Economics for Business Ivan K. Cohen, 2015-11-03 *Economics for Business* enables the reader to develop a clear understanding of the economic environment in which business takes place. This comprehensive book covers the process of globalization and its implications for business, the role of the market and supply and demand, the impact of demand on branding and brand loyalty, and pricing strategies under various market structures. With specific business content integrated throughout and a global perspective on the current world of business taking into account the financial crisis and its aftermath, *Economics for Business* is a useful introduction to economics for business students, a streamlined and comprehensive alternative to large undergraduate economics textbooks, and a valuable resource for managers and executives who need to understand the basics of economic concepts to grow their business. Online supporting resources for this book include bonus chapters on shareholders, trading blocs, and skills groupings, a glossary, history of economics, and an instructor's manual.

Far Eastern Economic Review, 2004-07 Asia's premier business magazine. The magazine reports on politics, business, economics, technology, and social and cultural issues throughout Asia, with a particular emphasis on both Southeast Asia and China.

Entrepreneurship, Business and Economics - Vol. 2 Mehmet Huseyin Bilgin, Hakan Danis, 2016-03-23 This volume of *Eurasian Studies in Business and Economics* focuses on latest results from research in Banking and Finance, Accounting, and Corporate Governance, Growth and Development, along with a focus on the Energy sector. The first part on Accounting and Corporate Governance features articles on environmental accounting, audit quality, financial information, and adoption of governance principles. The Banking and Finance part looks at risk behavior in banks, credit ratings during the subprime crisis, stakeholder management, and stock market crises. The book focuses then on the energy sector and analyzes macroeconomic impacts of electricity generation, risk dimensions in wind energy, the latest EU energy reforms, and discusses prediction models.
