The History of British Women's Writing, 1830-1880 Lucy Hartley,2018-09-22 This volume charts the rise of professional women writers across diverse fields of intellectual enquiry and through different modes of writing in the period immediately before and during the reign of Queen Victoria It demonstrates how between 1830 and 1880 the woman writer became an agent of cultural formation and contestation appealing to and enabling the growth of female readership while issuing a challenge to the authority of male writers and critics Of especial importance were changing definitions of marriage family and nation of class and of morality as well as new conceptions of sexuality and gender and of sympathy and sensation The result is a richly textured account of a radical and complex process of feminization whereby formal innovations in the different modes of writing by women became central to the aesthetic social and political formation of British culture and society in the nineteenth century

British Hymn Books for Children, 1800-1900 Alisa Clapp-Itnyre,2016-09-17 Examining nineteenth century British hymns for children Alisa Clapp Itnyre argues that the unique qualities of children s hymnody created a space for children s empowerment Unlike other literature of the era hymn books were often compilations of many writers hymns presenting the discerning child with a multitude of perspectives on religion and childhood In addition the agency afforded children as singers meant that they were actively engaged with the text music and pictures of their hymnals Clapp Itnyre charts the history of children s hymn book publications from early to late nineteenth century considering major denominational movements the importance of musical tonality as it affected the

popularity of hymns to both adults and children and children's reformation of adult society provided by such genres as missionary and temperance hymns. While hymn books appear to distinguish the child from the adult, intricate issues of theology and poetry typically kept within the domain of adulthood were purposely conveyed to those of younger years and comprehension. Ultimately Clapp Itnyre shows how children's hymns complicate our understanding of the child/adult binary traditionally seen to be a hallmark of Victorian society. Intersecting with major aesthetic movements of the period from the peaking of Victorian hymnody to the Golden Age of Illustration, children's hymn books require scholarly attention to deepen our understanding of the complex aesthetic network for children and adults. Informed by extensive archival research, *British Hymn Books for Children 1800-1900* brings this understudied genre of Victorian culture to critical light. **This Is Our Song** Janet Wootton, 2013-01-07. Women have made an amazing creative and prolific contribution to hymnody through the centuries of Christian worship. Excluded from liturgical commissions and denied other opportunities for involvement in the worship of the churches, women were able to express and influence spirituality in the writing of hymns. This influence spreads across the whole range of hymn writing, including writing for children, which was at one time seen as women's natural place, but also the introduction of new voices through translations, engagement in social campaigns such as temperance and the abolition of slavery, mission and evangelism, and the general development of worshipping life. However, with the exception of the nineteenth century, the voices of women have been largely silenced or marginalized. The Hymn Explosion of the 1960s onward almost completely ignored women's writing, and there has only recently been something of a recovery. There is much more to *Our Song* than people think. This book opens up women's writing from the beginnings of Christianity through the Middle Ages, the development of printing, and the rise of popular hymnody to the present day. Living hymn writers add their voices in a series of biographical stories which complete the overarching story of *Our Song*. **The Publisher**, 1904. **The Publishers' Circular and Booksellers' Record of British and Foreign Literature**, 1904.
