## **Economic Calculation Forms Of Property:**

**Economic Calculation and Forms of Property** Charles Bettelheim, 1975-01-01 0 *Economic calculation and forms of property translated from calcul economique et formes de propriete* Charles Bettelheim, 1976 **Property, Power, and Public Choice** Alfred Allan Schmid, 1987 **Economic Calculations and Policy Formation (Routledge Revivals)** Grahame Thompson, 2014-11-13 These essays develop a Marxist response to and approach to aspects of the recent economic past in the United Kingdom They reflect issues and controversies that have arisen within economic policy debate and the economic theory associated with the debate highlighting the problematic nature of economic policy in the period since the mid 1970s The book first published in 1986 develops a line of argument organized around issues of calculation thus challenging the orthodox Marxist framework and presenting a neo Marxist analysis **The Elgar Companion to Austrian Economics** P. J. Boettke, 1998-01-01 The book can be recommended both to those who know something about Austrian economics already and to those who know nothing David Simpson Economic Affairs Mr Boettke s very readable compendium consists of short articles by mostly young scholars selected to illustrate the diversity and fecundity of modern Austrian economics Michael Prowse The Financial Times The Elgar Companion to Austrian Economics is a major new reference work which highlights the common ground between all the branches of the school while demonstrating the breadth and diversity within it The Companion reflects the many areas where Austrian economists have made contributions including technical economics methodology of the social sciences political theory and political science This book includes contributions from an international group of scholars whose work demonstrates a basic similarity and interest in questions which have historically been associated with the Austrian approach to economics although many of the contributors would not consider themselves to be strictly of this school The distinguished team of contributors commissioned by the editor includes K D Hoover I M Kirzner A Klammer D Lavoie C K Rowley M Rizzo M Rutherford R E Wagner U Witt L Yeager Each entry is fully referenced and includes suggestions for further readings on the topic The Companion will be the standard reference work for all those engaged in the field of Austrian Economics It not only introduces students to the Austrian school but also serves as an important research tool for scholars working within the Austrian tradition **Economic Democracy** Donald A. R. George, 1993-06-18 Explains the causes and consequences of democratization within the firm It discusses workers cooperatives collective capital ownership and industrial democracy The book proposes new institutions and policies by which a self managed sector could be promoted under capitalism *Marx's Capital and Capitalism Today* Tony Cutler, Barry Hindess, Athar Hussain, Paul Q. Hirst, 2013-10-17 This volume is concerned with the re evaluation and criticism of Capital itself It is in three parts each covering a specific area of Marxist theory The first part contains an investigation into Marx s theory of value and considers the types of questions and modes of analysis to which this theory leads In the second part the nature and implications of necessary economic laws of tendency in the capitalist mode of production are covered Finally

there is an analysis of the role of class structure and economic agents in Marxist theory      **Class Theory and History**

Stephen A. Resnick, Richard D. Wolff, 2013-12-16 Class Theory and History takes an ambitious and ground breaking look at the entire history of the Soviet Union and presents a new kind of analysis of the history of the USSR examining its birth evolution and death in class terms Utilizing the class analytics they have developed over the last three decades Resnick and Wolff formulate the most fully developed economic theory of communism now available and use that theory to answer the question did communism ever exist in the USSR and if so where why and for how long Their initial and controversial conclusion Soviet industry never established a communist class structure This conclusion then leads to the hypothesis that the USSR and private capitalism in the United States to discuss the future of private capitalism state capitalism and communism      **The End of the Democratic State**

Jean-Numa Ducange, Razmig Keucheyan, 2018-08-06 This edited volume takes a close look at Nicos Poulantzas's thought as a means of understanding the dynamics of the capitalist neoliberal state in the 21st century Nicos Poulantzas has left us with one of the most sophisticated theories of the state in the second half of the 20th century Poulantzas's influential theory draws inspiration from Marx Lenin Weber and Foucault among other thinkers conceiving of the relationship between capitalism and the state as particularly original This book aims to use Poulantzas's theory of the capitalist state in order to understand important political and economic trends that have taken place since Poulantzas's death in 1979 By entering into a dialogue with current Marxist and critical research in diverse fields such as political science philosophy sociology history and geography this volume purports to evaluate the actuality of Poulantzas's thought      **Socialism, Economic Calculation and Entrepreneurship**

