## **Fallen Pillars Us Policy Towards Palestine And Israel Since 1945 Paperback:**

*The Palestine Yearbook of International Law*, 1995 Anis F. Kassim, 1997-01-01 A well established yearbook The Palestine Yearbook of International Law is widely respected as a prime source of legal material relating to Palestinian issues It provides an important forum on topical matters relating to Palestine for the international legal community particularly for legal practitioners researchers and scholars In addition to leading articles on current matters of interest it contains key legislation court decisions and other relevant legal material translated from the original Arabic or Hebrew into English This eighth volume of The Palestine Yearbook of International Law contains leading articles on Palestinian self government legal aspects of the Palestinian Israeli peace process and the problems of water management in Palestine the texts of Palestinian Jordanian Israeli and U S legislation and of various Agreements concluded between the Palestinian National Authority and both Jordan or Israel the texts of human rights reports a selection of recent book reviews and a detailed bibliography The level of activity in this field and its importance and complexity make The Palestine Yearbook of International Law an important component in any international law library allowing practitioners and academics to maintain awareness of these critical issues

Fallen Pillars Donald Neff, 1995 *Eleanor Roosevelt* Geraldine Kidd, 2017-11-20 Memorialised as a US heroine and an iconoclastic humanitarian who sought to protect society's marginalised Eleanor Roosevelt also at times disappointed contemporaries and biographers with some of her stances Examining a period of her life that has not been extensively explored this book challenges the previously held universality of Eleanor Roosevelt's humanitarianism The Palestinian question is used as a case study to explore the practical application of her commitment to social justice and the author argues that at times Roosevelt's humanitarianism was illogical limited and flawed by pragmatism New insights are provided into Eleanor Roosevelt's human rights activism its dichotomies its inspiration and the effect it had on US relations with the Middle East This book will appeal to academics working across a range of disciplines including history diplomatic history American studies Middle Eastern studies US foreign policy human rights and women's studies

*Israel-Palestine* Omer Bartov, 2021-09-17 The conflict between Israel and Palestine has raised a plethora of unanswered questions generated seemingly irreconcilable narratives and profoundly transformed the land's physical and political geography This volume seeks to provide a deeper understanding of the links between the region that is now known as Israel and Palestine and its peoples both those that live there as well as those who relate to it as a mental mythical or religious landscape Engaging the perspectives of a multidisciplinary international group of scholars it is an urgent collective reflection on the bonds between people and a place whether real or imagined tangible as its stones or ephemeral as the hopes and longings it evokes

International Law and the Israeli-Palestinian Conflict Susan M. Akram, Michael Dumper, Michael Lynk, Iain Scobbie, 2010-12-23 The Israeli Palestinian conflict has long been intertwined with and has had a profound influence on the principles of modern international law Placing a rights based approach to the Israeli Palestinian conflict at the centre of

discussions over its peaceful resolution this book provides detailed consideration of international law and its application to political issues Through the lens of international law and justice the book debunks the myth that law is not useful to its resolution illustrating through both theory and practice how international law points the way to a just and durable solution to the conflict in the Middle East Contributions from leading scholars in their respective fields give an in depth analysis of key issues that have been marginalized in most mainstream discussions of the Israeli Palestinian conflict Palestinian refugees Jerusalem security legal and political frameworks the future of Palestine Written in a style highly accessible to the non specialist this book is an important addition to the existing literature on the subject The findings of this book will not only be of interest to students and scholars of Middle Eastern politics International Law International Relations and conflict resolution but will be an invaluable resource for human rights researchers NGO employees and embassy personnel policy staffers and negotiators

**The Unmaking of the Middle East** Jeremy Salt,2008 Politics government [The Speech, and Its Context](#) Abba A. Solomon,2011 Abba A Solomon provides startling explanations for the Zionizing of the otherwise integrated American Jewish community and the development of inordinate American support for the State of Israel The author s investigation of a watershed February 1948 speech by chairman Jacob Blaustein shows that the American Jewish Committee then the nation s most influential American Jewish organization had reluctantly supported partition of Palestine in an effort to stop escalating Jewish nationalist terrorism In fateful moments in America s relations with Palestine after David Ben Gurion declared the Jewish nationalist state the AJC kept silent on the betrayal of its ideal of nonsectarian government for all Palestinians This decision has reverberated in the American Jewish community since hostage to Israeli state violence and left helpless to offer an alternative to Jewish domination of Palestine

**Daily Life of Arab Americans in the 21st Century** Anan Ameri,Holly Arida,2012-04-06 This much needed study documents positive Arab American contributions to American life and culture especially in the last decade debunking myths and common negative perceptions that were exacerbated by the 9 11 attacks and the War on Terror The term Arab American is often used to describe a broad range of people who are ethnically diverse and come from many countries including Lebanon Syria Palestine Jordan Iraq Saudi Arabia Yemen Oman United Arab Emirates Qatar Bahrain and Kuwait Some Arab Americans have been in the United States since the 1880s The terrorist attacks of September 11 2001 did serve to highlight the necessity for Americans to better understand the discrete nations and ethnicities of the Middle East This title documents the key aspects of contemporary Arab American life including their many contributions to American society It begins with an overview of the immigrant experience but focuses primarily on the past decade examining the political family religious educational professional public and artistic aspects of the Arab American experience Readers will understand how this unique experience is impacted by political events both in the USA and in the Arab world

