families in a gender free society And Cass Sunstein suggests that the Supreme Court case Loving vs Virginia which overthrew the ban on interracial marriages in Virginia might be a precedent for overturning laws that bar same sex marriage just as Loving overturned miscegenation laws because they were at the service of white supremacy Sunstein shows the laws against same sex marriages and homosexuality are at the service of male supremacy and might also be overturned Of vital importance to anyone interested in sexuality homosexuality gender feminism and the family Sex Preference and the Family both clarifies the current debate and points the way toward a less divisive future *The Changing Dynamics of Bisexual Men's Lives* Eric Anderson, Mark McCormack, 2016-05-05 This important book provides unique new knowledge on the lived experience of openly bisexual men without medicalizing or pathologizing them Presenting research from sexology sociology and psychology it features extensive findings on the sexual social romantic and emotional behaviors of the 90 men interviewed in the U S and U K Issues and challenges are examined in such areas as identity and self concept along with the burden of social erasure and the paradox of stigma from both the gay and straight communities However the research reveals evidence of a recent cultural transition toward acceptance of bisexual identity and behavior with younger bisexual men experiencing better social lives and increased recognition of the legitimacy of bisexuality Among the topics covered Examining the components of sexuality Measuring and surveying bisexuality Bisexual burden Demonstrating a generational cohort effect Expansion of gendered boundaries Erosion of the one time rule of homosexuality Coming out in the 21st century Bringing clarity and focus beyond the gender binary and compelling insights into why society and science have trouble shedding that paradigm *The Changing Dynamics of Bisexual Men's Lives* will interest sexuality scholars sexologists and social scientists studying the social aspects of sexuality *Queer Families, Queer Politics* Mary Bernstein, Renate Reimann, 2001 This book addresses the themes of visibility transgression and resistance as well as the intersection between the personal and political in the contexts of relationships parenthood and political activism Giving special attention to families of color immigrants and poor families the authors examine the risks entailed in coming out and the significance of class race and sexual and gender identity in this process Parenting also creates dilemmas of visibility as queer families negotiate malls schools and workplaces as well as the medical legal and political institutions that regulate their families

**Feminism and Families** Hilde Lindemann Nelson, 2016-02-04 A ground breaking volume of all new essays covering the conjunction of two topics feminism and families that for all their centrality in our culture have not been adequately examined in light of one another While the family has suffered feminist neglect most women are in fact members of families living their lives within the social context of families even at a time when the concept of family has become bewilderingly unstable The intersection of families and feminism is thus one in need of philosophical reflection as a basis both for good public policy and for the ethical relationships of intimate life
