With a new afterword by the author

Enemies World War Ii Alien Internment

Anne Sharp Wells

Enemies World War II Alien Internment:

Enemies, 2009-10-01 They were called aliens and enemies But the World War II internees John Christgau writes about were in fact ordinary people victimized by the politics of a global war The Alien Enemy Control Program in America was born with the United States s declaration of war on Japan Germany and Italy and lasted until 1948 In all 31 275 enemy aliens were imprisoned in camps like the one described in this book Fort Lincoln just south of Bismarck North Dakota In animated and suspenseful prose Christgau tells the stories of several individuals whose experiences are representative of those at Fort Lincoln The subjects lives before and after capture presented in five case studies tell of encroaching bitterness and sorrow Christgau based his accounts on voluminous and previously untouched National Archives and FBI documents in addition to letters diaries and interviews with his subjects Christgau s afterword for this Bison Books edition relates additional stories of World War II alien restriction detention and internment that surfaced after this book was originally published and he draws parallels between the alien internment of World War II and events in this country since September 11 2001 **Enemies**

Among Us John E. Schmitz, 2021-08 John E Schmitz examines the causes conditions and consequences of America s selective relocation and internment of German Italian and Japanese Americans during World War II **We Were Not the Enemy**

Heidi Gurcke Donald, 2007-01-26 The United States clandestinely funds the operation of a huge prison in Cuba Men women and children are spirited away from their homes and imprisoned indefinitely No charges are made no legal counsel is allowed Newspapers fill with stories of espionage and enemies Current events No During World War II the United States used tactics remarkably similar to those in use today against presumed terrorists By 1939 President Franklin Roosevelt had covertly authorized J Edgar Hoover s Secret Intelligence Service to begin surveillance of Axis nationals in Latin America Believing that all German nationals without exception are dangerous the United States surreptitiously pressured Latin American countries to arrest and deport more than four thousand civilians of German ethnicity to the United States There many languished in internment camps while others were shipped to war torn Germany As my parents German born Werner Gurcke and his American wife Starr began their lives together in Costa Rica he was falsely labeled one of the country s most dangerous enemy aliens Soon she too was considered dangerous to the safety of the United Nations From newlyweds to parents innocent civilians to dangerous enemies prisoners to internees We Were Not the Enemy tells their story The American Experience in World War II: The United States and the road to war in Europe Walter L. Hixson, 2003

Managing the Canadian Mosaic in Wartime Ivana Caccia, 2010 With the outbreak of the Second World War in Europe The Canadian government realised that it was necessary not only to invoke national consciousness but also to involve the twenty percent of the country s population who were not of British or French origins in the war effort Managing the Canadian Mosaic in Wartime explores the anxieties that characterised public debate and policy making of the time as well as the pragmatic view that the wartime project depended upon the successful integration of marginalised immigrant

communities This history provides a key to understanding the development of multiculturalism in Canada At the time Canadian policies regarding ethnic communities were preoccupied with the involvement and loyalty these communities had with their homelands politics And The fear of infiltration from either the left or right of the political spectrum Focusing on the creation and operation of under examined government institutions and committees devised to exercise subtle control of minority groups Ivana Caccia explores the shaping of Canadian identity The introduction of government inspired citizenship education And The management of ethnic relations mid century An engaging work that offers an important account of nation building in Canada And The treatment of ethnic minorities in times of heightened international tensions Managing the Mosaic in Wartime provides crucial insights into multicultural policy And The possibility of parallels with the preoccupations with security and surveillance in the aftermath of 9 11 *Bootlegged Aliens* Ashley Johnson Bavry, 2020-09-25 In contemporary discourse much of the discussion of U S border politics focuses on the Southwest In *Bootlegged Aliens* however Ashley Johnson Bavry considers the North as a borderlands region demonstrating how this often overlooked border influenced government policies toward illegal immigration business and labor union practices around migrant labor and the experience of being an illegal immigrant in early twentieth century industrial America Bavry examines how immigrants politicians and employers helped shape national policies toward noncitizen laborers In the process she uncovers the northern industrial origins of an exploitative system that emerged on America s border with Canada whose legacy remains central to debates about America s borders today Bavry begins in the 1920s to explore how that decade s immigration restrictions launched an era of policing and profiling that excluded America s foreign born from the benefits of citizenship On the border between Detroit and Windsor Canada this process turned certain Europeans into undocumented immigrants a group the press and policymakers referred to as bootlegged aliens Over the next decade deportation and policing practices stigmatized entire communities of ethnic Europeans regardless of their legal status Moreover restrictive laws allowed manufacturers to exploit workers in new ways By the Great Depression citizenship had become an invisible boundary that excluded hundreds of thousands of laborers from New Deal entitlements Accepted wisdom suggests that the 1924 Immigration Act had allowed ethnic Europeans to shed ties to their homelands and assimilate into the melting pot of American culture by the 1930s Bavry challenges this perspective finding that instead of forging a common culture with their fellow workers European immigrants coming through Canada to Detroit faced statewide registration drives exclusion from key labor unions and disqualification from the Works Progress Administration the cornerstone of America s nascent welfare state In the heart of industrial America *Bootlegged Aliens* reveals citizenship was highly contingent *Texas and Texans in World War II* Christopher B. Bean, 2022-08-24 *Texans in World War II* offers an informative look at the challenges and changes faced by Texans on the home front during the Second World War This collection of essays by leading scholars of Texas history covers topics from the African American and Tejano experience to organized labor from the expanding opportunities for women to the importance of

