Fall Of The Berlin Wall November 9 1989:

The Collapse Mary Elise Sarotte, 2014-10-07 On the night of November 9 1989 massive crowds surged toward the Berlin Wall drawn by an announcement that caught the world by surprise East Germans could now move freely to the West The Wall infamous symbol of divided Cold War Europe seemed to be falling But the opening of the gates that night was not planned by the East German ruling regime nor was it the result of a bargain between either Ronald Reagan or George H W Bush and Soviet leader Mikhail Gorbachev It was an accident In The Collapse prize winning historian Mary Elise Sarotte reveals how a perfect storm of decisions made by daring underground revolutionaries disgruntled Stasi officers and dictatorial party bosses sparked an unexpected series of events culminating in the chaotic fall of the Wall With a novelist's eye for character and detail she brings to vivid life a story that sweeps across Budapest Prague Dresden and Leipzig and up to the armed checkpoints in Berlin We meet the revolutionaries Roland Jahn Aram Radomski and Siggie Schefke risking it all to smuggle the truth across the Iron Curtain the hapless Politburo member G Schabowski mistakenly suggesting that the Wall is open to a press conference full of foreign journalists including NBC's Tom Brokaw and Stasi officer Harald Jäger holding the fort at the crucial border crossing that night Soon Brokaw starts broadcasting live from Berlin's Brandenburg Gate where the crowds are exulting in the euphoria of newfound freedom and the dictators are plotting to restore control Drawing on new archival sources and dozens of interviews The Collapse offers the definitive account of the night that brought down the Berlin Wall

The Fall of the Berlin Wall, 9 November 1989 Patricia Levy, 2002 This title describes events on the day the Berlin Wall fell and the effect it had on Germany and the rest of Europe It also looks at the history of the Wall explaining why it was built as well as looking at the implications of what happened in the wider context of the 20th century history Real life accounts are included in moment in time boxes acting as a freeze frame of peoples thoughts emotions and experiences as those from West Germany were at last free to travel to the East and vice versa

The Fall of the Berlin Wall as Seen from an East German Political Perspective Sven P. Trinkaus, 2011 This paper will trace the series of events since WWII which ultimately led to the opening of the Berlin Wall and intra German border on November 9 1989 It will focus largely on the East German view and it will demonstrate that most of East Berlin's policies were reactive rather than proactive in nature especially when it came to decisions made in Bonn Moscow or Washington It will also delve into the factors responsible for East Germany's enduring communist rule and the limited prosperity which ironically helped foster its ultimate fall For a while in many areas the German Democratic Republic's methods of censorship control and political indoctrination achieved the necessary results but they also produced high levels of personal alienation resentment and political mistrust In time these all too human reactions were increasingly more difficult to eradicate or suppress by the authorities In league with the rapidly changing international events of the times East German anger and frustration finally erupted that led to the dramatic and historic moments of the Peoples Revolution in November 1989 To a large degree the communist regime was swept from

power by a popular revolt from below The implosion of East Germany was in effect the West's tipping point for victory in the Cold War It was second only in importance to the dissolution of the Soviet Union in 1991 Not enough has been said of the East Germans role in bringing down the Wall This paper will attempt to act as a corrective measure to this oversight **The Fall of The Berlin Wall** Associated Press,2015 On November 9 1989 the Berlin Wall fell after nearly three decades as a barrier dividing the city With on the ground reporting and stunning photography AP was there to provide a unique look at the story **The Fall of the Berlin Wall** Charles River Editors,2015-03-04 Includes pictures Includes accounts of the night the wall fell and celebrations afterward Includes footnotes and a bibliography for further reading Includes a table of contents This is a historic day East Germany has announced that starting immediately its borders are open to everyone The GDR is opening its borders the gates in the Berlin Wall stand open German anchorman Hans Joachim Friedrichs The Berlin Wall constructed in October of 1961 stood for 28 years as an ugly divider of a once united Germany The wall was successful at keeping many East Germans inside a country that fell further and further behind in living standards democratic privileges and individual freedoms Despite its success many found a way to cross the barrier to obtain a better life in the West In addition the Soviet Union was going through a period of political instability as several aging leaders had taken the top position in the Soviet Union only to die a short period of time later In 1985 Mikhail Gorbachev became the leader of the Soviet Union Gorbachev came to power seeking to repair the Soviets economy and he took a softer stance toward the United States The two leaders signed agreements to reduce the number of nuclear weapons and eliminate certain types of ballistic missiles Gorbachev also reformed the Soviet Union internally lifting restrictions on individual freedoms Limited political reforms such as broadcasting uncensored debates in which politicians openly questioned government policy backfired when they energized eastern European opposition movements which began to overthrow their communist governments in 1989 Gorbachev was unwilling to reoccupy these eastern European nations and use the Soviet army to put down these revolts Things came to a head in Berlin that November With rapid change throughout Europe the wall faced a challenge it could not contain the challenge of the spread of democracy On the night of November 9 1989 the Berlin Wall was effectively removed from the midst of the city it so long divided It was removed with pick axes and sledgehammers but also removed from the hearts and minds of the people on both sides who only hours before had thought the wall's existence insurmountable The fall of the Berlin Wall is often considered the end of the Cold War and the following month both President Bush and Gorbachev declared the Cold War over but the Cold War had been thawing for most of the 1980s President Reagan is remembered for calling the Soviet Union an evil empire and demanding that Gorbachev tear down the wall but he spent the last several years of his presidency working with the Soviet leader to improve relations The end of the Soviet Union came when Gorbachev resigned on December 25 1991 The Soviet Union formally dissolved the next day and the Cold War was over with the United States outlasting its long time adversary The Fall of the Berlin Wall The History of the Unification of Germany and the End of
