## **Fall Of Carthage The Punic Wars 265 146 Bc:**

The Fall of Carthage Adrian Goldsworthy, 2012-08-30 The struggle between Rome and Carthage in the Punic Wars was arguably the greatest and most desperate conflict of antiquity The forces involved and the casualties suffered by both sides were far greater than in any wars fought before the modern era while the eventual outcome had far reaching consequences for the history of the Western World namely the ascendancy of Rome An epic of war and battle this is also the story of famous generals and leaders Hannibal Fabius Maximus Scipio Africanus and his grandson Scipio Aemilianus who would finally bring down the walls of Carthage *Rome and the Mediterranean 290 to 146 BC* Nathan Rosenstein, 2012-03-07 A compelling account of how Rome became supreme power in Europe and the Mediterranean world The book highlights the significance of Rome's success in the wars against Pyrrhus Carthage the Hellenistic kingdoms and in Spain that led to empire and it shows how the Republic's success in conquering an empire changed the conquerors It is unusual in focusing on a discrete vital period in Roman history rather than attempting to cover all of it or even just the Republic Poetics of the First Punic War Thomas Biggs, 2020-11-20 Poetics of the First Punic War investigates the literary afterlives of Rome's first conflict with Carthage From its original role in the Middle Republic as the narrative proving ground for epic's development out of verse historiography to its striking cultural reuse during the Augustan and Flavian periods the First Punic War 264 241 BCE holds an underappreciated place in the history of Latin literature Because of the serendipitous meeting of historical content and poetic form in the third century BCE a textualized First Punic War went on to shape the Latin language and its literary genres the practices and politics of remembering war popular visions of Rome as a cultural capital and numerous influential conceptions of Punic North Africa Poetics of the First Punic War combines innovative theoretical approaches with advances in the philological analysis of Latin literature to reassess the various texts of the First Punic War including those composed by Vergil Propertius Horace and Silius Italicus This book also contains sustained treatment of Naevius fragmentary Bellum Punicum Punic War and Livius Andronicus Odusia Odyssey some of the earliest works of Latin poetry As the tradition's primary Roman topic the First Punic War is forever bound to these poems which played a decisive role in transmitting an epic view of history **Roman Legionary vs Carthaginian Warrior** David Campbell, 2018-08-23 The peace that followed the First Punic War was shallow and fractious with the resumption of hostilities in 218 BC sparked by Carthaginian expansion in Iberia seeing Rome suffer some of the worst defeats in her entire history The Carthaginian army was a composite affair primarily made up of a number of levies from Africa and around the Mediterranean augmented by mercenaries and allies and these troops crushed the Roman heavy infantry maniples in a series of battles across Southern Europe Improvements made to their military however would see Roman revenge visited on Hannibal in full measure by Scipio who would beat him at his own game and bring Roman legions to the gates of Carthage itself In this study the epic battles at Lake Trasimene 217 BC Cannae 216 BC and Ilipa 206 BC are explored in detail supported by carefully chosen

**Navigating the Tension Between Sovereignty and Self-Determination in Postcolonial Africa** Philip C. Aka, 2024-01-16 This book addresses the unique challenges faced by Africa regarding peaceful self determination Unlike other regions Africa has seen limited success in nonviolent self determination campaigns Since 1989 only three African nations Namibia Eritrea and South Sudan have joined the UN after enduring prolonged and violent struggles for independence In a world characterized by constant change border alterations typically require armed conflicts in postcolonial Africa In response to this disconcerting trend the book offers pragmatic blueprints for achieving peace emphasizing constitutional approaches to navigate the delicate balance between sovereignty and self determination The work delves into the complexities of five self determination struggles spanning three African countries providing valuable insights into the challenges faced It distils six critical lessons from these case studies and presents fourteen blueprint proposals tailored to address the unique dynamics of postcolonial Africa where reconciling sovereignty and self determination remains a pressing concern

*The legiones Cannenses* Samuele Rocca, 2019-03-18 The first Professional army of the Roman Republic The Roman army during the Second Punic War a citizen army developed also in parallel a professional army the legiones cannenses or the Cannae s legions formed by the veterans of the battle of Cannae 216 BCE These units showed the same characteristics of the Late Republic and Imperial Roman army already one hundred years before the reforms of Marius But how and why a citizen s army became a professional force There are three main reasons that could explain the transformation of a citizen s army in a professional force the split of the legionaries from civic life consequence of the Senatus Consultum of 215 BCE which stripped the common soldiers of their civic rights the peculiar commitment and loyalty to each of the warlords that the legiones cannenses served namely Marcus Claudius Marcellus the conqueror of Syracuse Publius Cornelius Scipio Africanus who defeated Hannibal at the battle of Zama and last but not least Titus Quinctius Flamininus who beat the Macedonian phalanx at the battle of Cynoscephalae and the evolution and changing of the tactical composition of the legions from the manipular legion identical to the other contemporary units to units which emphasized the primary importance of the cohorts and the centuria as in the late Republican and early Imperial legions

Kwiyani,2025-08-29 For the past 500 years the idea of the mission of God has been synonymous with that of the expansion of the Western civilisation and its influence in the world Christianity being the religious foundation of the Western civilisation as it stands today has both justified and been used as an instrument for the domination of the world by Western imperial forces Mission methods have developed that use western supremacy and militarism as a justifiable means to convert the world and make disciples for Christ In *Decolonizing Mission* Harvey Kwiyani traces the history of Christian mission alongside the history of empire showing the influence that one had on the other Imagining what mission without imperialism would look like Kwiyani sheds light on the connection between colonialism and mission and invites us to realign our missional methods with God s Decentralized Coverage Control Problems For Mobile Robotic Sensor and Actuator Networks Andrey V. Savkin,Teddy M. Cheng,Zhiyu Xi,Faizan Javed,Alexey S. Matveev,Hung Nguyen,2015-07-31 This book introduces various coverage control problems for mobile sensor networks including barrier sweep and blanket Unlike many existing algorithms all of the robotic sensor and actuator motion algorithms developed in the book are fully decentralized or distributed computationally efficient easily implementable in engineering practice and based only on information on the closest neighbours of each mobile sensor and actuator and local information about the environment Moreover the mobile robotic sensors have no prior information about the environment in which they operation These various types of coverage problems have never been covered before by a single book in a systematic way Another topic of this book is the study of mobile robotic sensor and actuator networks Many modern engineering applications include the use of sensor and actuator networks to provide efficient and effective monitoring and control of industrial and environmental processes Such mobile sensor and actuator networks are able to achieve improved performance and efficient monitoring together with reduction in power consumption and production cost **The Oxford Handbook of Contemporary Middle Eastern and North African History** Jens Hanssen,Amal N.