**The End of the Middle East Peace Process** Samer Bakkour,2022-06-23 Presenting the Middle East peace process as an extension of US foreign policy this book argues that ongoing interventions

justified in the name of peace sustain and reproduce hegemonic power With an interdisciplinary approach this book questions the conceptualisation and general understanding of the peace process The author reinterprets regional conflict as an opportunity for the US through which it seeks to achieve regional dominance and control Engaging with the different stages and components of the peace process he considers economic military and political factors which both changed over time and remained constant This book covers the US role of mediation in the region during the Cold War the history and present state of US Israel relations Syria s reputation as an opponent of peace compared with its participation in peace negotiations and the Palestinian Israel conflict with attention to US involvement The End of the Middle East Peace Process will primarily be of interest to those hoping to gain an improved understanding of key issues concepts and themes relating to the Arab Israeli conflict and US intervention in the Middle East It will also be of value to those with an interest in the practicalities of peacebuilding

**Negotiating Arab-Israeli Peace** Laura Zittrain Eisenberg, Neil Caplan, 2025-04-22

Fifteen years since the publication of its second edition this foundational text in the history of Arab Israeli peacemaking endeavors has been updated to include developments from the past twenty five years Thoroughly revised and expanded the third edition of Negotiating Arab Israeli Peace examines the history of recurrent efforts to resolve the Arab Israeli conflict since the 1970s and identifies a pattern of negative negotiating behaviors that repeatedly derail peacemaking efforts In addition to updating all of the book s existing chapters with post 2010 sources and developments authors Eisenberg and Caplan have added new chapters on the Arab Peace Initiative the Annapolis Conference the Kerry mission and the Abraham Accords as well as a conclusion that questions several core notions regarding the nature of the conflict the possibility of its resolution Arab Israeli normalization and the viability of the two state solution An epilogue extends the book s framework into present day crises in the region specifically Hamas s 7 October 2023 attack on Israel and Israel s war against Hamas in Gaza A companion website comprises nine appendices among them 145 primary source documents expanded notes links to websites for maps data and analysis peace activities and additional visual and documentary sources Also online is a robust instructor s guide offering supplementary resources and ideas for assignments research and classroom exercises all of which draw upon and complement the themes running throughout the text By measuring contemporary diplomatic episodes against the historical pattern of counterproductive negotiating habits Negotiating Arab Israeli Peace makes possible a coherent comparison of some eighty years of Arab Israeli negotiations and offers readers a framework with which to assess the relative strengths and weaknesses of peace making attempts past present and future

*Israel on the Brink* Ilan

Pappe, 2025-09-18 Israel can t go on like this 7 October and Israel s subsequent invasion of Gaza laid bare the cracks in its foundations It was unveiled as a country unable to protect its citizens divided between messianic theocrats and selective liberals resented by its neighbours and losing the support of Jews worldwide While its leaders justify bombing campaigns exceeding the worst atrocities of World War 2 and a spiralling humanitarian catastrophe in the Gaza Strip Israel is becoming

a pariah state Its worst enemy is not Hamas but itself Ilan Pappé paves a path out of the Jewish state rooted in restorative justice and decolonisation including the return of refugees the end of illegal settlements and building bridges with the Arab world The future can be one of reconciliation not endless war      **The Palestine Yearbook of International Law** ,1994

**Israeli Exceptionalism** M. Alam,2009-11-09 This book discusses the small band of European Zionists who entered the world stage in late 19th century determined to create a Jewish state and considers how at that time in Europe Jewish Gentile frictions were local problems whilst today in Israel they have come to form the pivot of global conflict      **Strategic Air Power in Desert Storm** John Andreas Olsen,2013-11-05 In response to the Iraqi invasion of Kuwait on the second of August 1990 a small group of air power advocates in the Pentagon proposed a strategic air campaign Operation Desert Storm designed to drive the Iraqi army from Kuwait by a sustained effort against the major sources of Iraqi national power John Andreas Olsen provides a coherent and comprehensive examination of the origins evolution and implementation of this campaign His findings derive from official military and political documentation interviews with United States Air Force officers who were closely involved with the planning of the campaign and Iraqis with detailed knowledge and experience of the inner workings of the Iraqi regime      *De Facto States and Land-for-Peace Agreements* Eiki Berg,Shpend

