Mayer, 2012-02-17 Coaches Would you like to coach your players in an ethical environment where you are developing the character of your players while sti ll being competi ti ve Parents Would you like your son or daughter coached in a safe environment where they will be able to develop life skills that will maximize their performance in areas outside of sports like educati on *The Principles of Ethical Youth Coaching* provides the answers The reality of sports is that very few athletes ever make it to the highest level of a given sport Yet the training resources off ered to youth coaches focus almost exclusively on strategies to promote winning The techniques advocated by these training programs may be acceptable for professional athletes however they are not acceptable for youth athletes The overwhelming focus on winning causes coaches to miss opportuniti es to promote character development skills in their players When if at all ethical player development skills are brought up in these programs it is done so in passing and no concrete strategies are off ered On the other hand some well intenti oned programs seek to eliminate winning from the equati on This is not a realisti c approach as winning is a fundamental aspect of sports and it must be

embraced in the appropriate manner The Principles of Ethical Youth Coaching shows coaches how to develop the character of their players while embracing the competitive nature of sports American journal of urology and sexology ,1916

Self-Interviews James Dickey,1984-03-01 In Self Interviews James Dickey speaks thoughtfully and with candor of his life as a poet He recalls how poetry came to be his career tracing its growing importance in his life from his youth in Georgia through his years overseas with the Air Force as a student at Vanderbilt as a teacher and as a successful advertising executive He also tells of how he reworked the life around him into poetry of the fleeting impressions and lingering thoughts that were the seeds of some of his finest poems including Cherrylog Road The Lifeguard The Fiend and Falling Following only a rough outline Dickey recorded these spontaneous monologues in June 1968 not long after the publication of his Poems 1957 1967 which collected the work from his first five books These musings then date from what was in many ways a natural vantage point on his artistic development a moment ripe for recollection and analysis Dickey uses the occasion not only to look back on his career but also to consider his preferences and goals as a poet I would like to be able to write a poetry he reveals that would have something for every level of mind something that would be accessible to a child and would also give college professors and professional critics something maybe something they haven't had much of recently or indeed ever This book is not so much the autobiography of a poet as it is the biography of a poet's work Unique and revealing Self Interviews is an intimate profile of a decade in the art of one of America's finest poets James Dickey Matthew Joseph Bruccoli,Judith Baughman,1990 A deft foreword by Dickey precedes a bibliography that identifies the first appearance in print of everything he wrote and includes descriptive information essential to establishing the pedigree of the editions The sections cover books and pamphlets wholly written by Dickey contributions to books and pamphlets first publication in journals or newspapers interviews with Dickey later collections of previously collected poems An appendix lists major works about Dickey Annotation copyrighted by Book News Inc Portland OR **The Phoenix** Michael Monahan,1915 **English Synonymes Explained in Alphabetical Order with Copious Illustrations and Examples Drawn from the Best Writers** George Crabb,1887
