Dark Nights, Bright Lights Susanne Bach, Folkert Degenring, 2015-10-16 Light and darkness shape our perception of the world This is true in a literal sense but also metaphorically in theology philosophy literature and the arts the light of day signifies life safety knowledge and all that is good while the darkness of the night suggests death danger ignorance and evil A closer inspection however reveals that things are not quite so clear-cut and that light and darkness cannot be understood as simple binary opposites On a biological level for example daylight and darkness are inseparable factors in the calibration of our circadian rhythms and a lack of periodical darkness appears to be as contrary to health as a lack of exposure to sunlight On a cultural level too night and darkness are far from being universally condemnable in fiction drama and poetry the darkness of the night allows not only nightmares but also dreams it allows criminals to ply their trade and allows lovers to meet it allows the pursuit of pleasure as well as deep thought it allows metamorphoses transformations and transgressions unthinkable in the light of day But night is not merely darkness The night gains significance as an alternative space as an other of the day only when it is at least partially illuminated The volume examines the interconnection of night darkness and nocturnal illumination across a broad range of literary texts The individual essays examine historically specific light conditions in literature tracing the symbolic and metaphoric content of darkness and illumination and the attitudes towards them

Creatures of Darkness Gene D. Phillips,2014-07-11 More than any other writer Raymond
 Chandler 1888 1959 is responsible for raising detective stories from the level of pulp fiction to literature Chandler s hard
 boiled private eye Philip Marlowe set the standard for rough brooding heroes who managed to maintain a strong sense of
 moral conviction despite a cruel and indifferent world Chandler s seven novels including The Big Sleep 1939 and The Long
 Goodbye 1953 with their pessimism and grim realism had a direct influence on the emergence of film noir Chandler worked
 to give his crime novels the flavor of his adopted city Los Angeles which was still something of a frontier town rife with
 corruption and lawlessness In addition to novels Chandler wrote short stories and penned the screenplays for several films
 including Double Indemnity 1944 and Strangers on a Train 1951 His work with Billy Wilder and Alfred Hitchcock on these
 projects was fraught with the difficulties of collaboration between established directors and an author who disliked having to
 edit his writing on demand Creatures of Darkness is the first major biocritical study of Chandler in twenty years Gene Phillips
 explores Chandler s unpublished script for Lady in the Lake examines the process of adaptation of the novel Strangers on a
 Train discusses the merits of the unproduced screenplay for Playback and compares Howard Hawks s director s cut of The
 Big Sleep with the version shown in theaters Through interviews he conducted with Wilder Hitchcock Hawks and Edward
 Dmytryk over the past several decades Phillips provides deeper insight into Chandler s sometimes difficult personality
 Chandler s wisecracking Marlowe has spawned a thousand imitations Creatures of Darkness lucidly explains the author s
 dramatic impact on both the literary and cinematic worlds demonstrating the immeasurable debt that both detective fiction
 and the neo noir films of today owe to Chandler s stark vision
