and financed by Washington and its regional allies especially Saudi Arabia Qatar Turkey and Israel Resistance to that regional war led to the formation of a loose regional bloc led by Iran which is now forming more substantial relations with the wider counter hegemonic blocs led by China and Russia in particular the BRICS and the Shanghai Cooperation Organization SCO West Asia After Washington addresses how as Washington's multiple wars for a subjugated New Middle East fail the global order is shifting against the North American giant China is displacing the USA as the productive and economic center of the world and new global organizations are competing with those created by the Anglo Americans It is in this global context we must understand the future of the Arabic and Islamic countries of the Middle East now often called West Asia in reflection of that new orientation Among other things this alliance is making real what North American intelligence has long feared and termed an Iranian land bridge extending to the Mediterranean in the west and as far as China in the east That land bridge between East Asia and Europe centers on Iran the largest independent state of the region and is from a Zionist perspective thought to represent the most serious long term existential threat to Israel because it forms a united resistance front in support of the colonized Palestinian people This book discusses the wars of hegemonic decline the roots of Western fascism Zionist cancel culture the Kurdish card in Syria the purging of Christians from the New Middle East the betrayal of Yemen and takes us inside Syrian Idlib Then it looks into the near future considering Washington's strategic retreat the legacy of murdered Iranian Commander Qassem Soleimani and the possibilities of dismantling Apartheid Israel and the lifting of the siege on Syria and its recovery The Iranian land bridge to China Iran's Resistance Economy regional integration and the challenge of multipolarity offer insight into the West Asian region after Washington
