Kathleen S. Uno

Family Change And The Life Course In Japan:

Family Change and the Life Course in Japan Susan Orpett Long,1987 Prepared for a conference sponsored by the Joint Committee on Japanese Studies of the American Council of Learned Societies and the Social Science Research Council

P iii **Family Change and the Life Course in Japan** ,1987 **Family Change and the Life Course in Japan** Susan Orpett Long,1991 **Postwar Japan as History** Andrew Gordon,1993-10-20 As they examine three related themes of postwar history the authors describe an ongoing historical process marked by unexpected changes such as Japan s

extraordinary economic growth and unanticipated continuities such as the endurance of conservative rule From publisher s description **Family Change and Housing in Post-War Japanese Society** Misa Izuhara,2017-03-02 This book explores the experiences of older women in post war Japanese society through analysis of their family and housing histories Three broad themes family relations welfare systems and housing were chosen to highlight issues surrounding the changing role and position of women in the family and society A qualitative approach is used to address a gap in the literature and to illustrate the real life experiences of women in Japan Many aspects of the book are comparable or related to studies exploring other industrial and East Asian societies and the book thus contributes to international debates surrounding housing policy the ageing society and the changing nature of the family It also provides useful insights into and analysis of Japan s society and socio economic system *Life Course, Happiness and Well-being in Japan* Barbara Holthus,Wolfram Manzenreiter,2017-04-21 Much of the existing literature on happiness in Japan has been produced in the field of economics and psychology and is quantitative in nature Here for the first time a group of anthropologists and sociologists jointly analyze the state of happiness and unhappiness in Japan among varying social groups in its physical interpersonal existential and structural dimensions offering new insights into fundamental issues This book investigates the connections between sociostructural aspects individual agency and happiness in contemporary Japan from a life course perspective The contributors examine quantitative and qualitative empirical data on the processes that impact how happiness and well being are envisioned crafted and debated in Japan across the life cycle Therefore the book discusses the shifting notions of happiness during people s lives from birth to death analyzing the age group specific experiences while taking into consideration people s life trajectories and historical changes It points out recent developments in regards to demographic change late marriage and the changing labor market and focuses on their significant impact on the well being of Japanese people In particular it highlights the interdependencies of lives within the family and how families are collaborating for the purpose of maintaining or enhancing the happiness of its members Broadening our understanding of the multidimensionality of happiness in Japan this book will be of interest to students and scholars of Japanese Studies Anthropology and Sociology

Japan's Changing Generations Gordon Mathews,Bruce White,2012-10-02 This book argues that the generation gap in Japan is something more than young people resisting the adult social order before entering and conforming to that order

Rather it signifies something more fundamental the emergence of a new Japan which may be quite different from the Japan of postwar decades It argues that while young people in Japan in their teens twenties and early thirties are not engaged in overt social or political resistance they are turning against the existing Japanese social order whose legitimacy has been undermined by the past decade of economic downturn The book shows how young people in Japan are thinking about their bodies and identities their social relationships and their employment and parenting in new and generationally contextual ways that may help to create a future Japan quite different from Japan of the recent past

Career Women in Contemporary Japan Anne Stefanie Aronsson, 2014-10-24 Since Japan's economic recession began in the 1990s the female workforce has experienced revolutionary changes as greater numbers of women have sought to establish careers Employment trends indicate that increasingly white collar professional women are succeeding in breaking through the glass ceiling as digital technologies blur and redefine work in spatial gendered and ideological terms This book examines what motivates Japanese women to pursue professional careers in the contemporary neoliberal economy and how they reconfigure notions of selfhood while doing so It analyses how professional women contest conventional notions of femininity in contemporary Japan and in turn negotiate new gender roles and cultural assumptions about women whilst reorganizing the Japanese workplace and wider socio economic relationships Further the book explores how professional women create new social identities through the mutual conditioning of structure and self and asks how women come to understand their experiences how their actions change the gendering of the workforce and how their lives shape the economic political social and cultural landscapes of this post industrial nation Based on extensive fieldwork *Career Women in Contemporary Japan* will have broad appeal across a range of disciplines including Japanese culture and society gender and family studies women's studies anthropology ethnology and sociology

A Companion to the Anthropology of Japan Jennifer Robertson, 2008-03-10 This book is an unprecedented collection of 29 original essays by some of the world's most distinguished scholars of Japan Covers a broad range of issues including the colonial roots of anthropology in the Japanese academy eugenics and nation building majority and minority cultures genders and sexualities and fashion and food cultures Resists stale and misleading stereotypes by presenting new perspectives on Japanese culture and society Makes Japanese society accessible to readers unfamiliar with the country

Work and Lifecourse in Japan David W. Plath, 1984-06-30 The durability of Japan's industrial products now holds world acclaim But the durability of jobs in Japan despite misleading Western images of lifetime employment is no better than in other industrial nations The group model of Japanese society that has been in fashion in the West confuses the goals of an organization with the personal aims and aspirations of its members Like workers anywhere those in Japan must go through life reconciling their duties to the job with their often conflicting obligations to family to community and to self respect Career outcomes are anything but certain in Japan once we see them from a worker's point of view *Work and Lifecourse in Japan* is a collection of workers eye level reports on career development

in a variety of Japanese organizations and professions In addition there are overview chapters on employment trends in the Japanese economy and on the problems of scheduling one's life events in the demanding milieu of our post industrial world

