# Famous Chess Players

**John Sharples**

## **Famous Chess Players:**

The Golden Dozen Irving Chernev,1976      **Chess Board Options** Larry Kaufman,2021-05-31 Larry Kaufman can safely be called an exceptional chess grandmaster Larry Kaufman started out as a prodigy however not in chess but as a whizz kid in science and math He excels at shogi Japanese chess and Go and is also a world famous computer programmer and a highly successful option trader Remarkably as a chess player he only peaked at the weirdly late age of fifty Yet his victories in the chess arena are considerable Over a career span of nearly sixty years Kaufman won the state championships of Massachusetts Maryland Florida Virginia D C and Pennsylvania He was an American Open Champion and won the U S Senior Championship as well as the World Senior Championship Never a great chess player himself his words he met or played chess greats such as Bobby Fischer Bent Larsen Walter Browne Boris Spassky Viktor Kortchnoi and many others He worked as a second to legendary grandmaster Roman Dzindzichashvili and coached three talented youngsters to become International Master one of them his son Raymond This engrossing memoir is rife with stories and anecdotes about dozens of famous and not so famous chess players In one of the most remarkable chapters Larry Kaufman reveals that the American woman chess player that inspired Walter Tevis to create the Beth Harmon character of Netflix s The Queen s Gambit fame is his former girlfriend You will learn about neural networks material values and how being a chess master helps when trading options And find lots of memorable but little known annotated games      **Famous Chess Players** Peter Morris Lerner,1973-01-01 Reviews the careers of twelve grandmasters who have dominated international chess tournaments during the past century      The Chess Player's Magazine ,1866      **A cultural history of chess-players** John Sharples,2017-08-15 This inquiry concerns the cultural history of the chess player It takes as its premise the idea that the chess player has become a fragmented collection of images underpinned by challenges to and confirmations of chess s status as an intellectually superior and socially useful game particularly since the medieval period Yet the chess player is an understudied figure No previous work has shone a light on the chess player itself Increasingly chess histories have retreated into tidy consensus This work aspires to a novel reading of the figure as both a flickering beacon of reason and a sign of monstrosity To this end this book utilising a wide range of sources including newspapers periodicals detective novels science fiction and comic books is underpinned by the idea that the chess player is a pluralistic subject used to articulate a number of anxieties pertaining to themes of mind machine and monster      The Chess Player J. Kling,B. Horwitz,1853      **Eminent Victorian Chess Players** Tim Harding,2014-12-03 This book portrays British chess life in the nineteenth century through biographical studies of ten players who shaped the modern game From Captain Evans inventor of the famous gambit to Isidor Gunsberg England s first challenger for the world championship personal narratives are blended with game annotations to reassess players achievements and character The author has combined deep reading in primary sources with genealogical research to reveal new facts and correct previous misunderstandings Major chapters on Howard Staunton and William Steinitz in

particular highlight the tensions between Englishmen and immigrants amateurs and professionals The contrasting long careers of Henry Bird and Joseph Blackburne provide a thread of continuity The lives of several other important figures in Victorian chess are also presented More than 160 games with diagrams several annotated in detail and 50 photographs and line drawings are included Appendices provide career records for all ten there are extensive notes a bibliography and indexes

The Chess Player Joseph Kling, Bernhard Horwitz, 1853     *The New Chess Player*, 1853     *Chess Player* Joseph Kling, Bernhard Horwitz, 1852     **Famous People Around The World.
