Fall Of The Prison Biblical Perspectives On Prison Abolition:

The Fall of the Prison Lee Griffith, 1999-01-25 Even as America's prison system is expanding at an unprecedented rate Lee Griffith makes a startling proposal in this book abolish prisons To make his case Griffith thoroughly examines prisons from the perspectives of sociology theology history and biblical exegesis Bolstered with extensive documentation as well as lively anecdotal evidence this compelling radical book is bound to stir up serious discussion

The Abolition Lectionary Hannah Bowman, Wesley Spears-Newsome, Guillermo Arboleda, 2025-07-23 The Biblical message of liberation to captives around the entire liturgical year What does the Bible say about prisons and justice The Abolition Lectionary is a devotional and preaching aid that presents the many resonances between Christian theology and prison abolition Following the three year cycle of the Revised Common Lectionary each essay addresses one text for each Sunday The variety of texts present a breadth of interpretive perspectives that show the connections between the biblical narrative of liberation and the modern day prison abolition movement The movement of the lectionary across the seasons of the church year grounds the promise of liberation in the everyday practices of Christian life The Abolition Lectionary grew out of a blog series of the same name on the website of Christians for the Abolition of Prisons that ran from 2020-2023 With contributors from many different Christian traditions it offers an ecumenical scriptural liturgical ethical radical and accessible entry point to learning about abolition For Christians interested in personal devotional reading or for preachers and clergy looking to bring urgent concerns about prisons policing and restorative and transformative justice into their lectionary preaching The Abolition Lectionary finds abolitionist perspectives across the scope of the biblical story

Abolitionist Voices David Scott, 2025-03-19 Why have so many radical thinkers advocated for the abolition of prisons and punishment And why have their ideas been so difficult to popularize or garner the political will for change This book outlines several different approaches to penal abolitionism and showcases their calls for the ending of legal coercion domination and repression This exciting and innovative edited collection shows how abolitionist ideas have continued topicality and relevance in the present day and how they can collectively help with devising new ways of thinking about social problems as well as suggesting alternatives to existing penal policies practices and institutions

God is Subversive Lee Griffith, 2011-04-12 To Lee Griffith being a peacemaker means much more than sporting PEACE T shirts or voting for left wing political candidates Peacemaking is for him a daily practice of community formation lifestyle decisions and prayer ordinary living that is faithful to the gospel and happily out of sync with most of the world most of the time and it is a vital part of following Jesus Christ In these challenging talks Griffith a veteran anti war activist who has been arrested many times for his pro peace demonstrations sets forth a solidly biblical argument for uncompromising nonviolence Along the way he describes encounters with dumpster divers and prostitutes with bag ladies and judges with people who hear voices and see ghosts and he shares how through these encounters and more he has come to know better the subversive God of the gospel

Beyond Retribution Christopher D. Marshall, 2001 Recently a growing number of Christians have actively promoted the concept of restorative justice and attempted to develop programs for dealing with crime based on restorative principles But is this approach truly consistent with the teaching of Scripture To date very little has been done to test this claim Beyond Retribution fills a gap by plumbing the New Testament on the topics of crime justice and punishment Christopher Marshall first explores the problems involved in applying ethical teachings from the New Testament to mainstream society He then surveys the extent to which the New Testament addresses criminal justice issues looking in particular at the concept of the justice of God in the teachings of Paul and Jesus He also examines the topic of punishment reviewing the debate in social thinking over the ethics and purpose of punishment including capital punishment and he advocates a new concept of restorative punishment The result of this engaging work is a biblically based challenge to imitate the way of Christ in dealing with both victims and offenders Publisher Justice That Transforms, Volume One Wayne Northey, 2020-01-09 Restorative Justice was a term and concept largely unused before the mid 1970s Wayne Northey happened to be in on the ground floor of facilitating its worldwide adoption as a challenge to Western retributive justice

systems ultimately to violent responses to conflict domestically and internationally The most replicated early model of Restorative Justice based on the well known Elmira Case was a Canadian first initially dubbed Victim Offender Reconciliation Project VORP The author became its second director in 1977 The term mediation later displaced the more religious word reconciliation as the model spread outside Christian moorings and program displaced the initially more tentative project At seminary Northey had learned to think through one's vocation theologically He began in that vein writing and publishing on this profound call for a systemic paradigm shift and has been at it ever since This publication is volume 1 of a series of his collected writings of which two additional volumes may be found online Two or three further volumes are projected

