**The Wiley-Blackwell History of Jews and Judaism** Alan T. Levenson, 2012-03-12 The Wiley Blackwell History of Jews and Judaism presents a panoramic and comprehensive overview of the major aspects of Jewish life and culture from the biblical period through to contemporary times A collection of outstanding contributions from leading experts presents the latest scholarship on a range of questions relating to Jews Jewish history Judaism folk practices politics economic structure the relationship of Judaism to Christianity and the manifold participation of Jews in general culture through various times and geographical locales In addition the book explores Jewish historiography and the lives of ordinary people the achievements of Jewish women and the sustained interaction of Jews within the environments they inhabited In exploring the major periods and themes of Jewish history and the history of Judaism the volume features a wide

range of contemporary approaches that demonstrate the maturation of Jewish studies. Special attention is accorded to underrepresented eras including the early modern and post 1945 periods of Jewish history in all their major dimensions. More contentious scholarly issues such as the relationship of Ancient Israel and the Hebrew Bible or the nature of Zionism, diaspora and its implications for contemporary Israel feature multiple essays that reveal varied points of view. Lively and informative, this essential single volume reference reflects our current state of knowledge on the evolution of Jewish life and culture from its ancient origins to the modern age.

**Trends in European Defense Spending, 2001-2006** Wan-Jung Chao, Greg Sanders, Guy Ben-Ari, 2008. Since 2001 Europe finds itself increasingly involved in international military operations. NATO responded to the attacks of 9/11 by invoking for the first time in its history Article 5 of the Washington Treaty, the alliance's collective defense clause, and European military assets were deployed to the United States, the Mediterranean Sea, and Afghanistan. Deployable rapid response forces were created by NATO, the NATO Response Force, and by the European Union, the Battle Groups. The EU Security Strategy formulated in 2003 lists combating terrorism, countering the spread of weapons of mass destruction, dealing with failed and failing states, and responding to regional emergencies as scenarios that may require military intervention. National governments also increased their commitments to international security and stabilization efforts. They have deployed military forces to operations in the Democratic Republic of Congo, East Timor, Darfur, and Chad, as well as contributed troops to UN peacekeeping operations worldwide. And at home and overseas, European militaries are stepping up efforts to prepare for and respond to natural disasters and humanitarian crises. In light of this upsurge in military preparations and deployments, it is important to track trends in European defense spending. Doing so can help answer many critical questions: for example, have defense budgets in Europe grown or declined, and by how much? How have European defense budgets fared given changes in national economies? How much are European governments spending on defense procurement and research and development (R&D)? Ultimately, if government spending is an indicator of the priority given to policy areas, understanding trends in defense spending can shed light on whether Europe is indeed serious about improving its military capabilities. This report seeks to provide the data and analysis needed to answer these questions. It presents the defense spending trends of all European countries, including the 25 EU member states as well as Albania, Bosnia Herzegovina, Bulgaria, Croatia, Macedonia, Moldova, Norway, Serbia, and Montenegro, Romania, Switzerland, and Turkey. The data were gathered from various sources in an attempt to present broad European trends as well as in-depth analyses of specific countries.

**Goh Keng Swee: A Legacy Of Public Service** Emrys Myles Khean Aun Chew, Chong Guan Kwa, 2012-04-19. Dr Goh Keng Swee's extensive career as a public servant was dynamic as well as distinguished in many ways, decisively instrumental in the making of the Republic of Singapore. This distinctive collection of essays attempts an assessment of the long-term influence and significance of Dr Goh's major contributions. Envisaged as a companion volume to *Goh Keng Swee: A Public Career Remembered*, this volume brings together an exceptional team of Singaporean scholars.