oil and agriculture Texans in World War II makes local the frequently studied social history of wartime bringing it home to Texas An eye opening read for Texans eager to learn more about this defining era in their state s history this book will also prove deeply informative for scholars students and general readers seeking detailed definitive information about World War II and its implications for daily life economic growth and social and political change in the Lone Star State **Treatment of Latin Americans of Japanese Descent, European Americans, and Jewish Refugees During World War II** United States. Congress. House. Committee on the Judiciary. Subcommittee on Immigration, Citizenship, Refugees, Border Security, and International Law,2009 U.S. Homeland Security Howard Ball,2005-10-05 A legal scholar details the creation and function of the Department of Homeland Security placing it in historical context A concept so important it is among the first words of the U S Constitution the defense of our borders is as essential today as it was more than 200 years ago In response to the breakdown of that function on September 11 2001 the administration sponsored the USA PATRIOT Act and created the Office of Homeland Security Critics of those actions claim these measures give too much power to the government and impermissibly impinge on civil liberties supporters claim they are necessary for national security From the 1798 Alien and Sedition Acts to the present the government has aggressively discharged its duty to ensure domestic tranquility including jailing dissidents and forcing Japanese American citizens into internment camps In this book a leading legal scholar explains in detail the present federal actions and places them in historical context **Geneva Conventions for the Protection of War Victims** United States. Congress. Senate. Committee on Foreign Relations,1955 **The Nazi Spy Ring in America** Rhodri Jeffreys-Jones,2020-09-14 In the mid 1930s just as the United States was embarking on a policy of neutrality Nazi Germany launched a program of espionage against the unwary nation Rhodri Jeffreys Jones s fascinating history provides the first full account of Nazi spies in 1930s America and how they were exposed in a high profile FBI case that became a national sensation Enemies Within Franca Iacovetta,Roberto Perin,Angelo Principe,2000-01-01 Enemies Within is the first study of its kind to examine not only the formulation and uneven implementation of internment policy but the social and gender history of internment It brings together national and international perspectives *Historical Dictionary of World War II* Anne Sharp Wells,2013-12-24 This dictionary covers the complex and costly conflict that began when Germany ruled by Adolf Hitler and the Nazi Party invaded neighboring Poland on 1 September 1939 and concluded when Germany surrendered on 7 9 May 1945 leaving much of the European continent in ruins and its population devastated The war against Germany Italy and the other European Axis members was fought primarily in Europe the Mediterranean the Middle East East and North Africa and the Atlantic Ocean The Axis powers were defeated by the Allies led by the Grand Alliance of Great Britain the United States and the Union of Soviet Socialist Republics The Historical Dictionary of World War II The War against Germany and Italy relates the history of this war through a chronology an introductory essay maps and photos and an extensive bibliography The dictionary section has more than 300 cross referenced entries on the countries and geographical areas