Religion Matters: Volume 2 P. T. Babie, Rick Sarre, 2024-07-19 This book constitutes the second volume of Religion Matters The Contemporary Relevance of Religion Springer 2020 Offering a fresh and much needed perspective it explores the role of religion in the modern neo liberal world The book acclaims that religion is a contextual and contested term which is extensively discussed in the Introduction Designed to be read selectively this book allows readers to delve into topics and traditions of specific interest without the necessity of reading the entire volume In contrast to volume 1 where contributors critically engaged with religion and various disciplines this book poses a fundamental question Can religion contribute to the discipline under consideration Authors were selected based on their ability to address this question Some chapters concluded that religion may offer very little to the discipline under consideration highlighting the value of volume 1's critical stance on the place of religion in contemporary society However the project's overall aim remained somewhat unfulfilled leading to the creation of this second volume The primary omission from the first book was a comprehensive exploration of the sciences and health sciences which this second volume aims to rectify Furthermore additional authors were chosen to investigate the nature of connectedness facilitated by religion horizontally through membership within wider communities societies cultures or religious traditions and vertically by examining historical relationships within a particular faith tradition culture community or society This volume also broadens its focus to include non Christian perspectives Indigenous perspectives and an increased representation of female contributors

Becoming Abolitionists Derecka Purnell, 2022-10-04 One of the New York Times 6 New Paperbacks to Read Now in paperback and with new material a 2021 Kirkus Best Book of the year in both Nonfiction and Current Events the book Naomi Klein called a triumph of political imagination and a tremendous gift to all movements struggling towards liberation For more than a century activists in the United States have tried to reform the police Millions of people continue to protest police violence because these solutions do not match the problem the police cannot be reformed In her critically acclaimed first book Becoming Abolitionists Purnell draws from her experiences as a lawyer writer and organizer initially skeptical about police abolition She saw too much sexual violence and buried too many friends to consider getting rid of police in her hometown of St Louis let alone the nation But the police were a placebo Calling them felt like something and something feels like everything when the other option seems like nothing Purnell details how

multi racial social movements rooted in rebellion risk taking and revolutionary love pushed her and a generation of activists toward abolition The book travels across geography and time and offers lessons that activists have learned from Ferguson to South Africa from Reconstruction to contemporary protests against police shootings Here Purnell invites readers to envision new systems that work to address the root causes of violence Becoming Abolitionists shows that abolition is not solely about getting rid of police but a commitment to create and support different answers to the problem of harm in society and most excitingly an opportunity to reduce and eliminate harm in the first place **An Inconvenient Truth** Ashley E.

Davis,2025-01-23 Crime made Christ s death a necessity A simple choice in lies and deceit a lapse in moral character a choice to commit a simple criminal act against the Creator paved the way for the cross Jesus knew from before the beginning of creation that his death would atone for the lies deceitfulness and sinful choices of mankind He knew and he still made a way for us to him This book discusses the personal element of crime in relation to Christian religious principles that made the cross necessary while emphasizing the need for personal responsibility in light of criminological behavior All Things

Reconciled Christopher D. Marshall,2018-06-12 The modern restorative justice movement perhaps one of the most important social movements of our time was born in a Christian home to Christian parents specifically to Christian peace workers striving to put their faith into action in the public arena The first major book on the subject was written primarily for a church audience and drew deeply on biblical themes and values But as restorative justice has moved into the mainstream of criminological thought and policy the significance of its originating spiritual impulse has been minimized or denied and subsequent theological scholarship has done little to probe the relevance of restorative perspectives for doctrine and discipleship In this collection of essays Christopher D Marshall a biblical scholar and restorative practitioner who has devoted his career to exploring the relationship between the two fields considers how peacemaking Christians can honor the witness and authority of Scripture including its apparently violence endorsing strands as they strive to join in God s great work in Christ of reconciling to himself all things whether on earth or in heaven by making peace through the blood of his cross Col 1 20 *And the Criminals with Him* Will D. Campbell,Richard C. Goode,2012-07-20 In 1972 Will Campbell

