Taylor, 2017-04-10 At a time when accountability and the avoidance of risk are increasingly demanded of social workers the ability to make clear and informed decisions is essential This book written for practicing social workers undertaking their ASYE and compulsory CPD

has been designed to help professionals make sound judgments in increasingly complex contexts and under pressure. The focus is on empowering front line professionals through reflective practice so that they are able to draw on multiple factors and perspectives and make sound problem solving judgements. The book begins with the core concepts: client focus and legal background, before moving on to consider the collaborative processes and the nature of individual judgements. It then considers particular dimensions of social work decision making such as safeguarding, taking risks, assessment and dynamic decision tools and processes. It then concludes by looking at the organisational context of decision management with a focus on supervision, training and effective communication.

Resuscitation and Stabilization of the Critically Ill Child Derek S. Wheeler, Hector R. Wong, Thomas P. Shanley, 2008-12-17. The care of the critically ill or injured child begins with timely, prompt and aggressive resuscitation and stabilization. Ideally, stabilization should occur before the onset of organ failure in order to achieve the best possible outcomes. In the following pages, an international panel of experts provides an in-depth discussion of the early recognition, resuscitation and stabilization of the critically ill or injured child. Once again, we would like to dedicate this textbook to our families and to the physicians and nurses who provide steadfast care every day in pediatric intensive care units across the globe. Derek S. Wheeler, Hector R. Wong, Thomas P. Shanley. Preface to *Pediatric Critical Care Medicine: Basic Science and Clinical Evidence*. The field of critical care medicine is growing at a tremendous pace and tremendous advances in the understanding of critical illness have been realized in the last decade. My family has directly benefited from

some of the technological and scientific advances made in the care of critically ill children My son Ryan was born during my third year of medical school By some peculiar happenstance I was nearing completion of a 4 week rotation in the newborn intensive care unit NICU The head of the pediatrics clerkship was kind enough to let me have a few days off around the time of the delivery my wife Cathy was 2 weeks past her due date and had been scheduled for elective induction *How to Find the Best Quality Child Care* Michael J.
