The Open Society as an Enemy J. McKenzie Alexander, 2024-11-27 Nearly 80 years ago Karl Popper gave a spirited philosophical defence of the Open Society in his two volume work The Open Society and Its Enemies In this book J McKenzie Alexander argues that a new defence is urgently needed because in the decades since the end of the Cold War many of the values of the Open Society have come under threat once again Populist agendas on both the left and right threaten to undermine fundamental principles that underpin liberal democracies so that what were previously seen as virtues of the Open Society are now by many people seen as vices dangers or threats The Open Society as an Enemy interrogates four interconnected aspects of the Open Society cosmopolitanism transparency the free exchange of ideas and communitarianism Each of these is analysed in depth drawing out the implications for contemporary social questions such as the free movement of people the erosion of privacy no platforming and the increased political and social polarisation that is fuelled by social media In re examining the consequences for all of us of these attacks on free societies Alexander calls for resistance to the forces of reaction But he also calls for the concept of the Open Society to be rehabilitated and advanced In doing this he argues there is an opportunity to re think the kind of society we want to create and to ensure it is achievable and sustainable This forensic defence of the core principles of the Open Society is an essential read for anyone wishing to understand some of the powerful social currents that have engulfed public debates in recent years and what to do about them Early praise for The Open Society as an Enemy Many people have waded into the culture wars but very few have rigorously and engagingly examined why the way we think about each other is changing J McKenzie Alexander probes the assumptions we make about contemporary society and exposes who benefits from outrage and polarisation Everyone who talks about the open society and what it means should read this book Ros Taylor author of The Future of Trust I m not sure I

ve ever read a work of political philosophy as forensic and yet so full of heart and humour as Jason McKenzie Alexander's *The Open Society as an Enemy* It's not simply that the book applies an astonishing breadth of expertise to the most neuralgic issues of our time from political and economic polarisation political extremism climate change and the lottery of birthplace to no platforming and the discursive anarchy of social media it's that McKenzie Alexander writes with deep empathy for those who doubt by now that the open society in its various forms can still work and this makes his defence of it all the more compelling and complete Abby Innes author of *Late Soviet Britain Why Materialist Utopias Fail* *Big Book of Best Short Stories - Specials - Fantasy* Kenneth Grahame, Lord Dunsany, Edgar Rice Burroughs, Oscar Wilde, John Kendrick Bangs, August Nemo, 2020-04-04 This book contains 25 short stories from 5 classic prize winning and noteworthy authors The stories were carefully selected by the critic August Nemo in a collection that will please the literature lovers The theme of this edition is Fantasy For more exciting titles be sure to check out our 7 Best Short Stories and Essential Novelists collections This book contains Edgar Rice Burroughs Tarzan's First Love A Jungle Joke Tarzan Rescues the Moon John Carter and the Giant Of Mars The Ancient Dead Beyond Thirty Skeleton Men of Jupiter John Kendrick Bangs The Water Ghost Of Harrowby Hall The Spectre Cook Of Bangletop A Midnight Visitor The Speck On The Lens A Quicksilver Cassandra The Ghost Club A Psychological Prank Oscar Wilde Lord Arthur Savile's Crime The Sphinx without a Secret A Model Millionaire The Happy Prince The Fisherman and his Soul The Nightingale and the Rose The Young King Lord Dunsany Chu Bu and Sheemish The Hoard of the Gibbelins The Quest of the Queen's Tears How One Came As Was Foretold To The City Of Never The Wonderful Window The Bride Of The Man Horse The House Of The Sphinx Kenneth Grahame The Twenty First of October Dies Irae Mutabile Semper The Magic Ring Its Walls Were as of Jasper A Saga of the Seas The Reluctant Dragon **Sister City Diplomacy** Douglas C. Nord, 2025 In 1987 Duluth Minnesota in the Midwestern United States and Petrozavodsk in what is now Russia officially joined hands as sister cities Douglas C Nord tells the stories of their collaboration in the context of the late Cold War He covers in ethnographic detail the lived experiences of city officials community leaders academics and average citizens who worked to bridge the divide between the United States and the Soviet Union What circumstances supported or undermined efforts to conduct people to people diplomacy What internal difficulties emerged and how were they overcome And what were the short term effects and long term consequences of the relationships forged in these postindustrial cities across the East West divide *Sister City Diplomacy* offers a historical account of citizen diplomacy set in a unique political and social environment But in its theoretical grounding and informed arguments this study speaks to much broader and contemporary concerns both in terms of United States Russian relations today and with regard to the challenges and opportunities of community based diplomacy in general Lessons learned along the shores of lakes Superior and Onega in the last days of the Cold War hold great value given the heightened tensions of current geopolitics *The Deoband Madrassah Movement* Muhammad Moj, 2015-03-01 This innovative book analyses the growth of Deobandi Islam a religious sect whose followers

include extremist groups through the frame of a counterculture in conflict with mainstream Muslim society Due to its relationship with the Taliban close links to al Qaeda and worldwide reach through the Tablighi Jamaat Proselytization Group the Deoband Madrassah Movement has come to acquire global significance In Pakistan Deobandi schools have increasingly been associated with the rise of an intolerant and militant strain of Islam linked with terrorist activities

