

ANNOTATED BIBLIOGRAPHY: RESOURCES ON FAMILY MINISTRY

Colleen R. Derr
Wesley Seminary, Indiana Wesleyan University

Michelle Anthony & Michael Anthony (2011). *A theology for family ministries*. Nashville, TN: B & H Publishing Group.

Anthony and Anthony provide a glimpse, based on scholarly research and practical experiences, into the reality of American families today. They offer biblical examples and expectations for the role of families in faith and offer a concise theology of family. The text offers suggested models of family ministry and practical means of implementation.

Joseph C. Atkinson (2014). *Biblical & theological foundations of the family: The domestic church*. Washington, DC: The Catholic University of America Press.

Atkinson provides a biblical and theological framework in support of the family as "domestic church" and establishes a foundation for continued development of a theology of the family. His argument encompasses the creation narrative in Genesis, the role of family in the covenant, family as an instrument in God's salvific plan, family in the early church, and the view of family by early church fathers. Atkinson's work provides a biblical view of family, a theological understanding of the role of family in God's salvific plan, and a motivation to grasp the significance of the family in faith formation.

Jack O. Balswick & Judith K. Balswick (2014). *The family: A Christian perspective on the contemporary home* (4th ed.). Grand Rapids, MI: Baker Academic.

Balswick and Balswick offer an integrated look at families from both biblical and social perspectives. The text includes a theology of the family and insights on marriage, parenting, sexuality, communication, social dynamics, and raising children through the development stages. The book concludes with a look at how to create a "family-friendly society."