published an issue of the Committee of Southern Churchmen s journal Katallagete to shed light on the US prison system None could anticipate how the system would expand exponentially in the next four decades Today the US operates the world s largest prison system incarcerating nearly 1 in every 100 American adults How did this expansion happen What is the human toll of this retributive system How might ambassadors of reconciliation respond to such a punitive institution Replicating the firsthand nature of Will Campbell s original Katallagete collection twenty new essays pull back the veil on today s prison industrial complex The plea throughout this collection is not for some better more progressive institution to exact justice Rather the invitation is to hear from voices of experience how the system functions listen to what the institution does to those locked in its cells consider what an execution involves and most importantly contemplate the scandalous call to

be in reconciled community with those whom society discards and the system silences Our story is that there are neither good nor bad people neither felon nor free world We are all one **55 Facts That You Need to Know for an Effective Correctional Chaplaincy Ministry** Dr. Lorne K. Freake, 2012-05-31 Intuitive Insightful and Interesting are three adjectives that adequately describe this latest text by Dr Lorne K Freake He offers here another timely contribution to the ministry of correctional service chaplaincy This text is not only applicable to volunteers who minister inside the walls of correctional facilities It is also for those who minister outside the walls in the community in the continuum of pastoral care during reintegration The text is useful for all correctional chaplaincy ministry volunteers for beginners as well as those who are seasoned in ministry In this text Dr Freake balances theory and application Without a doubt this volume is an important and practical contribution to the field of corrections

Radical Discipleship Jennifer M. McBride, 2016-12-15 Reminiscent of Bonhoeffer's Discipleship Jennifer McBride's Radical Discipleship utilizes the liturgical seasons as a framework for engaging the social evils of mass incarceration capital punishment and homelessness arguing that to be faithful to the gospel Christians must become disciples of not simply believers in Jesus The book arises out of McBride's extensive experience teaching theology in a women's prison while participating in a residential Christian activist and worshipping community Arguing that disciples must take responsibility for the social evils that bar beloved community Martin Luther King's term for a just social order the promised kingdom of God McBride calls for a dual commitment to the works of mercy and the struggle for justice This work seeks to form readers into an understanding of the social and political character of the good news proclaimed in the Gospels Organically connecting liturgy with activism and theological reflection McBride argues that discipleship requires that privileged Christians place their bodies in spaces of social struggle and distress to reduce the distance between themselves and those who suffer injustice and stand in solidarity with those whom society deems guilty despises and rejects which makes discipleship radical as Christians take seriously the Jesus of the Gospels

Voices from American Prisons Kaia Stern, 2014-06-20 Voices From American Prisons Faith Education and Healing is a comprehensive and unique contribution to understanding the dynamics and nature of penal confinement In this book author Kaia Stern describes the history of punishment and prison education in the United States and proposes that specific religious and racial ideologies notions of sin evil and otherness continue to shape our relationship to crime and punishment through contemporary penal policy Inspired by people who have lived worked and studied in U S prisons Stern invites us to rethink the current punishment crisis in the United States Based on in depth interviews with people who were incarcerated as well as extensive conversations with students teachers corrections staff and prison administrators the book introduces the voices of those who have participated in the few remaining post secondary education programs that exist behind bars Drawing on individual narrative and various modern day case examples Stern focuses on dehumanization resistance and community transformation She demonstrates how prison education is essential can provide healing and yet is still not enough to

interrupt mass incarceration In short this book explores the possibility of transformation from a retributive punishment system to a system of justice The book s engaging human accounts and multidisciplinary perspective will appeal to criminologists sociologists historians theologians and scholars of education alike Voices from American Prisons will also capture general readers who are interested in learning about a timely and often silenced reality of contemporary modern society