Kursani,2021-12-21 This book presents an analytical framework which assesses how land for peace agreements can be achieved in the context of territorial conflicts between de facto states and their respective parent states The volume examines geographic solutions to resolving ongoing conflicts that stand between the principle of self determination prompted by de facto states and the principle of territorial integrity prompted by parent states The authors investigate the conditions under which territorial adjustments can bring about a possibility for peace between de facto states and their parent states It does so by interrogating the possibility of land for peace agreements in four de facto state parent state pairs namely Kosovo Serbia Nagorno Karabakh Azerbaijan Northern Cyprus Republic of Cyprus and Abkhazia Georgia The book suggests that the value that parties put on land to be exchanged and peace to be achieved stand at odds for land for peace agreements to materialise The book brings theoretical and empirical insights that open several avenues for discussions on the conservative stance that the international community has held on territorial changes in the post 1945 international order This book will be of much interest to students of statebuilding state formation secessionism political geography and international relations

Israel at Sixty Efraim Karsh,Rory Miller,2013-10-23 Sixty years after the birth of Israel this fascinating and original book of essays brings together a number of the leading experts on Zionism and Israel to examine the domestic and international context of Israel s transition from community to state in 1948 With contributions on a wide range of historically important topics that are no less relevant now than they were six decades ago the book examines how countries as diverse as France the United States Turkey Britain and Ireland viewed the partition of Palestine in 1947 and the subsequent establishment of Israel in 1948 It also looks at the involvement of the UN Zionist and Arab leaders in the events immediately preceding Israel

s birth While controversial issues such as the role of the Holocaust in the creation of Israel and the attitude of the Zionist movement to Palestinian Arabs from its onset to the 1948 war are examined in order to set the record straight after decades of mistaken and misleading research This book was previously published as a special issue of Israel Affairs **Genesis** John B. Judis, 2014-02-04 A probing look at one of the most incendiary subjects of our time the relationship between the United States and Israel There has been more than half a century of raging conflict between Jews and Arabs a violent costly struggle that has had catastrophic repercussions in a critical region of the world In Genesis John B Judis argues that while Israelis and Palestinians must shoulder much of the blame the United States has been the principal power outside the region since the end of World War II and as such must account for its repeated failed diplomacy efforts to resolve this enduring strife The fatal flaw in American policy Judis shows can be traced back to the Truman years What happened between 1945 and 1949 sealed the fate of the Middle East for the remainder of the century As a result understanding that period holds the key to explaining almost everything that follows right down to George W Bush s unsuccessful and ill conceived effort to win peace through holding elections among the Palestinians and Barack Obama s failed attempt to bring both parties to the negotiating table A provocative narrative history animated by a strong analytical and moral perspective and peopled by colorful and outsized personalities and politics Genesis offers a fresh look at these critical postwar years arguing that if we can understand how this stalemate originated we will be better positioned to help end it **The Meaning of Israel** Åsmund Borgen Gjerde, 2025-08-01 Why did social democrats in the 1940s and 1950s idealise Zionism and Israel And why did the New Left of the 1960s denounce Israel as an apartheid state and a bridgehead of imperialism The Meaning of Israel Anti Zionism and Philo Zionism in the Postwar Left a case study of Norway offers new and intriguing answers to both questions Previous national case studies of left ideas about Israel have tended to explain with reference to national peculiarities of the country in question e g guilt over the Holocaust in the case of Germany This book by contrast considers its findings about Norway in the context of what we know from other national case studies and uses this approach to suggest explanations that may be valid across national boundaries The Meaning of Israel argues that left ideas about Zionism and Israel have been inextricably intertwined with ideas about civilisation Post war social democrats used ideas about Zionism and Israel to assuage their anxiety about the future of civilisation and to reaffirm the viability of this very concept The anti Zionism of the New Left on the other hand grew out of a broader rejection of ideas of civilisation The book will appeal to academics and general readers interested in the history of the Left Israel and anti semitism **American Foreign Relations Since 1600** Robert L. Beisner, 2003 In this book a team of distinguished historians has culled the most important published and unpublished works in U S diplomatic literature and thoroughly annotated them The work comprehensively covers five centuries from America s colonial era to the end of the 20th century with half the entries on works published since the first edition and nearly half on post World War II subjects **Beyond Chutzpah** Norman G. Finkelstein, 2020-05-05 In Beyond

Chutzpah Norman Finkelstein moves from an iconoclastic interrogation of the new anti-Semitism to a meticulously researched exposé of the corruption of scholarship on the Israel Palestine conflict especially in the work of Alan Dershowitz. Pointing to a consensus among historians and human rights organizations on the factual record Finkelstein argues that so much controversy continues to swirl around the conflict because apologists for Israel contrive it. This paperback edition includes a new preface examining recent developments in the Israel Palestine conflict and the misuse of anti-Semitism and a new chapter analysing the controversy surrounding Israel's construction of the West Bank wall.

Immerse yourself in the artistry of words with Experience Art with is expressive creation, **Fallen Pillars Us Policy Towards Palestine And Israel Since 1945 Paperback** .