involved in the war as well as the nations remaining neutral wartime alliances and conferences significant civilian and military leaders and major ground naval and air operations This book is an excellent access point for students researchers and anyone wanting to know more about World War II *Kokomo Joe* John Christgau,2009-01-01 The first Japanese American jockey Kokomo Joe burst like a comet on the American horse racing scene in the summer of 1941 As war with Japan loomed Yoshio Kokomo Joe Kobuki won race after race stirring passions far beyond merely the envy and antagonism of other jockeys His is a story of the American dream catapulting headlong into the nightmare of a nation gripped by wartime hysteria and xenophobia The story that unfolds in *Kokomo Joe* is at once inspiring deeply sad and richly ironic and remarkably relevant in our own climate of nationalist fervor and racial profiling Sent to Japan from Washington State after his mother and three siblings died of the Spanish flu Kobuki continued to nurse his dream of the American good life Because of his small stature his ambition steered him to a future as a star jockey John Christgau narrates Kobuki s rise from lowly stable boy to reigning star at California fairs and in the bush leagues He describes how at the height of the jockey s fame even his flight into the Sonora Desert could not protect him from the government s espionage and sabotage dragnet And finally he recounts how after three years of internment Kokomo Joe tried to reclaim his racing success only to fall victim to still rampant racism a career ending injury and cancer **Prisoners of the Home Front** Martin F. Auger,2011-11-01 In the middle of the most destructive conflict in human history almost 40 000 Germans civilians and prisoners of war were detained in internment and work camps across Canada Five internment camps were located on the southern shores of the St Lawrence River in the province of Quebec at Farnham Grande Ligne le aux Noix Sherbrooke and Sorel Prisoners of the Home Front details the organization and day to day affairs of these internment camps and reveals the experience of their inmates Martin Auger shows how internment imposed psychological and physical strain in the form of restricted mobility sexual deprivation social alienation and lack of physical comfort In response Canadian authorities introduced labour projects and education programs to uphold morale thwart internal turmoil and prevent escapes These initiatives were also intended to expose prisoners to the values of a democratic society and prepare them for postwar reintegration Auger concludes that Canada abided by the Geneva Convention its treatment of German prisoners was humane Prisoners of the Home Front sheds light on life behind barbed wire filling an important void in our knowledge of the Canadian home front during the Second World War The Rotarian ,1987-01 Established in 1911 The Rotarian is the official magazine of Rotary International and is circulated worldwide Each issue contains feature articles columns and departments about or of interest to Rotarians Seventeen Nobel Prize winners and 19 Pulitzer Prize winners from Mahatma Ghandi to Kurt Vonnegut Jr have written for the magazine The German-Americans and World War II Timothy J. Holian,1996 The German Americans and World War II An Ethnic Experience is a unique study of America s largest ethnic group during one of its most difficult periods Focusing on Cincinnati Ohio as a center of German American life the author utilizes original source material and first hand interviews to

present the first detailed account of the German American experience during the years leading up to and through World War II Topics discussed include the arrest and internment of German legal resident aliens and German Americans as enemy aliens media portrayals of the German American element during the war era and an overview of German American efforts to gain formal recognition of their wartime ordeal **A Study Guide for Jeanne Wakatsuki Houston's "Farewell to Manzanar"**

Gale, Cengage Learning, 2016 A Study Guide for Jeanne Wakatsuki Houston's Farewell to Manzanar excerpted from Gale's acclaimed Literary Themes for Students Race and Prejudice This concise study guide includes plot summary character analysis author biography study questions historical context suggestions for further reading and much more For any literature project trust Literary Themes for Students Race and Prejudice for all of your research needs **Closing the**

Golden Door Anna Pegler-Gordon, 2021-10-28 The immigration station at New York's Ellis Island opened in 1892 and remained the largest U.S. port for immigrant entry until World War I In popular memory Ellis Island is typically seen as a gateway for Europeans seeking to join the great American melting pot But as this fresh examination of Ellis Island's history reveals it was also a major site of immigrant detention and exclusion especially for Chinese Japanese and other Asian travelers and maritime laborers who reached New York City from Europe the Americas and the Caribbean and even within the United States And from 1924 to 1954 the station functioned as a detention camp and deportation center for a range of people deemed undesirable Anna Pegler Gordon draws on immigrants oral histories and memoirs government archives newspapers and other sources to reorient the history of migration and exclusion in the United States In chronicling the circumstances of those who passed through or were detained at Ellis Island she shows that Asian exclusion was both larger in scope and more limited in force than has been previously recognized **Racism in the United States** Meyer

Weinberg, 1990-05-21 This volume represents the most comprehensive book length bibliography on the subject of racism available in the United States Compiler Meyer Weinberg has surveyed a wide ranging group of material and classified it under 87 subject headings drawing on articles books congressional hearings and reports theses and dissertations research reports and investigative journalism Historical references cover the long history of racism while the heightened awareness and activity of the recent past is also addressed in detail In addition to works that fit the narrow definition of racism as a mode of oppression or group denial of rights based on color Weinberg includes references dealing with sexism antisemitism economic exploitation and similar forms of dehumanization References are grouped under a series of subject headings that include Civil Rights Desegregation Housing Socialism and Racism Unemployment and Violence against Minorities Items which do not have self explanatory titles are annotated and virtually every section is thoroughly cross referenced Also included is one section of carefully selected references on racism in countries other than the United States Unlike the remainder of the book this section is not comprehensive but rather provides an opportunity to view racism comparatively The volume concludes with an author index This work will be a significant addition to both academic and public libraries as well

as an important resource for courses in racism sociology and black history
