect between these two groups separated by time historian Catherine Albanese insists there is a deep connection that spans the centuries With a targeted romp through American history from the seventeenth century to the present Albanese ties together these seemingly disparate groups through a shared and distinctively American preoccupation with delight and desire Albanese begins our journey with the role of delight and desire in the brand of Calvinism championed by renowned Puritan minister Cotton Mather and later Jonathan Edwards She then traces the development of these themes up through the present treating the reader to revelatory readings of Ralph Waldo Emerson Horace Bushnell Andrew Jackson Davis William James Emma Curtis Hopkins Elizabeth Towne and others revealing the contours of an evolving theology of desire The result is an original and entertaining take on an underexamined through line in American history

Pentecostal Imagination and the Retrieval of Identity Paul S. Baker, 2023-01-27 How does identity survive the passage of time How can we be sure that our church community in the present is a faithful representation of the originating community in the past This book explores how Pentecostalism the world's fastest growing expression of Christianity since its inception at the beginning of the twentieth century can identify as the same community that birthed the church in the first century A

community that spans two millennia of church history presents numerous challenges which raise crucial questions In the case of Pentecostalism these questions concern the criteria we might employ in order to recognize various instances of that community both in the present and throughout the past The Pentecostal emphasis on the Holy Spirit as the founding force behind the early church suggests some exciting possibilities By bringing together Pentecostal theology and hermeneutical philosophy this volume develops a model which attempts to discern the Pentecostal Spirit from within history Rather than arriving at a historical survey of various theologies of the Spirit this book instead advances a historiography which is itself inherently Spirit oriented a pneumatology of history *Between Faith and Unbelief: American Transcendentalists and the Challenge of Atheism* Elisabeth Hurth, 2007-08-30 This book sets out to shed light on what is specific to American Transcendentalism by comparing it with the atheistic vision of German philosophers and theologians like Ludwig Feuerbach and Arthur Schopenhauer The study argues that atheism was part of the discursive and religious context from which Transcendentalism emerged Tendencies toward atheism were already inherent in Transcendentalist thought The atheist scenario came to the surface in the controversy about Emerson's new views Contemporary critics charged that the deity Emerson worshipped was himself Emersonian Transcendentalism thus anticipated some of the central concerns in the works of German atheists like Feuerbach From idealism to atheism seemed but a short step *The Dialogical Spirit* Amos Yong, 2015-04-30 Contemporary proposals for Christian theology from post liberalism to Radical Orthodoxy and beyond have espoused their own methodological paradigms Those who have ventured into this domain of theological method however have usually had to stake their claims vis a vis trends in what may be called the contemporary post al age whether of the post modern post Christendom post Enlightenment post Western or post colonial varieties This volume is unique among offerings in this arena in suggesting a way forward that engages on each of these fronts and does so from a particularistic Christian perspective without giving up on Christian theology's traditional claims to universality This is accomplished through the articulation of a distinctive dialogical methodology informed by both Pentecostalism and Evangelicalism one rooted in the Christian salvation history narrative of Incarnation and Pentecost that is yet open to the world in its many and various cultural ethnic religious and disciplinary discourses Amos Yong here engages with twelve different interlocutors representing different ecumenical religious and disciplinary perspectives The Dialogical Spirit thus not only proffers a model for Christian theological method suitable for the twenty first century global context but also exemplifies this methodological approach through its interactions across the contemporary scholarly inter religious and theological landscape *Writing Beyond Prophecy* Martin Kevorkian, 2013-01-02 Drawing attention to a cluster of later rarely studied works by three authors Identifying a line of writing from Ralph Waldo Emerson's *Conduct of Life* to Nathaniel Hawthorne's posthumously published *Elixir of Life* manuscripts to Herman Melville's *Clarel A Poem* and *Pilgrimage in the Holy Land* Martin Kevorkian demonstrates how these authors wrestled with their sense of vocational calling *Prospects for the Study of American*

Literature Richard Kopley, 1997-08 What can there possibly be left to say about This common litany resonant both in and outside of academia reflects a growing sense that the number of subjects and authors appropriate for literary study is rapidly becoming exhausted Take heart admonishes Richard Kopley in this dynamic new anthology for this is decidedly not the case While generations of literary study have unquestionably covered much ground in analyzing canonical writers many aspects of even the most well known authors both their lives and their work remain underexamined Among the authors discussed are T S Eliot Ralph Waldo Emerson William Faulkner Harriet Beecher Stowe Walt Whitman Ernest Hemingway Richard Wright Edith Wharton Nathaniel Hawthorne Zora Neale Hurston Henry James Willa Cather Herman Melville Edgar Allan Poe Henry David Thoreau and Mark Twain

Late Antique Epistemology P. Vassilopoulou, S. Clark, 2009-02-12 Late Antique Epistemology explores the techniques used by late antique philosophers to discuss truth Non rational ways to discover truth or to reform the soul have usually been thought inferior to the philosophically approved techniques of rational argument suitable for the less philosophically inclined for children savages or the uneducated Religious rituals oracles erotic passion madness may all have served to waken courage or remind us of realities obscured by everyday concerns What is unusual in the late antique classical philosophers is that these techniques were reckoned as reliable as reasoned argument or better still Late twentieth century commentators have offered psychological explanations of this turn but only recently had it been accepted that there might also have been philosophical explanations and that the later antique philosophers were not necessarily deluded

The Ethics of William Carlos Williams's Poetry Ian D. Copestake, 2010 The poet as an inheritor of an Emersonian tradition and Paterson as an ethical autobiography in progress

Emerson As Spiritual Guide, I believe Emerson is best understood as a spiritual guide and a spokesperson for an alternative American spiritual tradition I have tried to make his message accessible and relevant to contemporary religious seekers Barry M Andrews Includes resources for further study and reflection To finish the moment to find the journey's end in every step of the road to live the greatest number of good hours is wisdom from Experience by Ralph Waldo Emerson Though we may debate whether Ralph Waldo Emerson is primarily a poet an essayist or a philosopher for Barry Andrews he is above all a spiritual teacher His fiery genius ignited not only Thoreau but also Whitman Fuller and many others Though his life was riddled with loss including the deaths of his first wife two brothers and his first son this remarkable man produced dozens of inspirational essays and poems and became the most widely quoted author in America today Andrews commentary shows a new generation of Americans how Emerson's spiritual journey joined an open heart with a critical mind This will appeal to readers who consider themselves spiritual though not necessarily religious