Japan's New Middle Class Ezra F. Vogel, 2013-07-18 This classic study on the sociology of Japan remains the only in depth treatment of the Japanese middle class Now in a fiftieth anniversary edition that includes a new foreword by William W Kelly this seminal work paints a rich and complex picture of the life of the salaryman and his family In 1958 Suzanne and Ezra Vogel embedded themselves in a Tokyo suburb living among and interviewing six middle class families regularly for a year Tracing the rapid postwar economic growth that led to hiring large numbers of workers who were provided lifelong employment the authors show how this phenomenon led to a new social class the salaried men and their families It was a well educated group that prepared their children rigorously for the same successful corporate or government jobs they held Secure employment and a rising standard of living enabled this new middle class to set the dominant pattern of social life that influenced even those who could not share it a pattern that remains fundamental to Japanese society today

Passages to Modernity Kathleen S. Uno, 1999-04-01 Contemporary Japanese women are often presented as devoted full time wives and mothers At the extreme they are stereotyped as education mothers kyoiku mama completely dedicated to the academic success of their children Children of working mothers are pitied day care users both children and mothers are faintly disparaged for their inadequate home lives hired babysitters are virtually unknown Yet historical evidence reveals a strikingly different picture of Japanese motherhood and childcare at the beginning of the twentieth century In contrast to today child tending by non maternal caregivers was widely accepted at all levels of Japanese society Day care centers flourished and there was virtually no expectation of exclusive maternal care of children even infants The patterns of the formation of modern Japanese attitudes toward motherhood childhood child rearing and home life become visible as this study traces the early twentieth century rise of Japanese day care centers institutions established by middle class philanthropists and reformers to provide for the physical well being and mental and moral development of urban lower class preschool children Day care gained broad support in turn of the century Japan for several reasons For one day care did not clash with widely accepted norms of child care A second factor was the perception of public and private policymakers that day care held the promise of social and national progress through economic and moral betterment of the urban lower classes Finally day care offered working mothers the opportunity to earn a better livelihood with fewer worries about their children In spite of emerging notions that total devotion to child rearing was a woman's highest calling Japanese nationalism a signal force in the genesis of the modern Japanese state economy and middle class culture fed a deep wellspring of support for day care and fostered significant reshaping of motherhood childhood home life and view of the urban lower classes *Passages to Modernity* is an important and original contribution to our understanding of the institutional and ideological reach of the early twentieth century state and the contested emergence of a striking new discourse about woman as domestic caregiver

and homemaker Family History at the Crossroads Tamara K. Hareven, Andrejs Plakans, 2017-03-14 This collection of essays covers most of the important topics in the field of family history assesses the state of the art and stresses the themes that will continue to generate interest in the future Originally published in 1988 The Princeton Legacy Library uses the latest print on demand technology to again make available previously out of print books from the distinguished backlist of Princeton University Press These editions preserve the original texts of these important books while presenting them in durable paperback and hardcover editions The goal of the Princeton Legacy Library is to vastly increase access to the rich scholarly heritage found in the thousands of books published by Princeton University Press since its founding in 1905

Demographic Change and the Family in Japan's Aging Society John W. Traphagan, John Knight, 2003-01-30 A demographic and ethnographic exploration of how the aging Japanese society is affecting the family *Changing Attitudes Towards Gender Equality in Japan and Germany* Ulrich Möhwald, 2002 **The Japanese Family System** Akihiko Kato, 2021-08-13 This book offers a new perspective and empirical evidence that are relevant for understanding changes in family structures intergenerational relationships and female labor force participation in the strong family societies and that also shed light on those in the weak family societies Focusing on the stem family and the gender division of labor presenting detailed quantitative evidence and testing the theories on family change and gender revolution the book provides a comprehensive examination of change continuity and regionality in the Japanese family system over the twentieth century By analyzing data from a nationally representative life course survey with event history techniques it investigates factors affecting post marital intergenerational co residence and proximate residence along with those influencing continuous and or discontinuous employment of married women across the life course In this way it reveals the mechanisms underlying the stem family formation and those behind married women s M shaped employment pattern It further explores regionality in the Japanese family system applying a demographic mapping method to data from a nationally representative community survey and official statistics The mapping analyses demonstrate persistent geographical contrasts between two types of living arrangements single household versus multi household in the stem family accompanied by two types of maternal employment full time versus part time They also reveal a historical correlation between traditional communal parenting systems and modern childcare services linking past to present from the late nineteenth to the early twenty first century **Modern Japan, Student Economy Edition** Mikiso Hane, 2018-04-27 This book presents the essential facts of modern Japanese history It covers a variety of important developments through the 1990s giving special consideration to how traditional Japanese modes of thought and behavior have affected the recent developments **Global Health and Global Aging** Mary Robinson, William Novelli, Clarence E. Pearson, Laurie Norris, 2007-09-24 The book covers the fundamentals of global aging and health and provides real world models from countries and regions that offer the best practices in current approaches Global Health and Global Aging presents information about leadership and governance challenges as well as insights about

