*Family-centered Social Work Practice* Ann Hartman, Joan Laird, 1983      **Human Behavior Theory and Social Work Practice** Roberta R. Greene, 2011-12-31 Human Behavior Theory and Social Work Practice remains a foundation work for those interested in the practice and teaching of social work Roberta Greene covers theoretical areas and individual theorists including classical psychoanalytic thought Eriksonian theory Carl Rogers cognitive theory systems theory ecological perspectives social construction feminism and genetics She discusses the historical context its philosophical roots and major assumptions of each theory The general theme which distinguishes this volume is that the person in environment perspective has been a central influence in the formation of the profession's knowledge base as well as its approach to practice Greene provides perspective on how individuals and social systems interact This book examines how social workers can use theory to shape social work practice by increasing his or her understanding of and potential for enhancing human well being Greene covers the relationship between human behavior theory and professional social work practice She also explores the challenges and limitations of each theory and addresses the following issues how the theory serves as a framework for social work practice how the theory lends itself to an understanding of individual family group community or organizational behavior what the implications are of the theory for social work interventions or practice strategies and what role it proposes for the social worker as a change agent Throughout the profession's history social workers have turned to a number of theoretical approaches for the organizing concepts needed to define their practice base The aims of social work to improve societal conditions and to enhance social functioning of and between individuals families and groups are put into action across all fields of practice and realized through a variety of methods in a range of settings This third edition completely revised represents a fundamental contribution to the field and like its predecessors will be widely used as a basic text

*Human Behavior theory and Social Work Practice, Second Edition* Roberta Rubin Greene,      *Social Work with Children and Their Families* Christopher G. Petr, 2004 An extensively revised version of the first edition this text focuses on the practical foundational knowledge required to practice social work effectively in the complex and fast changing world of services to children and their families The core organizing framework consists of eight pragmatic perspectives combating adultcentrism family centered practice the strengths perspective respect for diversity and difference the least restrictive alternative ecological perspective organization and financing and achieving outcomes Unlike most texts that focus either on direct practice or on policy Petr's revised volume integrates current policy including recent reform efforts with best practices The student thus gains a deep appreciation for how direct social work practice is linked to and even guided by contemporary policy initiatives and the values that underscore those initiatives Two new chapters are devoted specifically to the fields of child welfare and children's mental health providing an overview of the laws policies practices and terminology pertaining to each setting The next eight chapters focus on each pragmatic perspective and its relevance to child welfare and children's

mental health The in depth case studies that comprise the concluding two chapters illustrate how typical client situations can be successfully addressed within the context of the pragmatic perspectives Packed with case studies specific practice instruction chapter summaries and suggested learning activities this book prepares students and practitioners to think and act professionally in ways that are consistent with current laws values policies and reform efforts in the field *Narrative Social Work Practice* Roberta Greene,Nancy Greene,Harriet Cohen,Taunya Cole,2025-05-21 This book highlights the co creation of the narrative interview and explains how the narrative method can be used to promote competence and wellness resist oppression and ultimately liberate clients from their problems The person in environment concept brings together a wide range of personal and societal micro to macro influences that allow practitioners to engage in an effective helping process with diverse individuals families groups organizations and communities The textbook has been written at a time of pronounced sociocultural and historical flux uncertainty and civil strife that threaten to disrupt the social fabric of the United States Consequently the book augments the resilience enhancing stress model RESM approach to the narrative methodology Each chapter of the text describes a client or constituency undergoing a life transition and the associated risks stressors and protective factors surrounding them Among the topics covered are Adopting RESM Anti Oppressive Social Work Strategies A Micro to Macro Approach Co creating a Narrative Forming Personal Identity Macrolevel Narrative Skills and Techniques Proactive Resilience Social Work Practice Time Place and Resilience The ultimate purpose of the book is for social workers to develop the ability to enhance clients and constituencies optimal resilient social functioning in a just and equitable world that embraces diversity equity and inclusion Although narrative social work practice is not yet widely applied the text elucidates how storytelling can break new ground in achieving asset based resilience enhancing social work practice as well as redress social economic and political injustice *Narrative Social Work Practice A Resilience Enhancing Anti Oppressive Approach* is the third in a series of texts that defines risk and resilience theory and its offshoot the RESM The book is intended primarily for generalists and advanced students as well as practitioners in the social work field [Comprehensive Handbook of Social Work and Social Welfare, Social Work Practice](#) ,2008-03-31 *Comprehensive Handbook of Social Work and Social Welfare Volume 3 The Profession of Social Work* features contributions from leading international researchers and practitioners and presents the most comprehensive in depth source of information on the field of social work and social welfare [Social Work Practice with Families and Children](#) Anthony Maluccio,Barbara Pine,Elizabeth M. Tracy,2002-09-11 This book emphasizes family centered social network and school based interventions in the preparation of social workers for direct and indirect practice with clients from vulnerable populations especially the poor people of color and recent immigrant groups With an eye to recent changes in social work practice and service delivery including the impact of welfare reform and managed care on vulnerable families and children *Social Work Practice with Families and Children* helps social work students and practitioners understand the increasingly complex needs of their clients Three valuable appendixes include

information about tools and instruments to support practice child welfare resource centers and electronic resources pertaining to the field     Preparing the Workforce for Family-centered Practice Joan Levy Zlotnik,1997