whose interdisciplinary expertise and cross generational perspectives offer a balanced analysis and nuanced appraisal of Dr Goh's lifetime of public service. The book's contributors argue that Dr Goh's past endeavours bequeathed an enduring legacy meriting fresh examination and careful evaluation in order to appreciate the heroic scale of such achievement. Particularly instructive are the examples of Dr Goh's thinking: patriotism, fiscal prudence, strategic pragmatism and creative imagination at work, technocracy at its finest, which could be of immediate practical benefit to a wider nation of technocrats. Further illumination comes from the insights of those contributors who had worked with the former Deputy Prime Minister and knew him personally. For a half century that witnessed key turning points and phases of development in Singapore's transformation from colonial port city to independent global city, Dr Goh played a leading role in the crafting and conduct of public policy as with the creation of public institutions which made the difference between survival and success. The organization of this volume reflects both a thematic approach and a chronological arrangement of material, the focus and the order of chapters corresponding to the historical sequence of public offices that Dr Goh held: social welfare, political and constitutional evolution, development, economics and finance, the armed forces and defence industry, the education system from schools through higher education to the research institutes, Chinese studies from Confucianism to China watching and cultural development, with special emphasis on the creation of the Singapore Symphony Orchestra.

Goh Keng Swee, *A Legacy of Public Service*, will be read by present and future generations of public servants by Singaporeans in general and by all students and laypersons with an interest in the modern history of Singapore: social, economic, political, military and cultural, to which a characteristically simple and frugal Dr Goh contributed both decisively and unreservedly. Goh Keng Swee Emrys Chew, Chong Guan Kwa, 2012.

Defence procurement remains a relatively under researched area, mostly focusing on the USA. This revealing book looks at defence procurement from the point of view of smaller countries such as Israel, Australia, Poland and Spain.

**The Rise of Israel** Jonathan Adelman, 2008-03-25. The state of Israel is one of the most controversial countries in the world. Yet its unique creation and rise to power in 1948 has not been adequately explained either by its friends, mainstream Zionists, nor by its detractors, Arabists and post Zionists. Using a variety of comparative

methodologies from contrasting the Jewish state to other minorities in the Ottoman Turkish Empire to the rise of the four Tigers in Asia to newly independent countries and revolutionary socialist countries in Europe and Asia Jonathan Adelman examines how Israel has gained the strength to overcome great obstacles and become a serious regional power in the Middle East by 2007 Themes addressed include how the creation of Israel is strikingly different from that of most new states as undetermined by the major structural forces in the world in the twentieth century how voluntarist forces those of individual choice will and strategy played a major role in its creation and success in depth analysis of the creation of a revolutionary party government army and secret police as critical to the success of the socialist revolution 1881 1977 the enormity of the forces aligned against the state from major international and religious organizations representing billions of people international reluctance to helping Israel in crisis and internal Israeli and Jewish issues the tremendous impact of revolutionary socialist and semi capitalist nationalist factors in giving Israel the strength to survive and become a significant regional power over time Jonathan Adelman provides a fresh perspective to view one of the most controversial states in the world and avoids the highly charged ideological descriptions that often plague such discussions Understanding the rise of Israel a central state in the region helps to explain a great deal about the Middle East today **The Globalization of Israel**

Uri Ram, 2013-10-18 This book focuses on how globalization is impacting contemporary Israel It is a concise and originally argued introduction to Israel but the author Uri Ram is careful to frame his analysis in a broader discussion of Israeli history and broader social currents Focusing in particular on two defining and conflicting contemporary trends one toward advanced liberal democracy with a cosmopolitan edge and the other toward ethno religious traditionalism and rejection of the secularism associated with market driven globalization The cosmopolitan high tech driven city of Tel Aviv represents the former trend and Jerusalem a city increasingly dominated by orthodox Jews represents the latter Using Benjamin Barber's Jihad versus McWorld thesis to good effect Ram's book will stand as an ideal introduction to contemporary Israel and its place in the world Europeanisation and the Transformation of EU Security Policy Petros Violakis, 2018-05-15 The aim of this study is to examine the extent to which the end of the Cold War led to Europeanisation in the Common Security and Defence Policy CSDP The analysis takes into consideration previous studies on Europeanisation and its impact on the transformation of national security and defence and attempts to account for the development of Europeanisation and related mechanisms These mechanisms which have been described as framing mechanisms and negative integration incorporate all the major relevant factors identified here i.e. a common Strategic Culture new security identity domestic political decision making industrial base and defence spending decline that contributed to the realisation of the CSDP The relevance of these factors for CSDP Europeanisation is examined through an historical and empirical analysis and the relationship between the CSDP and North Atlantic Treaty Organization NATO is also explored This approach facilitates analysis of the debate concerning the emergence of the CSDP and throws light on the political shift that led European Union EU leaders to support

