Famous Leads And Defences:

Biographies of World Famous Leaders ,2005 **Famous Cavalry Leaders** Charles Haven Ladd Johnston,1908

Research Methods in Defence Studies Delphine Deschaux-Dutard,2020-08-09 This textbook provides an overview of qualitative and quantitative methods used in different social sciences to investigate defence issues Recently defence issues have become of increasing interest to researchers in the social sciences but they raise specific methodological questions This volume intends to fill a gap in the literature on defence studies by addressing a number of topics not dealt with sufficiently before The contributors offer a range of methodological reflections and tools from various social sciences political science sociology geography history economics and public law for researching defence issues They also address the increasingly important question of data and digitalization The book introduces the added value of quantitative and qualitative methods and calls for a cross fertilization of methods in order to facilitate better research on defence topics and to fully grasp the complexity of defence in the 21st century This book will be of much interest to students researchers and practitioners of defence studies war studies military studies and social science research methods in general **A Defence of Nihilism**

James Tartaglia,Tracy Llanera,2020-12-21 This book offers a philosophical defence of nihilism The authors argue that the concept of nihilism has been employed pejoratively by almost all philosophers and religious leaders to indicate a widespread cultural crisis of truth meaning or morals Many religious believers think atheism leads to moral chaos because it leads to nihilism and atheists typically insist that we can make life meaningful through our own actions thereby avoiding nihilism In this way both sides conflate the cosmic sense of meaning at stake with a social sense of meaning This book charts a third course between extremist and alarmist views of nihilism It casts doubt on the assumption that nihilism is something to fear or a problem which human culture should overcome by way of seeking discovering or making meaning In this way the authors believe that a revised understanding of nihilism can help remove a significant barrier of misunderstanding between religious believers and atheists A Defence of Nihilism will be of interest to scholars and students in philosophy religion and other disciplines who are interested in questions surrounding the meaning of life **Case Studies of Famous Trials and**

Gorden, Caroline,Birkbeck, Christopher,2022-04-11 From the trials of Oscar Pistorius to O J Simpson and Michael Jackson this innovative book provides a critical review of 11 high profile criminal cases These case studies examine how guilt and innocence are constructed in the courts and in wider society using the themes of evidence and narratives credibility rhetoric and oratory in the court room social status vulnerability and false confessions diminished responsibility and the media and social judgments Written for criminology sociology law and criminal justice students the book includes video links to selected documentaries and interviews web links to important case materials such as trial transcripts exercises for students based on the cases that are covered The book delivers an accessible examination of the criminological sociological psychological and legal processes underpinning the outcome of criminal cases and their representation in the media and wider society

The Cataloger in His Own Defence Charles Martel, 1915 *Canadian Defence Quarterly*, 1928 **Garibaldi's Defence of the Roman Republic** George Macaulay Trevelyan, 1907 The Pearson Guide to the Combined Defence Services Examination Thorpe,

The people's rights: a defence of the concessions and code of laws of 1797, and the constitution of Wesleyan Methodism, against the modern assumptions of ministerial power; a repr. of the Southwark address and resolutions, and the reply to the rev. R. Watson. With an appendix, containing the deed of declaration, the plan of pacification, the concessions of 1797, and the laws, so called, of 1835 Wesleyan Methodists Southwark circuit, 1850 In Defence of Conspiracy Theories Brian Nugent, 2009 This book is an attempt to address the widespread criticism of conspiracy theories raising issues like the control and negligence of the main organs of the media and police which make it difficult for true information to reach the public and hence the public remain in ignorance of and dismiss as a conspiracy theory the true facts and the public's habit of underestimating the complexity of modern day politics A number of complex political plots and allegations are described in detail including the 1641 Rebellion British Intelligence manipulation of the 1919 21 Irish leaders Secret Societies and the role of Occult organisations in Ireland and around the world the allegations that Martin McGuinness is a British agent and the motivation behind large scale immigration into Ireland The author also addresses the question of value systems in modern Western societies and asks are even these being manipulated in order to assist the process of political control

NDA / NA General Knowledge (GK) Study Notes | National Defence Academy, Naval Academy Defence Entrance Exam - Theory and Practice Tests for Complete Preparation, The Soviet Defence Industry Complex from Stalin to Krushchev J. Barber, M. Harrison, 1999-12-08 The huge complex of Soviet institutions and enterprises specialised in military production powerfully influenced the course of the twentieth century through resistance to imperial Japan the defeat of Nazi Germany

and nuclear stalemate with America in the Cold War Based on collaborative research by Russian and British scholars in the hitherto secret archives of the Soviet government party and armed forces this book is a pioneering investigation of the economic dynamics and social and political significance of Soviet defence A 1960s Global Odyssey David W. Skillan, 2025-02-25 During the turbulent 1960s when much of the Western world was undergoing social upheaval and unrest and years before computers GPS smartphones and modern day guidebooks two young men set off from their native England to work their way around the world Their unique odyssey was crammed with adventure and incident and many of their experiences were extraordinary even by other seasoned travellers standards While most of the book is based on the author's personal experiences different interests and employment sometimes took the friends their separate ways it is basically the story of how the young men lived worked and travelled in numerous countries and of how they succeeded despite all the odds in attaining their goal Above all it is a story about life hardship and happiness frustration and fun obstacles and opportunities adversity romance and personal fulfilment Told in an easy to read engaging way that is guaranteed to keep the reader interested and entertained throughout this is a fascinating account of a unique adventure filled marathon world tour To see some of the author's photographs and additional reviews of this book visit his website www.skillansafaris.com **Athletic Sports in America, England and Australia** Harry Clay Palmer, James Austin Fynes, J. Austin Fynes, Francis C. Richter, William Ingraham Harris, 1889 **Security and Defence in Europe** J. Martín Ramírez, Jerzy Biziewski, 2019-05-24 This book argues that security and defense have never been true priorities in the European Union and have constantly been marginalized by the elites since the Soviet Union collapsed and the Warsaw Pact disintegrated Despite the official rhetoric only a few tangible results can be presented concerning the operational readiness of European forces and the EU's inability to act was proven during the crises in the Balkans NATO has experienced similar problems as the majority of its members are EU countries Both organizations have declared their resolve concerning the security and defense of their nations and territories but unfortunately little has been done to lend these statements credence In this context the book analyzes several aspects of EU security and defense including the EU NATO relationship common defense policy and strategy common capability building common understanding of strategic changes common operational planning and centrally synchronized exercises based on operational planning etc The member states have helped to make EU NATO effective organizations but unfortunately their individual interests and priorities constitute real challenges This aspect should be discussed and addressed by political and military elites scholars analysts students and the general public alike Minerals, Lands and Geology for the Common Defence and General Welfare: 1879-1904 Mary C.
