immediately helpful ideas and examples in this classic text The Mirror and the Hammer Ernesto Spinelli, 2004-06-16 It is surely worth reading not only by the author's fellow psychiatrists but also by psychologists in general Contemporary Psychology I found this book a joy to read Each chapter sets out the orthodoxy in question then proceeds to explain lucidly the author's difficulties with this orthodoxy and to suggest an alternative way of looking at the issues Self and Society Psychotherapy's influence seems all pervasive today But to what end Is helping people really therapy's main mission This provocative book explores the alternatives to psychotherapeutic orthodoxies on such vital issues as sexuality the self the unconscious creativity and the dilemma of evil Ernesto Spinelli challenges psychotherapy asking if it has retreated from its early promise of being a pivotal agent in our attempts to discover what it means to be human in exchange for its current role as a pacifier of personal and social unease *Shouldn't I Be Feeling Better By Now?* Yvonne Bates, 2005-11-20 Around one in four clients of counselling and therapy either deteriorate in treatment or show no signs of recovery Why does therapy fail this significant proportion of vulnerable people and what can be done about it This ground breaking volume assembles the first ever collection of client critiques of therapy as a way of kick starting an urgently needed debate Including contributions from a range of internationally respected therapists the book identifies areas of concern and seeks to provide constructive solutions for the future Nominated for the Mind Book of the Year Award 2006 **Introduction to Counselling Survivors of Interpersonal Trauma** Christiane Sanderson, 2009-11-15 Victims of sexual and physical trauma can feel lost and disconnected from themselves and others Christiane Sanderson's book explains how counsellors can restore connection to self and others and facilitate recovery within a safe and supportive therapeutic relationship **The Future of Training in Psychotherapy and Counselling** John Rowan, 2014-02-25 The Future of Training in Psychotherapy and Counselling presents a revealing and stimulating account of the current state of training that demonstrates how training will have to adapt if it is to successfully meet the needs and challenges of the future In an attempt to look afresh at the whole question of training John Rowan proposes that there are three ways of doing therapy and any examination of training has to consider each of these the instrumental where the main emphasis is on the treating the client or patient the authentic way where the main emphasis is on meeting the client or patient the transpersonal way where main emphasis is on linking with the client in a more personal way Each approach makes different assumptions about the self about the relationship and about the level of consciousness involved in doing therapy By challenging the basic precepts of traditional training John Rowan encourages the reader to reconsider subjects including the difference between counselling and psychotherapy culture and ethics the origins of disturbance in clients and child development The Future of Training in Psychotherapy and Counselling provides a much needed new perspective that will compel all psychotherapists and counsellors to take a closer look at training in the field *The Politics Of Psychotherapy: New Perspectives* Totton, Nick, 2006-03-01 This unique collection by leading authors explores the links between therapy and the political world and their contribution to each other Topics covered include
