Smith,2022-07-17 John Armstrong was destined to be a humble farmer on the Pennsylvania frontier until the American Revolution changed his life Rising from private soldier to an officer in the Continental Army he later served in the First American Regiment forerunner of the U S Army that was tasked to facilitate the settlement of the Northwest Territory He endured the fledgling army s growing pains was selected for a covert operation in Spanish territory to explore the Missouri

Researching Irish Australians Brian Trainor,1998 This directory provides short histories of some 5 000 of the Irish who settled in Australia in the last century Included also are over 500 abstracts of Irish Australian wills taken from the printed Irish will calendars 1858 1900 High and low in society are to be found there ranging from a State Governor like Sir Arthur Kennedy of Queensland down to John Augustin Martin a billiard marker of Inverell New South Wales whose estate was valued at 250 when he died in 1892 Significantly over 80 abstracts relate to women an important feature since documentation about individual women is meagre

The Marquess of Londonderry N.C. Fleming,2024-02-22 Charles Stewart Henry Vane Tempest Stewart the seventh Marquess of Londonderry has long been a divisive figure in British and Irish history Was he an anti Semitic Nazi sympathizer as some have argued or did he seek to preserve peace in Europe Should he be blamed for the breakdown of the World Disarmament Conference as the Labour party maintained or did he help to preserve the Royal Air Force that ultimately secured victory in the Battle of Britain Was he the founding father of integrated education in Northern Ireland or the friendly face of a sectarian government In the paperback edition of The Marquess of Londonderry N C Fleming answers these questions and more This updated and expanded biography draws extensively from private family papers and state papers as well as new scholarship to provide an illuminating and rounded study of an infamous and often misunderstood aristocrat It contains new details about his household and wealth his travels across the British Empire and his ownership of collieries in County Durham Londonderry's political beliefs are fully examined including his attitudes to democracy capitalism women's rights religion trade unions and anti-Semitism It charts his diplomatic efforts at the League of Nations and his promotion of Anglo German understanding in response to the aggressive policies of Adolf Hitler Fleming places Londonderry's political career in the context of aristocratic decline and growing calls for social equality He demonstrates how Londonderry defied contemporary expectations by holding on to high office and how he continued to have the attention of powerful figures even after his removal from the government