Conversion and the Rehabilitation of the Penal System Andrew Skotnicki,2019-03-01 The Cincinnati Penal Congress of 1870 ushered in the era of progressive penology the use of statistical and social scientific methodologies commitment to psychiatric and therapeutic interventions and a new innovation the reformatory as the locus for the application of these initiatives The prisoner was now seen as a specimen to be analyzed treated and properly socialized into the triumphal current of American social and economic life The Progressive rehabilitative initiatives succumbed in the 1970s to withering criticism from the proponents of equally futile strategies for addressing the crime problem retribution deterrence and selective incapacitation The early Christian community developed a methodology for correcting human error that featured the unprecedented belief that a period of time spent in a given penitential locale with the aid and encouragement of the community was sufficient in and of itself to heal the alienation and self loathing caused by sin and to lead an individual to full reincorporation into the community The correctional practice was based upon the conviction that cooperative sociability or conversion is possible regardless of the specific offense without any need to inflict suffering or to use the act of punishment as a warning to potential offenders or to undertake programmatic interventions into the lives of the incarcerated for the purpose of rehabilitating them Andrew Skotnicki contends that the modern practice of criminal detention is a protracted exercise in needless violence predicated upon two foundational errors The first is an inability to see the imprisoned as human beings fully capable of responding to an affirmative accompaniment rather than maltreatment and invasive forms of therapy The second is a pervasive dualism that constructs a barrier between detainees and those empowered to supervise rehabilitate and punish them In this book Skotnicki argues that the criminal justice system can only be rehabilitated by eliminating punishment and policies based upon deterrence rehabilitation and the incapacitation of the urban poor and returning to the original justification for the practice of confinement conversion

Crimes of Punishment Theodore L. Dorpat,2007 This groundbreaking book by an award winning psychoanalyst and forensic psychiatrist presents a comprehensive exploration of a timely but often taboo topic the failure of punishment to deter crime and violence an issue that affects us both individually and as a culture Written at the culmination of the author s fifty year career as a psychoanalyst forensic psychologist and scholar this wide ranging work identifies the origins of violence and investigates the surprising consequences of punishment from a multitude of perspectives In his treatment of the topic Dr Dorpat utilizes scientific

Discourses on Violence and Punishment Krešimir Petkovic,2017-07-27 This book brings together various discourses concerned with violence and punishment paying special attention to the extreme variations of these phenomena

Starting from a narrow definition of violence as an infliction of physical harm paired with a broad discussion of its causes and a wide definition of punishment as an authority claim to retribution or reform the book maps and interprets political theoretical discourses on the death penalty historical explanations of the changes of violence and punishment and comparative differences in punishment It also puts violence and punishment into perspective with political power world religions literature and film and criminological theory The final chapter changes the perspective taken in the bulk of the book dealing with discourses of theodicy in the face of cases of extreme violence and suffering By juxtaposing many unusual discourses the book attempts to fulfill three primary functions First it skeptically probes numerous discourses explaining and legitimizing violence and punishment in the light of extreme cases The book is a map of violence and punishment Second it invites the reader to confront choose and combine these discourses when thinking about facts and norms of punishment The book provides an analytical toolbox for research of violence and punishment Third the book presents wider sense seeking strategies employed to deal with suffering such as irony redemption or rationalization

Guide Me into Your Truth Rolf

A. Jacobson, Jacqueline E. Lapsley, Kristin J. Wendland, 2023-11-20 In his forty plus years of work as a biblical scholar Dennis Thorald Olson has illumined the meaning of the Bible for his readers and hearers in diverse ways Among the topics he has taken up in his scholarship and teaching are the nature of leadership life in community the relation of science and theology Jewish Christian relations repentance and forgiveness and many many more In this essay collection a number of Dennis s students colleagues and friends respond to the profound values and seminal ideas at the heart of his work and take up the profound question of truth as it pertains to Scripture a question that Olson himself urged biblical scholars to consider in his inaugural address from over twenty years ago

You Shall Not Condemn Jennifer M. McBride, 2022-06-13

This book tells the story of Kelly Gissendaner the only woman on Georgia s death row until her execution in 2015 and highlights the role theological studies played in her faith and in advocacy efforts on her behalf Central to the book is the written correspondence between Kelly and German theologian Jurgen Moltmann known internationally as the theologian of hope After reading Moltmann s work in a course taught by McBride at the prison Kelly began a five year correspondence with him When Kelly was denied clemency a local and international advocacy movement arose that was rooted in her theological studies and friendship with him The advocacy campaign challenged Christians who supported the death penalty to re examine basic truths of Christian faith As it was unfolding the story of Kelly s transformation changed people s minds not only about her case but also about the death penalty itself Weaving together powerful storytelling and theological expertise McBride recounts that story again here with an aim toward abolition and offers practical ways that readers may enter the work
