Paramedic Pearls of Wisdom Guy Haskell, 2004 The unique format of this book differs from all other review and test preparation texts The primary intent of the book is to serve as a study aid to improve performance on paramedic certification and refresher examinations With this goal in mind the text is written in rapid fire question answer format The student receives immediate gratification with a correct answer Misleading or confusing multiple choice foils are not provided thereby eliminating the risk of assimilating erroneous information that made an impression Questions themselves often contain a pearl reinforced in association with the question answer Additional hooks are often attached to the answer in various forms including mnemonics evoked visual imagery repetition and humour Additional information not requested in the question may be included in the answer

**Cardiology Pearls of Wisdom** Michael Zevitz, 1999 Primarily intended as a study aid the text is written in rapid fire question answer format This way readers receive immediate gratification Moreover misleading or confusing foils are not provided This eliminates the risk of erroneously assimilating an incorrect piece of information that makes a big impression Questions themselves often contain a pearl intended to reinforce the answer Additional hooks may be attached to the answer in various forms including mnemonics visual imagery repetition and humour Additional information not requested in the question may be included in the answer Emphasis has been placed on distilling trivia and key facts that are easily overlooked that are quickly forgotten and that somehow seem to be needed on board examinations
