Afro Latinx life in the US and the Hispanophone Caribbean It demonstrates how a century s worth of Afro Latinx writers in both places helped shape life writing including autobiography memoir collective autobiography and other formats Mills s work explores the tensions these writers experienced in being viewed by others as only either Latinx or Black not as a distinctive community that embodies both and should not be seen as simply a bridge between them This is not only a story of this specific and overlooked community but is also a history of how its work shaped and complicated discourses on race and colorism in the western hemisphere In doing so these writers created a literary history of themselves within the broader literary history of the Americas The first chapter looks at the life writings of Arturo Arthur Schomburg a writer who collected and recovered the voices of lost writers of the African Diaspora such as Phyllis Wheatley His collections of papers and art eventually created the core archive for the Schomburg Center for Research in Black Culture Mills elucidates his own writings of his life in Harlem and shows how they were in deeper conversation with Ralph Waldo Emerson and Thomas Carlyle s writings that had shaped a white American tradition of autobiography as well as with Black autobiographical writers such as W E B DuBois She extends the ties of Schomburg s Afro Puerto Rican background and life writings to Jesus Col n s sketches in the 1920s and even further to self depictions by members of The Young Lords through multiple medias such as photography film and poetry She is particularly interested in the ways that The Young Lords created a model of observe and participate that permeates all of their activities from recruitment to writing among others She uses the work of Afro Cuban and Puerto Rican writer Piri Thomas to think about the crucial role that violence against minority communities plays in the creation of self identity Her final chapter considers the place of secrecy and spirituality in the work of mostly but not solely Afro Latina writers to re center how the valuing of domesticity and spirituality can push back against the way their lives are marginalized to create their own Afro Latina feminisms

Cataloging Policy and Support Office,2009 The Family in English Children's Literature Ann Alston,2008-06-03 From the trials of families experiencing divorce as in Anne Fine s Madame Doubtfire to the childcare problems highlighted in Jacqueline Wilson s Tracy Beaker it might seem that the traditional family and the ideals that accompany it have long vanished However in The Family in English Children s Literature Ann Alston argues that this is far from the case She suggests that despite the tales of family woe portrayed in children s literature the desire for the happy contented nuclear family remains inherent within the ideological subtexts of children s literature Using 1818 as a starting point Alston investigates families in children s literature at their most intimate focusing on how they share their spaces their ideals of home and even on what they eat for dinner What emerges from Alston s study are not so much the contrasts that exist between periods but rather the startling similarities of the ideology of family intrinsic to children s literature The Family in English Children s Literature sheds light on who maintains control who behaves and how significant children s literature is in shaping our ideas about what makes a family good **Library of Congress Subject Headings**
