numerous nations in several world regions 4 Volumes www.familystudiesencyclopedia.com **The European Family** J. Commaille, F. de Singly, 2013-03-14 Will the European Union have its single family a European family as it will have a single currency This is the question at the origin of this book Studies of family behavior and the organization of private life among European citizens as well as of family member social status children in relation to adults parents women in relation to men and of social functions of the family for example social reproduction reveal so much convergence among European families that the reality of a European family seems inevitable and more so if one looks at foreign studies done in Australia the United States or Japan of the family in Europe However studies of the different judicial and public policy laws in the different European Union member countries lead one to refine this first impression The family does not have the same legal meaning in all places and the ways in which it is defined by law and public policy continue to differ strongly due in particular to historical factors cultural traditions and conceptions of the role of the State In order for the family to be part of the construction of a European citizenship the pluralistic nature of its political definitions will have to be recognized Putting the family into the context of evolving European integration has never been done before It was made possible in this study thanks to the joint efforts of two editors with long experience in social science studies of the family and as expert advisors to the European Commission and by the work of the best international specialists in the field This is a book intended for specialists working in the social sciences for social and government policy makers in the fields of family and social policy and for all those interested in European integration **Family Life and Family Policies in Europe** Franz-Xaver Kaufmann, 2002 This volume is a comparative study of family change in Europe and its dependency on social policy regimes The authors explore family discourse family law single parents gender relations the new fathers divorce and abortion within the framework of national policies vis a vis the family Conventional wisdom assumes that policy decisions affecting the life situation of a population shape different opportunities for private living particularly in relation to children and the family But the authors argue it would be too simplistic to assume a direct causal link between welfare policies for the family and developments in the family sector Family change is in fact mediated by institutional factors as well as by cultural traditions and political intervention The chapters in this volume deal with the substantial and methodological problems of ascertaining the impact of different national policy regimes on family change **Handbook of Family Policy** Guðný Björk Eydal, Tine Rostgaard, 2018-11-30 The Handbook of Family Policy examines how state and workplace policies support parents and their children in developing earning and caring With original contributions from 44 leading scholars this Handbook provides readers with up to date knowledge on family policies and family policy research taking stock of current literature as well as providing analyses of present day policies and where they should head in the future **Spotlights on Contemporary Family Life - FAMILYPLATFORM - Families in Europe Vol. 2** Linden Farrer, 2011 **Handbook of Family Policies Across the Globe** Mihaela Robila, 2013-06-19 Family policy holds a particular status in the quest for a more equitable world

as it intersects the rights of women children and workers But despite local and global efforts and initiatives the state of family policy in different areas of the world varies widely Through a cross section of countries on six continents Family Policies Across the Globe offers the current state of the laws concerning family life structure and services providing historical cultural and socioeconomic context Lucidly written chapters analyze key aspects of family definition marriage child well being work family balance and family assistance reviewing underlying social issues and controversies as they exist in each country Details of challenges to implementation and methods of evaluating policy outcomes bring practical realities into sharp focus and each chapter concludes with recommendations for improvement at the research service and governmental levels The result is an important comparative look at how governments support families and how societies perceive themselves as they evolve Among the issues covered Sierra Leone toward sustainable family policies Russia folkways versus state ways Japan policy responses to a declining population Australia reform revolutions and lingering effects Canada a patchwork policy Colombia a focus on policies for vulnerable families Researchers professors and graduate students in the fields of social policy child and family studies psychology sociology and social work will find in Family Policies Across the Globe a reference that will grow in importance as world events continue to develop

topics of social concern and sociological relevance such as Collective Action Consumption Identity Power Structure Sexuality Stratification and Well being Each contribution probes key developments in a strictly comparative manner The Handbook thus offers a detailed look into the intricacies of the national societies of Europe and into the prospect of an emerging European society The Editors have enlisted leading researchers to synthesize existing knowledge and to make use of many different data sources in a straight forward style The contributions stay away from jargon simple labeling and sweeping assertions Instead they provide solid and accessible information on a wide variety of social trends and processes within and across European societies

The Family Koen Matthijs, Ann van den Troost, 1998 After an academic career of 35 years most of which as ordinary professor Prof Dr Wilfried Dumon became professor emeritus at the end of September 1998 Together with a few others he was present at the cradle of Leuven sociology in the middle of the 1960s He participated in the construction of the necessary administrative logistic and academic structures as well as in the establishment of the research and educational domains in which Leuven sociology would specialize Very soon there developed a unique sociological perspective that is known as the Leuven triangle the integration of sociological theory methodology and social policy Within this framework the name of Wilfried Dumon is inextricably bound up with the sociology of the family or more broadly with the family sciences Without doubt he was the standard bearer of Flemish family sociology Hundreds of students profited from his unusual others would use much more colorful adjectives form of teaching in both form and content He was directly or indirectly responsible for virtually all the courses in Leuven family sociology also outside of his own Faculty And those whose licentiate or doctoral thesis dealt with a theme that was in any way related to subjects like marriage the family or sexuality were invariably confronted with his critical analysis and unique vocabulary Wilfried Dumon also took on many policy positions such as editorial secretary or editor in chief of journals director or manager of all sorts of institutions and member director or chairman of several commissions and associations And all of this both nationally and internationally Indeed Wilfried Dumon had and has an extensive and tightly knit network of warm academic contacts the world over On the occasion of his retirement a liber amicorum has been compiled With this initiative the Faculty of Social Sciences the Department of Sociology and the Section for the Sociology of the Family the Population and Health Care wish to express deep appreciation and gratitude for an inspirer and standard bearer More than 20 scholars wish to give an international salute to a highly valued colleague

Family Diversity Olaf Kapella, Christiane Rille-Pfeiffer, Marina Rupp, Norbert F. Schneider, 2010-03-17 Family in all its aspects Familienbande International experts provide an overview of the current state of the art of European family research and outline the multiple formations structures and configurations of family in Europe Four aspects are discussed in depth family images sex gender roles globalisation and family development processes Influenced by globalisation European countries experience processes which still have greatly varying consequences Cultural differences reflected in a range of family schemes and national family policies are one reason for the continued existence of differences

in the scope and speed of change processes Quite generally images and concepts of family have become more heterogeneous and flexible The flip side of this coin is that family members are increasingly faced with the challenges of achieving a satisfactory work life balance a task aggravated by globalisation We therefore need to ask how family policy can help families enjoy adequate freedom of action and latitude for their decision making To summarise a read well worth the effort for all experts working in family research and family policy **Family Policy Matters** Linda Hantrais, 2004-04-21 This book explores the complex relationship between family change and public policy responses in EU member states and candidate countries It combines broad brush scrutiny of demographic trends policy contexts and debates in contemporary European societies with a fine grain analysis of the attitudes perceptions and experiences of families
