Family Fortunes:

Family Fortunes Bill Bonner, 2012-07-31 Selected as one of Motley Fool's 5 Great Books You Should Read Advice on managing your wealth from bestselling author Bill Bonner From trusted New York Times bestselling author Bill Bonner comes a radical new way to look at family money and a practical actionable guide to getting and maintaining multigenerational wealth Family Fortunes How to Build Family Wealth and Hold on to It for 100 Years is packed with useful information interwoven with Bonner's stories about his own family's wealth philosophy and practices A comprehensive guide that shows how families can successfully preserve their estates by ignoring most of what people think they know about the rich and instead training and motivating all family members to work together toward a very uncommon goal This book is a must read for all individual investors even those who do not plan to leave money to their children because it challenges many of the most ubiquitous principles and rules of investing You might expect a book on family wealth to be extremely conservative in its outlook Instead the Bonners announce what is practically a revolutionary manifesto They explain Why family money should NOT be invested in safe conservative investments Why charitable giving is usually a waste of money or worse Why it is NOT a good idea to let children go their own way Why you can't trust wealth professionals and why you should never entrust your money to money managers Why giving your children as much education as possible is NOT a good idea Why Warren Buffett and the rest of the rich people asking for higher tax rates are wrong to take the pledge Why Wall Street is a graveyard for capital why most celebrity CEOs are a threat to the businesses they run why modern capitalism is a failure and more You will come away with a very different idea as to what family wealth is all about It is not stodgy Not boring Not moss backed and reactionary On the contrary it is the most dynamic forward looking capital in the world The essential guide to passing wealth from one generation to the next Family Fortunes is filled with concrete practical advice you can put to use right away
