Family Trusts Financial Errors In Trusts How To Avoid And Correct Them:

Family Trusts Frank J. Croke, William F. Croke, 2000 Family Trusts contains pioneering work and advice that grantors of trusts should consider. It is written in an easy to read style for the layperson who wants to provide for his wife, children and other heirs through the use of little known, seldom used but very valuable trust options not yet taught in law schools. A checklist of these options is provided in the book for some of a grantor's most important options. The grantor chooses the options, checks them off and gives the list to a trust attorney for inclusion in the documents. **The Rotarian**, 2000-10. Stepping Lightly Around the Pitfalls of Estate Planning. Estate planning is one of those unpleasant but really important tasks. Unfortunately, the process is not only hard to get started, it is then easy to make mistakes. Even the most careful and well intentioned person can slip up along the way. Avoid the pitfalls. The 50 Biggest Estate Planning Mistakes outlines the major mistakes and their consequences in an entertaining way and then proceeds to tell you exactly how to avoid these mistakes. Delivering practical and helpful information in a light tone, the authors help to make these sometimes difficult conversations a little easier. The book's fifty concise chapters are filled with real life examples organized under four key areas of mistakes. The biggest mistake of not planning at all. Failing to plan for the possibility of mental incompetency. Mistakes made during the estate planning process itself. And common mistakes made by executors. Written by personal finance and estate planning experts Jean Blacklock and Sarah Kruger, The 50 Biggest Estate Planning Mistakes and How To Avoid Them is an essential guide for Canadians interested in planning their estates effectively with minimal stress on their loved ones. *Managing Family Trusts* Rob Rikoon, 1999-07-12.