Jesús Huerta de Soto, 2010-01-01 This highly topical book presents a new theory on the characteristics of entrepreneurial knowledge It explores the recent shift among professional economists and scholars in their evaluation of the debate of socialism Socialism Economic Calculation and Entrepreneurship presents an application of Israel M Kirzner's theory of entrepreneurship to the theory of the impossibility of socialism It discusses the influence of the fall of socialism with particular reference to the evolution of economic thought      **Bibliographic Guide to Business and Economics**

New York Public Library. Research Libraries, 1977      **The Political Economy of Rent-Seeking**

Charles Rowley, Robert D. Tollison, G. Tullock, 2013-04-17 It is now twenty years since the concept of rent seeking was first devised by Gordon Tullock though he was not responsible for coining the phrase itself His initial insight has burgeoned over two decades into a major research program which has had an impact not only on public choice but also on the related disciplines of economics political science and law and economics The reach of the insight has proved to be universal with relevance not just for the democracies but also and arguably more important for all forms of autocracy irrespective of ideological complexion It is not surprising therefore that this volume is the third edited publication dedicated specifically to scholarship into rent seeking behavior The theory of rent seeking bridges normative and positive analyses of state action In its normative dimension rent seeking scholarship has expanded

enlivened in some respects turned on its head the traditional welfare analyses of such features of modern economics as monopoly externalities public goods and trade protection devices In its positive dimension rent seeking contributions have provided an important analytical perspective from which to understand and to predict the behavior of politicians interest groups and bureaucrats the media and the academy within the political market place This bridge between normative and positive elements of analysis is invaluable in facilitating an understanding of and evaluating the costs of state activity within a consistent paradigm

**Fiscal Sociology and the Theory of Public Finance** Richard E. Wagner, 2007-01-01 Rejecting conventional approaches the author offers a view of public finance as one element of a broader scheme of social theorizing The book assumes a working knowledge of the standard conceptual framework within which the theory of public finance is commonly presented

**Divine Economy And Its Real World Economic Principles** Bruce Koerber, 2005-04 Divine Economy And Its Real World Economic Principles is a book that reorients economic thinking It is an intriguing and satisfying read for those interested in business ethics and economics or for those interested in philosophy or religion The Divine Economy Model c presented in Chapter Two will change your impression of economics Economics has been called the dismal science but the Divine Economy Model c will instead make you see economics as bright and hopeful Chapter One builds the case for the parallel emergence of humankind and the economy It introduces their spiritual foundations Chapter Two lays out the Divine Economy Model c which is an original and significant contribution to economic science Chapter Three demonstrates how real world economic principles are interconnected and how the Divine Economy Model c helps to show their symmetry and reciprocity Chapter Four identifies new directions in education and law that will serve to unbind the restraints which greatly retard prosperity The moral authority of the divine economy springs from human rights which are the mirror images of property rights The economic policies derived from the Divine Economy Model c are useful for inaugurating social change see [www.divineeconomyconsulting.com](http://www.divineeconomyconsulting.com)

**On the Political Economy of Market Socialism** James A. Yunker, 2018-05-08 This title was first published in 2001 Spanning a quarter of a century this collection makes conveniently accessible 14 of Yunker's thorough and highly illuminating contributions to the literature on market socialism

Political Economy, Public Policy and Monetary Economics Richard M. Ebeling, 2009-12-30 As a defender of free market liberalism and a leading opponent of socialism this volume places Ludwig von Mises' views on political economy public policy and monetary economics in the historical context of his time

*Legal Form and the End of Law* Cosmin Cercel, Gian-Giacomo Fusco, Przemyslaw Tacik, 2024-10-14 Following the 100th anniversary of Pashukanis' General Theory of Law and Marxism 1924 this volume aims to breathe new life into the main category of Pashukanian legacy the concept of legal form This book offers new deeper and more general ways in which the concept of legal form can be used to push forward Marxist post Marxist or hauntingly Marxist legal theory Accordingly this book does not pledge allegiance to reconstructing and reconsidering the official interpretative legacy of the legal form Instead it mobilises the revolutionary

conceptual potentialities that this term contains When investigated thoroughly and in many dimensions the legal form becomes a privileged vantage point not only into the greatest law related riddles of Marxism such as the relation between economy and the state or withering away of statal apparatuses but the whole of modernity as the epoch determined by if not overlapping with capitalism This book aims to think with the legal form rather than explain this concept In so doing it offers a panoply of theoretical perspectives that address legal subjectivity abstraction autonomy of the law and last but not least withering away of the law This contemporary interrogation of the relevance of the concept of legal form will be of considerable interest to scholars and students of legal and political theory      **Review of Austrian Economics, Volume 10**
