Fallen Angels Sing:

Fallen Angels Sing, *Fallen Angels Sing* Omar Torres, 1991-01-01 To escape the wrath of a deceived husband Miguel Saavedra a poet of sorts abandons the good time existential vacuum of Miami's uprooted younger Cubans for New York There he is caught in a web of plots spun by pro and anti Castro agents The surrealistic flow of days and nights which follow lead the protagonist from university lecture hall to transvestite bar from the arms of a beautiful woman to the dark regions of a basement salter a temple As the barriers between dream and reality fact and fiction disappear the ultimate purpose of Miguel's life is unveiled before him Miguel like St Michael must confront the eternal foe angels and archangels of evil incarnate Omar Torres *Fallen Angels Sing* an English recreation by the author of his novel *Apenas un bolero* is a magnificent tour de force that keeps the reader hanging on by a thread through to its unexpected ending **Cuban-American**

Literature of Exile Isabel Alvarez-Borland, 1998 The Cuban revolution of 1959 initiated a significant exodus with more than 700 000 Cubans eventually settling in the United States This community creates a major part of what is now known as the Cuban diaspora In *Cuban American Literature of Exile* Isabel Alvarez Borland forces the dialogue between literature and history into the open by focusing on narratives that tell the story of the 1959 exodus and its aftermath Alvarez Borland pulls together a diverse array of Cuban American voices writing in both English and Spanish often from contrasting perspectives and approaches over several generations and waves of immigration Writers discussed include Guillermo Cabrera Infante Reinaldo Arenas Roberto Fernandez Achy Obejas and Cristina Garcia The author's analysis of their works uncovers a movement from narratives that reflect the personal loss caused by the historical fact of exile to autobiographical writings that reflect the need to search for a new identity in a new language to fictions that dramatize the authors constructed Cuban American personae If read collectively she argues these sometimes dissimilar texts appear to be in dialogue with one another as they all document a people's quest to reinvent themselves outside their nation of origin *Cuban American Literature of Exile* encourages readers to consider the evolution of Cuban literature in the United States over the last forty years Alvarez Borland defines a new American literature of Cuban heritage and documents the changing identity of an exiled literature

Reverberating Song in Shakespeare and Milton Erin Minear, 2016-04-08 In this study Erin Minear explores the fascination of Shakespeare and Milton with the ability of music heard imagined or remembered to infiltrate language Such infected language reproduces not so much the formal or sonic properties of music as its effects Shakespeare's and Milton's understanding of these effects was determined she argues by history and culture as well as individual sensibility They portray music as uncanny and divine expressive and opaque promoting associative rather than logical thought processes and unearthing unexpected memories The title reflects the multiple and overlapping meanings of reverberation in the study the lingering and infectious nature of musical sound the questionable status of audible earthly music as an echo of celestial harmonies and one writer's allusions to another Minear argues that many of the qualities that seem to us characteristically

Shakespearean stem from Shakespeare's engagement with how music works and that Milton was deeply influenced by this aspect of Shakespearean poetics. Analyzing Milton's account of Shakespeare's warbled notes she demonstrates that he saw Shakespeare as a peculiarly musical poet deeply and obscurely moving his audience with language that has ceased to mean but nonetheless lingers hauntingly in the mind. Obsessed with the relationship between words and music for reasons of his own including his father's profession as a composer Milton would adopt, adapt and finally reject Shakespeare's form of musical poetics in his own quest to join the angel choir. Offering a new way of looking at the work of two major authors this study engages and challenges scholars of Shakespeare, Milton and early modern culture. Milton and Music Seth Herbst, 2023-04-03 Milton and Music is the first study to juxtapose John Milton's poetry on music with later musical adaptations of his work. In Part I Milton on Music Seth Herbst shows that writing about music galvanized Milton's intellectual development towards animist materialism, the belief that everything in the universe even the human soul is made of matter. The Milton who emerges is a forward thinking visionary who leaped past his contemporaries in conceiving music as a material phenomenon that exists simultaneously as sound and metaphor. Part II Milton in Music follows two daring composers in investigating whether Milton's visionary concept of music can be realized in actual musical sound. In Samson an oratorio adaptation of Milton's Samson Agonistes Handel resists Miltonic music theory suggesting that music struggles to function as both sound and metaphor. By contrast the twentieth century Polish composer Krzysztof Penderecki composes an iconoclastic opera of Paradise Lost that develops a soundworld of fractured dissonance in which music acts as both sound and metaphor. Recovering Milton's own high estimation of music from a critical tradition that has subordinated it to the poet's political and religious convictions Herbst reveals Milton as an interdisciplinary thinker and overlooked figure in the study of words and music. Driven by bold claims about the comparative treatment of literature and music Milton and Music revises our understanding of what makes this canonical poet an intellectual revolutionary. John Milton Kristin A. Pruitt, Charles W. Durham, 2008 These ten essays originally presented at the 2005 Conference on John Milton sponsored by Middle Tennessee State University in Murfreesboro Tennessee were selected for inclusion in this collection on the basis of merit rather than theme focus or critical approach. Nonetheless they all suggest albeit from disparate perspectives ways in which careful attention to Milton's language to his reasoning words can offer a colorful palette of choices for the contemporary reader.

To Die in Cuba Louis A. Pérez Jr.,2012-12-01 For much of the nineteenth century and all of the twentieth the per capita rate of suicide in Cuba was the highest in Latin America and among the highest in the world a condition made all the more extraordinary in light of Cuba's historic ties to the Catholic church In this richly illustrated social and cultural history of suicide in Cuba Louis A Perez Jr explores the way suicide passed from the unthinkable to the unremarkable in Cuban society In a study that spans the experiences of enslaved Africans and indentured Chinese in the colony nationalists of the twentieth century republic and emigrants from Cuba to Florida following the 1959 revolution Perez finds that the act of suicide was loaded with meanings that changed over time Analyzing the social context of suicide he argues that in addition to confirming despair suicide sometimes served as a way to consecrate patriotism affirm personal agency or protest injustice The act was often seen by suicidal persons and their contemporaries as an entirely reasonable response to circumstances of affliction whether economic political or social Bringing an important historical perspective to the study of suicide Perez offers a valuable new understanding of the strategies with which vast numbers of people made their way through life if only to choose to end it To Die in Cuba ultimately tells as much about Cubans lives culture and society as it does about their self inflicted deaths