the CSDP Another aspect of this study is the empirical examination of the dynamics and limitations of the European defence sector The changes which took place in this sector facilitated the emergence of the CSDP and are therefore analysed in the light of globalisation issues economies of scale economic crises military autonomy new security strategy and Research and Development R D impact This book will be of interest to students of European security EU politics defence studies and International Relations

**Existential Threats and Civil-security Relations** Oren Barak, Gabriel Sheffer, 2009-01-01 At the onset of the twenty first century a substantial portion of politicians and citizens throughout the world believe and declare that their states are facing existential threats whether domestic external or both This perception is discerned in states categorized widely from not democratic and partially democratic states to small states and greater powers that are considered to be democratic such as the United States Britain and France The chapters in this book present and further develop the major theoretical approaches to existential threats structural cultural and rational The authors also conceptualize existential threats and distinguish them from other types of threats discussing some of the most important actors that promote the perception of an existential threat the

security sector especially the military and the other security agencies but also the media Existential Threats and Civil Security Relations provides fresh comparative perspectives on a number of relevant cases including small states that have faced or still face similar predicaments These include effective democracies such as the United States in its formative period and Switzerland formal democracies such as Israel and Finland authoritarian or partially free states that have transformed into formal democracies such as South Korea Taiwan South Africa and the East European and Baltic states after the Cold War and states that have remained partially free like Singapore and some formerly Soviet states

*Knowledge Creation, Diffusion, and Use in Innovation Networks and Knowledge Clusters* Elias G. Carayannis, David Campbell, 2006 In the 21st century intangible resources such as knowledge and social capital have become as necessary to the modern economy as coal diamonds and oil were to the past This shift from product focused to service focused economies necessitates a drastic re thinking of the ways in which we support the mission and business of economic development on a global regional and national scale In order to effect and sustain a positive change innovation and knowledge networks need to be connected to every aspect of life from the private and domestic to the corporate and the global This book integrates a wide variety of perspectives and treatises on mutually adaptive and complementary processes of knowledge generation diffusion and transfer within organizations and industry addressing both the what and how to questions of knowledge management in a conceptual as well as an applied manner It should be of strong interest to science and technology policy makers research and development managers business decision makers and students of innovation and knowledge dynamics alike

**Defending the Holy Land** Zeev Maoz, 2009-04-15 Defending the Holy Land is the most comprehensive analysis to date of Israel s national security and foreign policy from the inception of the State of Israel to the present Author Zeev Maoz s unique double perspective as both an expert on the Israeli security establishment and esteemed scholar of Mideast politics enables him to describe in harrowing detail the tragic recklessness and self made traps that pervade the history of Israeli security operations and foreign policy Most of the wars in which Israel was involved Maoz shows were entirely avoidable the result of deliberate Israeli aggression flawed decision making and misguided conflict management strategies None with the possible exception of the 1948 War of Independence were what Israelis call wars of necessity They were all wars of choice or worse folly Demonstrating that Israel s national security policy rested on the shaky pairing of a trigger happy approach to the use of force with a hesitant and reactive peace diplomacy Defending the Holy Land recounts in minute by minute detail how the ascendancy of Israel s security establishment over its foreign policy apparatus led to unnecessary wars and missed opportunities for peace A scathing and brilliant revisionist history Defending the Holy Land calls for sweeping reform of Israel s foreign policy and national security establishments This book will fundamentally transform the way readers think about Israel s troubled history Zeev Maoz is Professor of Political Science at the University of California Davis He is the former head of the Graduate School of Government and Policy and of the Jaffee Center for Strategic Studies at Tel Aviv University as
