*Les écrits de langue française en Louisiane au XIXe siècle* Edward Larocque Tinker, 1975      **Creole Echoes** M. Lynn Weiss, 2004 Creole poets have always eluded easy definition infusing European poetic forms with Louisiana themes and Native American and African influences to produce an impressive variety of highly accomplished verses The first major collection of its kind Creole Echoes contains over a hundred of these poems by more than thirty different poets presented by M Lynn Weiss in their original French alongside new English translations by Norman R Shapiro The poems gathered here were all composed in French by Louisiana residents of European African and Caribbean origin Their themes range from love and history to nightmare and childhood recollection In these pages somber elegies meet whimsical surprises and rhyming animal fables meet political panegyrics      **Louisiana Creole Literature** Catharine Savage Brosman, 2013-10-17 Louisiana Creole Literature is a broad ranging critical reading of belles lettres in both French and English connected to and generally produced by the distinctive Louisiana Creole peoples chiefly in the southeastern part of the state The book covers primarily the nineteenth and twentieth centuries the flourishing period during which the term Creole had broad and contested cultural reference in Louisiana The study consists in part of literary history and biography When available and appropriate each discussion arranged chronologically provides pertinent personal information on authors as well as publishing facts Readers will find also summaries and evaluation of key texts some virtually unknown others of difficult access Brosman illuminates the biographies and works of Kate Chopin Lafcadio Hearn George Washington Cable Grace King and Adolphe Duhaime among others In addition she challenges views that appear to be skewed regarding canon formation The book places emphasis on poetry and fiction reaching from early nineteenth century writing through the twentieth century to selected works by poets still writing in the early twenty first century A few plays are treated also especially by Victor Séjour Louisiana Creole Literature examines at length the writings of important Francophone figures and certain Anglophone novelists likewise receive extended treatment Since much of nineteenth century Louisiana literature was transnational the book considers Creole based works which appeared in Paris as well as those published locally      *Imagining the Creole City* Rien Fertel, 2014-11-17 In the early years of the nineteenth century the burgeoning cultural pride of white Creoles in New Orleans intersected with America's golden age of print to explosive effect Imagining the Creole City reveals the profusion of literary output histories and novels poetry and plays that white Creoles used to imagine themselves as a unified community of writers and readers Rien Fertel argues that Charles Gayarr's English language histories of Louisiana which emphasized the state's dual connection to America and to France provided the foundation of a white Creole print culture predicated on Louisiana's exceptionalism The writings of authors like Grace King Adrien Rouquette and Alfred Mercier consciously fostered an image of Louisiana as a particular social space and of themselves as the true inheritors of its history and culture In turn the forging of this white Creole identity created a close knit community of cosmopolitan Creole elites who reviewed each other's books

attended the same salons crusaded against the popular fiction of George Washington Cable and worked together to preserve the French language in local and state governmental institutions Together they reimagined the definition of Creole and used it as a marker of status and power By the end of this group s era of cultural prominence Creole exceptionalism had become a cornerstone in the myth of Louisiana in general and of New Orleans in particular In defining themselves the authors in the white Creole print community also fashioned a literary identity that resonates even today New Perspectives on Language Variety in the South Michael D. in towns such as New Orleans St Louis and Detroit survived the transition to American rule French traders from Mid America such as the Chouteaus and Robidoux of St Louis then became agents of change in the West perfecting a strategy of middle grounding by pursuing alliances within Indian and Mexican communities in advance of American settlement and re investing fur trade profits in land town sites banks and transportation The Bourgeois Frontier provides the missing French connection between the urban Midwest and western expansion *Le Catalogue raisonné du conte populaire français en Amérique du Nord (Canada et États-Unis)* Luc Lacoursière, Margaret Low, 2025-09-24T00:00:00-04:00 Avec la précieuse collaboration des ethnologues Bertrand Bergeron et Ren Bouchard fervents admirateurs de l'uvre de Luc Lacourci re Jean Pierre Pichette a men l'indispensable mise jour du manuscrit original des Contes d'animaux Ils livrent enfin l'édition posthume du premier tome du Catalogue raisonné du conte populaire français en Amérique du Nord le projet d'une vie de leur maître et ami