**American Evangelicals** Ashlee Quosigk,2021-05-06 Ashlee Quosigk explores the diversity of opinions within the largest religious group in the US Evangelical Christians on the topic of Islam Evangelicals are often characterized as monolithically antagonistic toward Muslims This book challenges that stereotype exposing the sharp divides that exist among Evangelicals on Islam and examines why there is division Drawing on qualitative research on two congregations in the US as well as on popular Evangelical leaders this book details the surprisingly diverse views Evangelicals hold on Muhammad the Qur'an interfaith dialogue syncretism and politics This research is invaluable for providing a better understanding of what Evangelicals think and why This book also offers insight into why conflict exists and why Evangelicals differ while advancing culture war theory and qualitative methods Specifically it explores differences in moral authority assumptions that guide one's perceptions of the world among Evangelicals and explains how these differences influence their views on Islam The findings are relevant to religious relations worldwide as everyone appeals to moral authority irrespective of their geographic location

**Monsters Around the Campfire** Donovan Scherer,2014-07-22 How about some monster stories to go with your s'mores Even on a hot summer night there can be chills around a campfire For Ollie Carothers and his fellow campers the goal was simple have the best time ever In the glow of the fire stories are told one camper to another But are they just stories What snapped that branch Is that just a shadow What lurks beneath the surface of the swimming hole Could it really be Monsters Monsters Around the Campfire is an illustrated adventure of a group of kids at summer camp for readers around 8 to 12 years old In between each chapter of the main story is a different tale bringing you Bigfoot what to do when cornered by zombies and the worst mermaid ever The stories are little long to be shared out loud but are perfect for hiding in your sleeping bag with a flashlight If you enjoy Goonies Goosebumps or Are You Afraid of the Dark you'll love Monsters Around the Campfire

**The Trump and Harris Doctrines** Stanley A. Renshon,Peter Suedfeld,2024-10-02 The 2024 U S presidential election will hinge on two very different basic approaches to domestic and foreign policy two very different sets of underlying premises and two very different types of presidential and high level official personalities at the administrative helm putting them into effect Republican presidential nominee Donald Trump is campaigning on a nationalist conservative preservation platform It is a direct antithesis of the Biden Harris Waltz progressive transformation agenda This volume comparatively analyzes the choices of presidential doctrine that are likely to define the principles beliefs and nature of U S foreign policy in the years following the election of either candidate and their vastly different agendas Renshon Suedfeld and contributors do an excellent job of analyzing the different foreign policy assumptions and implications associated with the Trump and Biden

presidencies at a time of deepening international crisis Richard Ned Lebow King's College London I can think of no better book to objectively compare and contrast President Biden's foreign policy with that of the Trump administration A very useful and fair minded collection of essays containing a range of perspectives Colin Dueck George Mason University

**The Politics of United States Foreign Policy** James M. Scott, Jerel A. Rosati, 2023-06-22 What are the factors that shape and determine the foreign policy choices of the United States The Politics of United States Foreign Policy helps students consider the players processes and politics that drive US decisions and involvement in foreign policy Blending substance theory and stimulating analysis James Scott and Jerel Rosati emphasize that society government and global forces play a role in the struggle over competing values when it comes to foreign policymaking The book discusses historical patterns the president's ability to influence both at home and abroad and the tension between democracy and national security The Eighth Edition has been updated to cover developments since the end of the Trump administration the transition to the Biden administration the challenges of changing international and domestic contexts and the increasingly partisan political environment It also incorporates key recent national and international developments including the global pandemic the Russian invasion of Ukraine US global reengagement and competition between the US and key rivals like China and Russia

**Survival: December 2023- January 2024** The International Institute for Strategic Studies (IISS), 2023-12-08 Survival the IISS's bimonthly journal challenges conventional wisdom and brings fresh often controversial perspectives on strategic issues of the moment In this issue Lawrence Freedman assesses Russia's nuclear red line and how Vladimir Putin's views compare to those of Russian pundits Steven Simon and Jonathan Stevenson explore the roots of Hamas's attack on Israel on 7 October and the options available to the United States for restraining the Israeli government Charlie Laderman assesses the similarities between December 1941 when Germany and Japan determined it to be inevitable declared war on the US and the ongoing geopolitical crises governments face today Sara Bjerg Moller reflects on NATO allies failure to deliver on national collective defence targets as the Alliance approaches its 75th anniversary Lynn Kuok explores China's reshaping of international law to achieve its strategic goals and other countries failure to do so And seven more thought provoking pieces as well as our regular Book Reviews and Noteworthy column Editor Dr Dana Allin Managing Editor Jonathan Stevenson Associate Editor Carolyn West Editorial Assistant Conor Hodges

*Drones and US Grand Strategy in the Contemporary World* Francis N. Okpaleke, 2023-12-23 This book makes a compelling case that lethal drone deployment as a counterterrorism tool and instrument of statecraft in targeted states engenders far reaching consequences for US grand strategy By examining how successive US administrations since 9/11 have deployed drones in pursuit of different typologies of US grand strategic objectives the book probes the putative political and strategic goals drones supposedly advance and the impact of its continued proliferation for US international security The book provides a powerful base of evidence for policy makers and researchers by pointing to the perils of deployment of drone technology beyond their

immediate or short term objectives It also explores how non state actors and authoritarian regimes such as armed groups are harnessing armed drone technologies for their own political and military ends as well as the underlying implications for US grand strategy and international security at large John Carter and the Giant of Mars Edgar Rice Burroughs,2017-12-04

John Carter and the Giant of Mars is a juvenile story penned by Burrough s son John Jack Coleman Burroughs and claimed to have been revised by Burroughs It was written for a Whitman Big Little Book illustrated by Jack Burroughs that was published in 1940 and then republished in *Amazing Stories* the next year

**Our Indian Empire: Its History and Present State, from the Earliest Settlement of the British in Hindostan, to the Close of the Year 1846** Charles

MacFarlane,1844 *Amazing Stories* ,1961