aging in different cultures and countries in all regions of the world Labour Contracts and Labour Relations in Early Modern Central Japan Mary Louise Nagata, 2004-11-23 Based on a collection of labour contracts and other documents this book examines the legal economic and social relations of labour as they developed in the commercial enterprises of Tokugawa Japan The urban focus is Kyoto the cultural capital and smallest of the three great cities of the Tokugawa period but the data comes from a wider region of commercial and castle towns and rural villages in central Japan Japanese Social Organization Takie Sugiyama Lebra, 1992-07-01 This excellent book will surely become a mainstay on the reading lists of anthropologists sociologists and Japan specialists for many years to come It provides rich and accessible ethnographic examples to illustrate basic anthropological theory The underlying theme is that although Japanese culture produced specifically Japanese social institutions these institutions can be studied using mainstream techniques The book is a model of its kind in the evenness of its contributions the quality of its writing and the thoroughness of its index Congratulations Monumenta Nipponica

The Enigmatic Realm of **Family Change And The Life Course In Japan**: Unleashing the Language is Inner Magic

In a fast-paced digital era where connections and knowledge intertwine, the enigmatic realm of language reveals its inherent magic. Family Change And The Life Course In Japan Introduction

In today's digital age, the availability of Family Change And The Life Course In Japan books and manuals for download has revolutionized the way we access information. Gone are the days of physically flipping through pages and carrying heavy textbooks or manuals. With just a few clicks, we can now access a wealth of knowledge from the comfort of our own homes or on the go. This article will explore the advantages of Family Change And The Life Course In Japan books and manuals for download, along with some popular platforms that offer these resources. One of the significant advantages of Family Change And The Life Course In Japan books and manuals for download is the cost-saving aspect. Traditional books and manuals can be costly, especially if you need to purchase several of them for educational or professional purposes. By accessing Family Change And The Life Course In Japan versions, you eliminate the need to spend money on physical copies. This not only saves you money but also reduces the environmental impact associated with book production and transportation. Furthermore, Family Change And The Life Course In Japan books and manuals for download are incredibly convenient. With just a computer or smartphone and an internet connection, you can access a vast library of resources on any subject imaginable. Whether you're a student looking for textbooks, a professional seeking industry-specific manuals, or someone interested in self-improvement, these digital resources provide an efficient and accessible means of acquiring knowledge. Moreover, PDF books and manuals offer a range of benefits compared to other digital formats. PDF files are designed to retain their formatting regardless of the device used to open them. This ensures that the content appears exactly as intended by the author, with no loss of formatting or missing graphics. Additionally, PDF files can be easily annotated, bookmarked, and searched for specific terms, making them highly practical for studying or referencing. When it comes to accessing Family Change And The Life Course In Japan books and manuals, several platforms offer an extensive collection of resources. One such platform is Project Gutenberg, a nonprofit organization that provides over 60,000 free eBooks. These books are primarily in the public domain, meaning they can be freely distributed and downloaded. Project Gutenberg offers a wide range of classic literature, making it an excellent resource for literature enthusiasts. Another popular platform for Family Change And The Life Course In Japan books and manuals is Open Library. Open Library is an initiative of the Internet Archive, a non-profit organization dedicated to digitizing cultural artifacts and making them accessible to the public. Open

Library hosts millions of books, including both public domain works and contemporary titles. It also allows users to borrow digital copies of certain books for a limited period, similar to a library lending system. Additionally, many universities and educational institutions have their own digital libraries that provide free access to PDF books and manuals. These libraries often offer academic texts, research papers, and technical manuals, making them invaluable resources for students and researchers. Some notable examples include MIT OpenCourseWare, which offers free access to course materials from the Massachusetts Institute of Technology, and the Digital Public Library of America, which provides a vast collection of digitized books and historical documents. In conclusion, Family Change And The Life Course In Japan books and manuals for download have transformed the way we access information. They provide a cost-effective and convenient means of acquiring knowledge, offering the ability to access a vast library of resources at our fingertips. With platforms like Project Gutenberg, Open Library, and various digital libraries offered by educational institutions, we have access to an ever-expanding collection of books and manuals. Whether for educational, professional, or personal purposes, these digital resources serve as valuable tools for continuous learning and self-improvement. So why not take advantage of the vast world of Family Change And The Life Course In Japan books and manuals for download and embark on your journey of knowledge?

FAQs About Family Change And The Life Course In Japan Books

1. Where can I buy Family Change And The Life Course In Japan books? Bookstores: Physical bookstores like Barnes & Noble, Waterstones, and independent local stores. Online Retailers: Amazon, Book Depository, and various online bookstores offer a wide range of books in physical and digital formats.
