emotional trauma Anna was screaming at full volume into a pillow in a grey industrial estate when it dawned on her that maybe this was a slightly unusual way of processing grief It wasn't the first time she had done something a little odd to try and make sense of things There was the time she sobbed along to Elton John with a room full of strangers Or the very special experience of trying to enact the spirit of a deer in a school hall She's tried Reiki reflexology BodyTalk shamanic healing past life regression breathwork guided visualization dreamwork magick ritual disastrous gong baths and meditation her journey has been long and twisting but eventually it led to real understanding and real healing This book is about acknowledging our trauma looking at what it actually is and feeling our feelings Interviews with practitioners and experts delve deeper into what alternative therapies offer Ultimately Anna hopes to trigger much needed conversations about emotional health and the non mainstream ways we can communicate with ourselves and others Content warning suicide child illness depression bereavement explicit medical detail
